

Prepared by:	Amy Wolfson, City Planner
DATA SUMMARY	
Application Number: Subject:	23PLN-28 Development Review and Variance Request for the Sierra Guest Home Expansion for a total of 27 rooms, including two full apartment units, for Supportive Housing use consistent with state requirements. The Variance request is for encroachment of a rear addition into the 20-foot rear setback and exceeding the 50% lot coverage limit
Location/APNs: Applicant: Representative: Zoning/General Plan: Entitlement: Environmental Status:	131 Glenwood Avenue/035-270-035 Foothill House of Hospitality Nancy Baglietto Single-Family Residential (R-1)/Urban Low Density (ULD) Development Review Permit, Variance Categorical Exemption

RECOMMENDATION:

- 1. That the Development Review Committee recommend that the Planning Commission approve the Development Review and Variance applications for the expansion of the Sierra Guest Home at 131 Glenwood Avenue as presented, or as modified by the Development Review Committee, which includes the following actions:
 - a. Determine the project Categorically Exempt pursuant to Section 15305, Class
 1, of the California Environmental Quality Act (CEQA) and Guidelines, as detailed in the staff report;
 - b. Adopt Findings of Fact for approval of the Development Review Permit as presented in the Staff Report; and,
 - c. Approve the Development Review Permit for the expansion of the Sierra Guest Home in accordance with the Conditions of Approval, attached to the Staff Report.
 - d. Approve the Variance request for encroachment of a rear addition into the 20foot rear setback, and exceeding the 50% lot coverage limit

BACKGROUND:

The existing residence is 5,274 square feet and was constructed in 1957 according to Assessor records. The building has operated as a Senior Care Facility, licensed by the State since April 1989. The Foothill House of Hospitality purchased the facility in 2021 and has operated it as a supportive housing facility as defined by the state in Government Code Section 65582, serving the target population as defined in that same section.

PROJECT PROPOSAL:

Project description: This Development Review Permit application is for an expansion of the facility from 17 to 27-bedroom units and to 9,578 sq ft. Two of the units will be studio apartments, replacing two existing apartment units that are proposed for demolition. The proposed apartment units will be used to house tenants seeking more independent living situations such as an on-site manager or recuperative care tenants. Along with the expansion, the building will be remodeled which will include abatement of lead and asbestos within the existing structure. New exterior finishes include painted horizontal lap siding, shake shingles, and new asphalt shingle roofing.

Supportive Housing Use: Pursuant to Table 2-7 of the Grass Valley Municipal Code, Supportive Housing is a permitted use in the single-residential (R-1) zoning district. Government Code Section 65583(a)(5) states that "Transitional housing and supportive housing shall be considered a residential use of property and shall be subject only to those restrictions that apply to other residential dwellings of the same type in the same zone." There are no restrictions in the current development code that would disallow the proposed development as a single-family residence except with respect to the requested Variance (discussed below) and with respect to the second studio apartment (one studio could be considered an allowed Accessory Dwelling Unit (ADU). However, the combined square footage of the two studios could qualify under the city's size restrictions for an ADU. The applicant has indicated in the project description that these would be converted to a single unit and one of the kitchenettes removed upon conversion of the facility to a use other than supportive housing. Because the use of the apartments to serve tenants with more independent needs is a use that is integral to the services needed to meet the goals of the supportive housing facility, staff is suggesting that the planning commission make a finding to support the second apartment unit based on its use to serve the supportive housing use and the commitment by the applicant to remove one at such time the facility is no longer used for supportive housing. It should also be noted that the applicant is proposing to remove a detached two-apartment structure as part of this application, but staff has been unable to substantiate whether they were constructed legally.

Variance: Pursuant to section 17.72.070, the purpose of a Variance process is to consider requests to waive or modify standards in the development code due to special circumstances applicable to the property. In this case, the applicant is intending to avoid a second story addition, which they could provide in compliance with the existing setback and lot coverage standards. However, the construction of a second story would compromise an existing oak tree on the neighboring property, that hangs over the subject building. Additionally, neighboring property owners have expressed a preference for the one-story addition due to concerns that a two-story addition would not fit as well with the character of the neighborhood.

