**Council Meeting Date:** May 23, 2023

**Date Prepared:** May 18, 2023

**Agenda:** Public Hearing

**Background Information:** The California State Legislature adopted the Digital Infrastructure and Video Competition Act of 2006 which became effective as of January 1, 2007. The Digital Infrastructure and Video Competition Act (DIVCA) established a regulatory structure for the State to issue franchises to video service providers and made the California Public Utilities Commission (CPUC) the sole franchising authority for cable television video service providers. DIVCA also converted local cable franchises to State franchises upon expiration of existing local franchise agreements. Under DIVCA, the City is responsible for the administration and implementation of certain provisions of the act and is permitted to establish financial support provisions for Public, Educational, and Governmental Access (PEG) channel facilities.

The proposed ordinance modifies the City’s current ordinance to comply with DIVCA and is attached for City Council consideration.

**Council Goals/Objectives:** The execution of this action attempts to achieve Strategic Goal #5 - High Performance Government and Quality Service.

**Fiscal Impact:** None.

**Funds Available:** N/A
