PART D METHOD OF APPORTIONING

Ridge Meadows

General Benefit

The drainage facilities in Ridge Meadows and the maintenance, operation, and servicing of those facilities are of entirely local and special benefit to the parcels in Ridge Meadows, and no general benefits are provided by them.

Apportionment of Special Benefits

The initial assessment spread created a yearly assessment per dwelling unit of \$104.80. It is the intent that each dwelling unit of the project shares equally in all expenses.

The 2023/2024 assessment was \$700.04. Applying the inflation adjustment based on the cumulative increase to the initial assessment, the maximum allowable assessment for 2024/2025 is \$2,187.67. The actual total assessment will remain unchanged at \$700.04. Based on the total build-out number of parcels and the total assessment needed, the FY 2024/2025 levy will remain at \$18.92 per dwelling unit.

The assessment formula is:

Assessment Per Parcel = Round (Total Assessment / # of Parcels)
