

## **REQUEST FOR COUNCIL ACTION**

**AGENDA DATE:** August 22, 2022

**AGENDA ITEM:** Consider adopting a resolution entering into a Master Partnership Contract between the State of Minnesota and the City of Grand Rapids.

**PREPARED BY:** Matt Wegwerth

---

### **BACKGROUND:**

Master Partnership Contracts are umbrella contracts which allow local agencies and MnDOT to exchange goods and services. The Master itself allows MnDOT, upon request of the local agency, to deliver small, routine services to local agencies. These services are listed in Exhibit A of the Contract. Any other type of service needs a stand-alone written work order agreeing to costs and terms of service. The local agency is always in control of requesting work. MnDOT will not perform services without a written request from the local agency. The contract is attached and will be in effect for five years.

### **REQUESTED COUNCIL ACTION:**

Consider adopting a resolution entering into a Master Partnership Contract between the State of Minnesota and the City of Grand Rapids.
