Discussion:

In order to continue funding for the maintenance of improvements in the City's landscaping and lighting districts and benefit assessment districts, an annual assessment must be levied and placed on the County of Nevada Tax Roll. The proceeds of the annual landscaping and lighting district assessments pay for maintenance of landscaping and associated structures, landscape related utilities, city administration costs and street lighting costs within the boundaries of the district. The proceeds of the annual benefit assessment districts pay for storm drain maintenance, retaining wall maintenance and city administration costs within the boundaries of the district.

The Engineer's reports and assessment spreads are complete and will be filed within the time required prior to the public hearing scheduled for June 27, 2023.

Council Goals/Objectives: The Landscape & Lighting Districts (LLD) and Benefit Assessment Districts (A.D.) annual assessments supports the Strategic Plan - City Infrastructure Investment by covering costs for community-specific structures and services.

Fiscal Impact: The proposed fiscal year 2023-24 assessments for the City's Landscape and Lighting Districts and Benefit Assessment Districts total \$81,985 as compared to \$78,307 for Fiscal Year 2022-23, an increase of \$3,678. This is due to CPI increases for some Districts while other Districts will be leaving amounts the same as the prior year.