The rear setback for R-1 designated properties is 20% of the lot depth, up to a maximum of 20-feet. The 150-foot lot depth of this property sets the rear setback at 20-feet. The rear addition is proposed to be as close as 6 feet, 7 inches from the rear property line. The site coverage limit for R-1 is 50% and includes all the impervious surfaces on a lot. The proposed development will have impervious coverage up to 67% of the site. Again, both the coverage limits and the setbacks standards could be met with a second-story, as opposed to the proposed single-story addition. The applicant is requesting that the commission consider the health of the tree that would be compromised with a second-story proposal, as a special circumstance that deprives the property owners the ability to build out in compliance with setback and lot coverage standards.

GENERAL PLAN AND ZONING:

General Plan: The Urban Low Density (ULD) General Plan designation includes a density range of 1 to 4 dwelling units per acre. ULD is intended primarily for single family detached houses, although higher density single family patio homes or Town houses could be accommodated, if offset with sufficient open space to maintain the gross density within the indicated range. ULD is most compatible with the following Zoning districts: Single Family Residential (R-1) and Two-Family Residence (R-2) districts.

Zoning: The Single-Residential Zone (R-1). The R-1 zone is applied to areas of the city that are appropriate for neighborhoods of single dwellings on standard urban lots, surrounding the more densely developed city core. The r-1 zone is consistent with and implements the urban low density (ULD) designation of the general plan.

SITE DESCRIPTION AND ENVIRONMENTAL SETTING:

The subject site is located within a single-family neighborhood on Glenwood Avenue, primarily consisting of one-story homes. Many of the homes were constructed in the late 1930s/ early 19040s, prior to 1962 building code requirements and land use development standards. Several neighboring homes encroach into setbacks applicable under the current development code. The site drains from south to north and has an approximate slope of 7%. There are no waterbodies or streams located on the property.

ENVIRONMENTAL DETERMINATION:

Use of the site for supportive housing is permissible under the Grass Valley Municipal Code and considered a ministerial project and therefore not subject to the California Environmental Quality Act (CEQA). The Variance request qualifies for a Categorical Exemption pursuant to Section 15305, Class 5, of the California Environmental Quality Act (CEQA) and Guidelines. A Class 5 Categorical Exemption consists of minor alterations to land use limitations where the site has an average slope not exceeding 20% and there is no change in land use density "including set back variances not resulting in the creation of any new parcel."

FINDINGS:

1. The City received a complete application for Development Review Application 23PLN-28.

- 2. The Grass Valley Development Review Committee reviewed Development Review Application 23PLN-28 at their regular meeting on November 14, 2023.
- 3. The Development Review Committee reviewed the project in compliance with the California Environmental Quality Act and concluded that the project qualifies for a Class 5, Categorical Exemption in accordance with the California Environmental Quality Act and CEQA Guidelines.
- 4. The project is consistent with the applicable sections and development standards in the Development Code.
- 5. The proposed use is allowed within the applicable zone and complies with all other applicable provisions of this Development Code and the Municipal Code.
- 6. The two proposed studio apartments may be permitted as an integral part of the supportive housing facility for which the applicant has committed to converting to a single ADU with removal of one kitchenette upon any conversion of the use to anything other than a supportive housing use.
- 7. The proposed project is consistent with the general plan and any applicable specific plan
- 8. The proposed project is allowed within the applicable zone and complies with all other applicable provisions of this development code and the Municipal Code; and
- 9. The design, location, size, and characteristics of the proposed project are in compliance with any project-specific design standards in effect and any standards and guidelines for development review permits which may be established from time to time by the council.
- 10. There are special circumstances applicable to the property, including location, shape, size, surroundings, and topography, such as the tree which prevents second story expansion, so that the strict application of this development code deprives the property of privileges enjoyed by other properties in the vicinity and within the same zone
- 11. The approval of the variance includes conditions of approval as necessary to ensure that the adjustment granted does not constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity and within the same zone; and
- 12. The granting of the application will not authorize an activity or use which is not otherwise expressly authorized by the zone governing the parcel of property for which the application is made.

RECOMMENDED CONDITIONS:

 The approval date for planning commission review is <TBD> with an effective date of Thursday, <TBD>, pursuant to Section 17.74.020 GVMC. This project is approved for a period of one year and shall expire on <TBD> unless the project has been effectuated or the applicant requests a time extension that is approved by the Development Review Committee pursuant to the Development Code.

