Agenda: Consent

Discussion:

In order to continue funding for the maintenance of improvements in the City's landscaping and lighting districts and benefit assessment districts, an annual assessment must be levied and placed on the County of Nevada Tax Roll. The proceeds of the annual landscaping and lighting district assessments pay for maintenance of landscaping and associated structures, landscape related utilities, city administration costs and street lighting costs within the boundaries of the district. The proceeds of the annual benefit assessment districts pay for storm drain maintenance and city administration cost within the boundaries of the district.

Directing the City Engineer to prepare the annual reports is the first step in the process of placing the assessments on the tax rolls.

Council Goals/Objectives: The Landscape & Lighting Districts (LLD) and Benefit Assessment Districts (A.D.) annual assessments supports the Strategic Plan - City Infrastructure Investment by covering costs for community-specific structures and services.

Fiscal Impact: To be determined once the reports are completed.
