Notes "A novel."

Summary "Maggie McCabe is teetering on the brink. A highly skilled and renowned Army combat surgeon, she has always lived life at the edge, where she could make the most impact. And it was all going to plan ... until it wasn't. Upside down after a devastating series of tragedies leads to her medical license being revoked, Maggie has lost her purpose, but not her nerve or her passion. At her lowest point, she is thrown a lifeline by a former colleague, an elite plastic surgeon whose anonymous clientele demand the best care money can buy, as well as absolute discretion. Halfway across the globe, sequestered in the lap of luxury and cutting-edge technology, one of the world's most mysterious men requires unconventional medical assistance. Desperate, and one of the few surgeons in the world skilled enough to take this job, Maggie enters his realm of unspeakable opulence and fulfills her end of the agreement. But when the patient suddenly disappears while still under her care, Maggie must become a fugitive herself"--

**Library Friends,
please use your
quiet voices!**

Of course I want to hear about your new puppy!

**I'm so glad
you loved
that book!
Let's find
another
one you
might like!**

**Yes, I agree
that Dogman
might be the
most
important
book in the
library!**

**Library Friends, hide and
seek is not a good game to
play in the library. Oops!
Neither is tag!**

**Thank you for showing
me around your Duplo
town! It is magnificent!**

**Will you let me help you
find three books to take
home and just read the
first chapter of each?
Then you can pick just one
of those to read. And if
you don't like any of
those, I'll help you pick
out three different books
next time. I promise to
keep trying until you find
something you like. We
can do this together.**

**It's not okay to leave your
children unattended in the
library.**

**Please use your
walking feet!**

Library Friends, we don't throw the stuffed animals!

**Yes, I have some ideas
for you about helping
your child love reading...**