- 2. The final design shall be consistent with the Development Review application and plans provided by the applicant and approved by the planning commission (23PLN-28). The project is approved subject to plans on file with the Community Development Department. The Community Development Director may approve minor changes as determined appropriate.
- 3. All commitments made by the applicant as part of the presented project shall be upheld by future/successor heirs/owners.
- 4. Prior to any work occurring, building permits shall be obtained from the Community Development Department, Building Division.
- 5. Prior to issuance of building or grading permits, the applicant shall conduct a "Water Demand Analysis" as required by the Nevada Irrigation District (NID) to evaluate the existing ³/₄-inch domestic meter is adequate for the demand of the project. An NID will-serve letter shall be provided to the City Planner.
- 6. The project shall be designed in accordance with the requirements of all applicable codes, standards, and local ordinances, including but not limited to; 2022 CFC, NFPA 13-22 (standard for the installation, testing, and maintenance of fire sprinkler systems), and NFPA 72-22 (standard for the installation, testing, and maintenance of fire alarm systems).
- 7. The applicant agrees to defend, indemnify, and hold harmless the City of Grass Valley in any action or proceeding brought against the City of Grass Valley to void or annul this discretionary land use approval.

Below is the Universal Planning Application form and instructions for submitting a complete planning application. In addition to the Universal Planning Application form, a project specific checklist shall be submitted. All forms and submittal requirements must be completely filled out and submitted with any necessary supporting information.

Upon receipt of the <u>completed forms, site plan/maps, and filing fees</u>, the Community Development Department will determine the completeness of the application. This review will be completed as soon as possible, but within thirty (30) days of the submittal of the application. If the application is determined to be complete, the City will begin environmental review, circulate the project for review by agencies and staff, and then schedule the application for a hearing before the Planning Commission.

If sufficient information <u>has not</u> been submitted to adequately process your application, you will receive a notice that your application is incomplete along with instructions on how to complete the application. Once the City receives the additional information or revised application, the thirty (30) day review period will begin again.

Since the information contained in your application is used to evaluate the project and in the preparation of the staff report, it is important that you provide complete and accurate information. Please review and respond to each question. If a response is not applicable, N/A should be used in the space provided. Failure to provide adequate information could delay the processing of your application.

Additional information may be obtained at <u>www.cityofgrassvalley.com</u> regarding the 2020 General Plan and Zoning. You may also contact the Community Development Department for assistance.

ADVISORY RE: FISH AND GAME FEE REQUIREMENT

Permit applicants are advised that pursuant to Section 711.4 of the Fish and Game Code a fee of **\$3,539.25** for an Environmental Impact Report and **\$2,548.00** for a Negative Declaration* shall be paid to the County Recorder at the time of recording the Notice of Determination for this project. This fee is required for Notices of Determination recorded after January 1, 1991. A Notice of Determination cannot be filed and any approval of the project shall not be operative, vested, or final until the required fee is paid. This shall mean that building, public works and other development permits cannot be approved until this fee is paid. These fees are accurate at the time of printing, but **increase the subsequent January 1st** of each year.

This fee is <u>not</u> a Grass Valley fee; it is required to be collected by the County pursuant to State law for transmission to the Department of Fish and Game. This fee was enacted by the State Legislature in September 1990, to be effective January 1, 1991.

*If the City finds that the project will not have an impact on wildlife resources, through a De Minimus Impact Finding, the City will issue certificate of fee exemption. Therefore, this fee will not be required to be paid at the time an applicant files the Notice of Determination with the County Recorder. The County's posting and filing fees will still be required.

1. Project Information

- a. Project NameSierra Guest Home Expansion
- b. Project Address 131 Glenwood Ave, Grass Valley, CA 95945
- c. Assessor's Parcel No(s)035-270-035 (include APN page(s))
- d. Lot Size.20 Acres
- 2. **Project Description**Project consists of demolition of two existing out buildings on site, as well as a previous (existing) addition to the main building at the back of the lot. Demolition will also include abatement of lead and asbestos within the existing structure. New finishes will be added to the exterior of the building, consisting of painted horizontal lap siding, shake shingles, and new asphalt shingle roofing. A new addition to the rear and west of the building will include 10 dorm-style bedrooms with two shared bathrooms and shower rooms, as well as two studio apartments.

3. General Plan Land Use: ULD GVCity

4. Zoning District: R-1 GVCity

4. Cortese List: Is the proposed property located on a site which is included on the Hazardous Waste and Substances List (Cortese List)? Y ____ N x___

The Cortese List is available for review at the Community Development Department counter. If the property is on the List, please contact the Planning Division to determine appropriate notification procedures prior to submitting your application for processing (Government Code Section 65962.5).

