Agenda: Consent

Background Information: California State Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017, was passed by the Legislature and signed into law by the Governor in April 2017 in order to address significant transportation infrastructure funding shortfalls statewide. SB 1 includes accountability and transparency provisions that will ensure the residents of the City of Grass Valley are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year. SB 1 requires the City of Grass Valley to provide a specific list of projects proposed to receive funding from RMRA funding, including a description and location of each proposed project.

Overall, the City of Grass Valley is scheduled to receive an estimated \$348,500 in RMRA funding in Fiscal Year 2024/25. Staff recommends that the FY 2024/25 budget and specifically the South Auburn Street Renovation Project budget, include the full \$348,500 in RMRA funds. The project was previously proposed in FY 2023/24, partially funded with 23/24 RMRA funds and will be supplemented with the added RMRA apportionments in the upcoming fiscal year in order to fully fund the project.

The South Auburn Street Renovation Project proposes rehabilitation of the street infrastructure, with construction of Complete Streets components including improved sidewalks, curb ramps and bicycling facilities on South Auburn Street between Neal Street and Main Street. Staff requests that Council adopt the attached Resolution specifying the list of RMRA funded projects in the CIP Budget.

Council Goals/Objectives: Utilization of RMRA funding executes portions of work tasks towards achieving/maintaining Strategic Plan - Community Safety and City Infrastructure Investment.

Fiscal Impact: The City of Grass Valley will receive an estimated \$348,500 in 24/25 RMRA funding which will supplement local Measure E funds to fully fund the project.
