Total Project Cost: \$35,000

Project # WWCO2307

Project Name Lift Station 6 I/I Repairs

Description

The high water table in the vicinity of lift station 6 provides easy access into the collection system via any cracks, suspect connections or suspect service lines. This provides unnecessary inflow into the collection system and also causes the pump to run more than necessary. Sanitary sewer near Lift station 6 needs major repairs.

Justification

Improving the connections in the area will significantly reduce if not eliminate the extra water flow into the collection system.