- 5. Indemnification: The City has determined that City, its employees, agents and officials should, to the fullest extent permitted by law, be fully protected from any loss, injury, damage, claim, lawsuit, expense, attorney's fees, litigation expenses, court costs or any other costs arising out of or in any way related to the issuance of this permit, or the activities conducted pursuant to this permit. Accordingly, to the fullest extent permitted by law, the applicant shall defend, indemnify and hold harmless City, its employees, agents and officials, from and against any liability, claims, suits, actions, arbitration proceedings, regulatory proceedings, losses, expenses or costs of any kind, whether actual, alleged or threatened, including, but not limited to, actual attorney's fees, litigation expenses and court costs of any kind without restriction or limitation, incurred in relation to, as a consequence of, arising out of or in any way attributable to, actually, allegedly or impliedly, in whole or in part, the issuance of this permit, or the activities conducted pursuant to this permit. Applicant shall pay such obligations as they are incurred by City, its employees, agents and officials, and in the event of any claim or lawsuit, shall submit a deposit in such amount as the City reasonably determines necessary to protect the City from exposure to fees, costs or liability with respect to such claim or lawsuit.
- **6. Appeal:** Permits shall not be issued until such time as the appeal period has lapsed. A determination or final action shall become effective on the 16th day following the date by the appropriate review authority, where no appeal of the review authority's action has been filed in compliance with Chapter 17.91 of the City's Development Code.

The 15-day period (also known as the "appeal" period in compliance with Chapter 17.91) begins the first full day after the date of decision that the City Hall is open for business, and extends to the close of business (5:00 p.m.) on the 15th day, or the very next day that the City Hall is open for business.

I hereby certify, to the best of my knowledge, that the above statements are correct.

SUPPLEMENTAL APPLICATION INFORMATION

This document will provide necessary information about the proposed project. It will also be used to evaluate potential environmental impacts created by the project. Please be as accurate and complete as possible in answering the questions. Further environmental information could be required from the applicant to evaluate the project.

PLEASE PRINT CLEARLY OR TYPE USE A SEPARATE SHEET, IF NECESSARY, TO EXPLAIN THE FOLLOWING:

- I. Provide a written response for the variance request and provide a written justification statement to support findings listed in Section 17.72.070 F of the Development Code, including the following:
 - A. There are special circumstances applicable to the property, including location, shape, size, surroundings, and topography, so that the strict application of this Development Code deprives the property of privileges enjoyed by other property in the vicinity and within the same zone;
 - B. The approval of the Variance or Minor Variance includes conditions of approval as necessary to ensure that the adjustment granted does not constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity and within the same zone; and,
 - C. The granting of the application will not authorize an activity or use which is not otherwise expressly authorized by the zone governing the parcel of property for which the application is made.
- II. <u>Project Characteristics:</u>
 - A. Describe all existing buildings and uses of the property: Main building consists of 17 dorm style bedrooms main building at the back of the lot. Demolition will also include abatement of lead and asbestos within the existing structure. New finishes will be added to the exterior of the building, consisting of painted horizontal lap siding, shake shingles, and new asphalt shingle roofing. A new addition to the rear and west of the building will include 10 dorm-style bedrooms with two shared bathrooms and shower rooms, as well as two studio apartments.
 - B. Describe surrounding land uses:

North: Private Road (Single family residence across street)

South: Undeveloped land

East: Single family residence

West: Single family residence

SITE PLAN REQUIREMENTS

A site plan is a scale drawing that depicts a property's size and shape, existing improvements on the property, and improvements or additions which are intended to be added. The site plan should be as complete and accurate as possible since it will be used by several City departments to check various requirements of the development application. Please place a check or N/A on the line provided in the below checklist. Submit this page along with the map and application packet.

A. Application Checklist:

- One completed copy of Universal Application form.
 - One completed copy of the Environmental Review Checklist (if applicable).
- Preliminary Title Report dated no later than 6 months prior to the application filing date.
- The appropriate non-refundable filing fee.

B. Site Plan Submittal:

- Site Plan size one 8-1/2" x 11", 15 larger folded copies (folded to 9" x 12") with one 8.5 x 11" reduced copy and e-mail electronic .pdf file.
- Graphic scale and north arrow.
- Vicinity map (showing property location to major roads or major landmarks).
- Show location and dimensions of existing and proposed structures and walls.
- (Identify existing as a solid line and proposed as a dashed line).
- Label the use of all existing and proposed structures or area.
- Show the distance between structures and to the property lines.
- Show site access, location and dimensions of adjacent street right-of-way, property lines, building setback lines, sidewalks and easements.
- Show off-street parking facilities, including parking area and layout, loading areas trash storage areas, dimensions and numbers of individual parking spaces (including handicapped spaces) and aisles.

Nancy S. Baglietto, MSW Executive Director Amy Wolfson City Planner City of Grass Valley Development Review Committee 125 East Main Street Grass Valley, CA 95945

Dear Ms. Wolfson:

I am writing this letter in reference to Hospitality House's application number: 23PLN-28 for the Development Review and Variance Request for the Sierra Guest Home Expansion located at 131 Glenwood Avenue.

As we have discussed, Hospitality House seeks to increase the building for a total of 27 rooms, including two full apartment units. All of the units are part of a permanent supportive housing project that is consistent with state requirements as defined by Government Code Section 65582. Through the expansion of the Sierra Guest Home, Hospitality House will be able to continue serving this same target population as defined in that same section, albeit in greater numbers to help meet the growing number of people needing housing.

Ensuring that two of the additional units are complete Accessory Dwelling Units (ADUs) with a separate kitchen is integral to Hospitality House's supportive housing use. Both units will be used for residents needing independent living space which may include for psychosocial reasons or because of physical limitations, or both. Hospitality House understands that if the Sierra Guest Home ceases to operate as a permanent supportive housing program, one of the ADUs would have to have the kitchen removed. This said, permanent supportive housing is core to Hospitality House's mission.

If I can provide any additional information, please do not hesitate to contact me. I would be pleased to assist in any way that I can.

Sincerely, Nancy S. Baglietto Executive Director/CEC

WALLIS DESIGN STUDIO ARCHITECTS

Listening. From design to completion.

SIERRA GUEST HOME – VARIANCE JUSTIFICATION

Dear Amy Wolfson,

We are requesting a variance for the property of 131 Glenwood Ave. This variance will pertain to both the rear yard setback, as well as the imperious surface calculations at the site.

The request for the exception of the rear yard setback is due to a large oak tree that sits on the property line to the West of the current building on site. The oak tree will not allow for a two-story building to be located underneath it without its removal. In order to avoid its removal, we have proposed a one-story option that allows the same number of units to be included in the proposed addition. We would like to avoid removal of the tree due to its large size. There is concern that removing the tree will cause the roots to rot and cause damage to the neighboring property and significantly impact the neighbor's pool.

Our proposed impervious coverage is 67%, while the limit is 50%. This requested increase is to allow for an accessible path to be added that connects to the rear of the building. These ADA paths are an egress requirement to ensure safety for residence who are served by this addition to the supportive housing facility. We are using pervious materials (decking, pervious pavers) where we can in order to reduce our impervious surface coverage as much as possible. The requested increase in the impervious coverage limit could be avoided by expanding vertically, as opposed to the one-story proposed design to avoid removal of the tree mentioned above.

Sincerely,

Robert Wallis

EXISTING WALL LOCATION TO REMAIN

EXISTING WALL LOCATION TO BE REMOVED

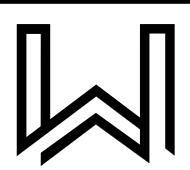

<u>GENERAL NOTES</u>

- A. THE CONTRACTOR SHALL OBTAIN A DEMOLITION PERMIT AND ANY OTHER REQUIRED APPROVALS PRIOR TO THE EXECUTION OF ANY DEMOLITION. THE CONTRACTOR SHALL FURNISH ALL LABOR AND MATERIALS REQUIRED TO COMPLETE THE DEMOLITION, RECYCLING, STORAGE AND PROTECTION OF ALL ITEMS WITHIN THE PROJECT AREA.
- B. DEMOLITION WORK SHALL COMPLY WITH LOCAL ORDINANCES AND SAFETY CODES OF STATE OF CALIFORNIA AND RULES AND REGULATIONS OF INDUSTRIAL ACCIDENT COMMISSION OF STATE OF CALIFORNIA APPLICABLE TO DEMOLITION WORK.
- C. THE CONTRACTOR SHALL COORDINATE DEMOLITION WITH THE OWNER AND SHALL MEET THE RULES AND REGULATIONS SET FORTH BY THE OWNER AND AGENCIES HAVING JURISDICTION.
- D. CONTRACTOR IS ADVISED THAT THERE MAY BE UNDERGROUND OR OTHERWISE CONCEALED PIPE LINES, ELECTRICAL/TELEPHONE WIRES, COLUMNS, BEAMS, FOOTINGS OR OTHER STRUCTURAL, MECHANICAL OR ELECTRICAL ITEMS. ALTHOUGH THE DRAWINGS PRODUCED BY THE ARCHITECT AND HIS CONSULTANTS ARE BELIEVED TO BE SUBSTANTIALLY CORRECT, THE ARCHITECT AND OWNER DO NOT GUARANTEE THE LOCATION OR EXISTENCE OR CONDITION OF ANY CONCEALED ITEMS. CONTRACTORS MUST PROCEED WITH CAUTION DURING DEMOLITION AND CONSTRUCTION AND MUST MAKE THEIR OWN DETERMINATION, MEASUREMENTS, AND EVALUATION OF THE WORKING CONDITION OF EXISTING CONCEALED ITEMS.
- E. IF ANY HAZARDOUS MATERIALS ARE ENCOUNTERED DURING DEMOLITION, CONTRACTOR SHALL NOTIFY OWNER IN WRITING IMMEDIATELY. CONTRACTOR SHALL COMPLY WITH APPLICABLE REGULATIONS, LAWS AND ORDINANCES RELATIVE TO REMOVAL HANDLING, AND PROTECTION AGAINST EXPOSURE OR ENVIRONMENTAL POLLUTION.
- F. ANY INTERRUPTION TO BUILDING UTILITIES SHALL BE CLEARED WITH OWNER 72 HOURS PRIOR TO PROPOSED INTERRUPTION.
- G. GENERAL CONTRACTOR SHALL BE RESPONSIBLE FOR MAINTAINING CONTAINERIZED DEBRIS REMOVAL AND RECYCLING SERVICE OF ALL DEBRIS FROM ALL TRADES AND ALL WORK RELATING TO THE PROJECT. THE CONTRACTOR SHALL COORDINATE THE CONSTRUCTION DUMPSTER AND/OR CHUTE LOCATION WITH OWNER PRIOR TO PLACEMENT.
- H. CONTRACTOR IS TO USE ADEQUATE MEANS AND METHODS OF DEMOLITION AND REMOVAL FOR THE TYPE OF WORK PERFORMED.
- PERFORM DEMOLITION WORK IN SUCH A MANNER AS TO PREVENT DAMAGE TO EXISTING FACILITIES TO REMAIN OR TO BE SALVAGED, AND TO PREVENT INJURY TO PUBLIC AND WORKMEN ENGAGED ON SITE UNDER THIS OR OTHER CONTRACTS.
 J. THE CONTRACTOR SHALL PROTECT THE BUILDING EXTERIOR, ROADWAY AND
- LANDSCAPE FROM DAMAGE DURING THE DEMOLITION. ALL DAMAGE SHALL BE REPAIRED BY CONTRACTOR AT THEIR EXPENSE AND APPROVED BY OWNER.
 K. THE CONTRACTOR SHALL NOTIFY OWNER AND ARCHITECT AT LEAST 48 HOURS IN
- ADVANCE OF DEMOLISHING ITEMS NOT SPECIFIED ON THE PLANS. L. THE CONTRACTOR SHALL NOTIFY ARCHITECT OF ANY DEVIATIONS TO DEMOLITION PLANS.NOTIFY ARCHITECT OF ANY DEVIATIONS TO DEMOLITION PLANS.
- M. ALL DOORS, WINDOWS, SIGNAGE, APPLIANCES AND LIGHT FIXTURES TO BE SALVAGED AND STORED PER OWNER'S INSTRUCTIONS.
- N. WHERE FLOORING IS REMOVED, CONCRETE SLAB TO BE PREPARED FOR INSTALLATION OF NEW FLOORING MATERIAL, PER MANUFACTURER'S REQUIREMENTS.
 ARANDONED RELEMBING REPORTS SUITHERY CONDUCTS TO BE DISCONNECT.
- O. ABANDONED PLUMBING PIPING & UTILITY CONDUITS TO BE DISCONNECTED & SEALED.
- P. REFER TO EXTERIOR ELEVATIONS FOR ADDITION INFORMATION.

DEMOLITION NOTICE REQUIRED

- A. THE ASBESTOS NESHAP REGULATION, 40 CFR, SUBPART M SECTION 61.145 REQUIRES WRITTEN NOTIFICATION OF DEMOLITION OR RENOVATION OPERATIONS.
- B. CONTRACTOR SHALL MAKE ALL REQUIRED NOTIFICATIONS.C. CALIFORNIA AIR BOARD ASBESTOS FORM CAN BE DOWNLOADED AT:

http://www.arb.ca.gov/enf/asbestos/asbestosform.pdf
