

# Integrated Water Resource Plan

## Water and Sewer Board Update

May 17, 2023

# IWRP Vision Statement

*“An actionable and adaptive master plan for Greeley’s water resources that uses modern, defensible methods to develop a roadmap ensuring a reliable water supply for our community through an uncertain future.”*

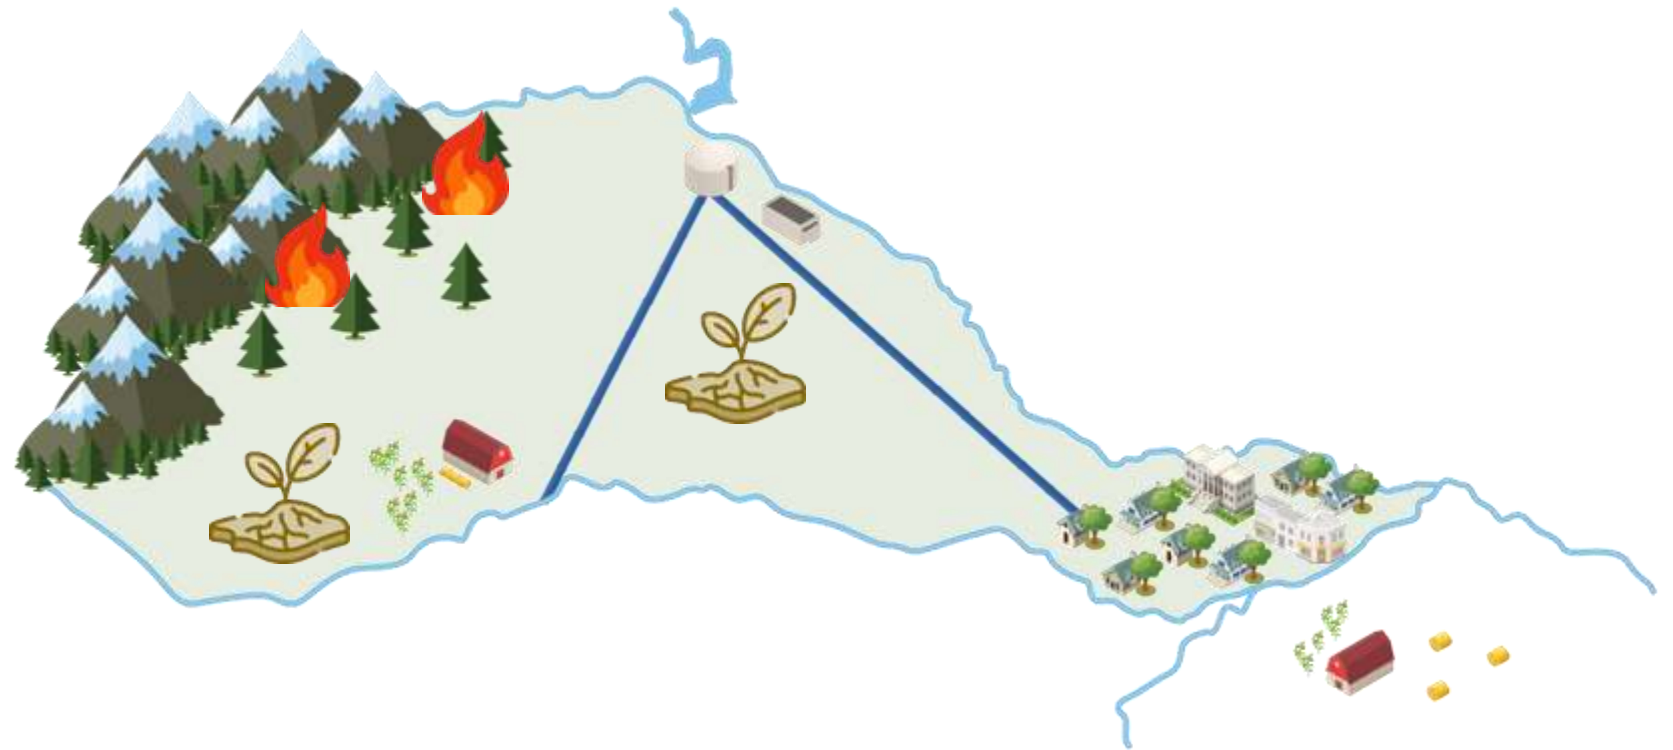

# IWRP Timeline

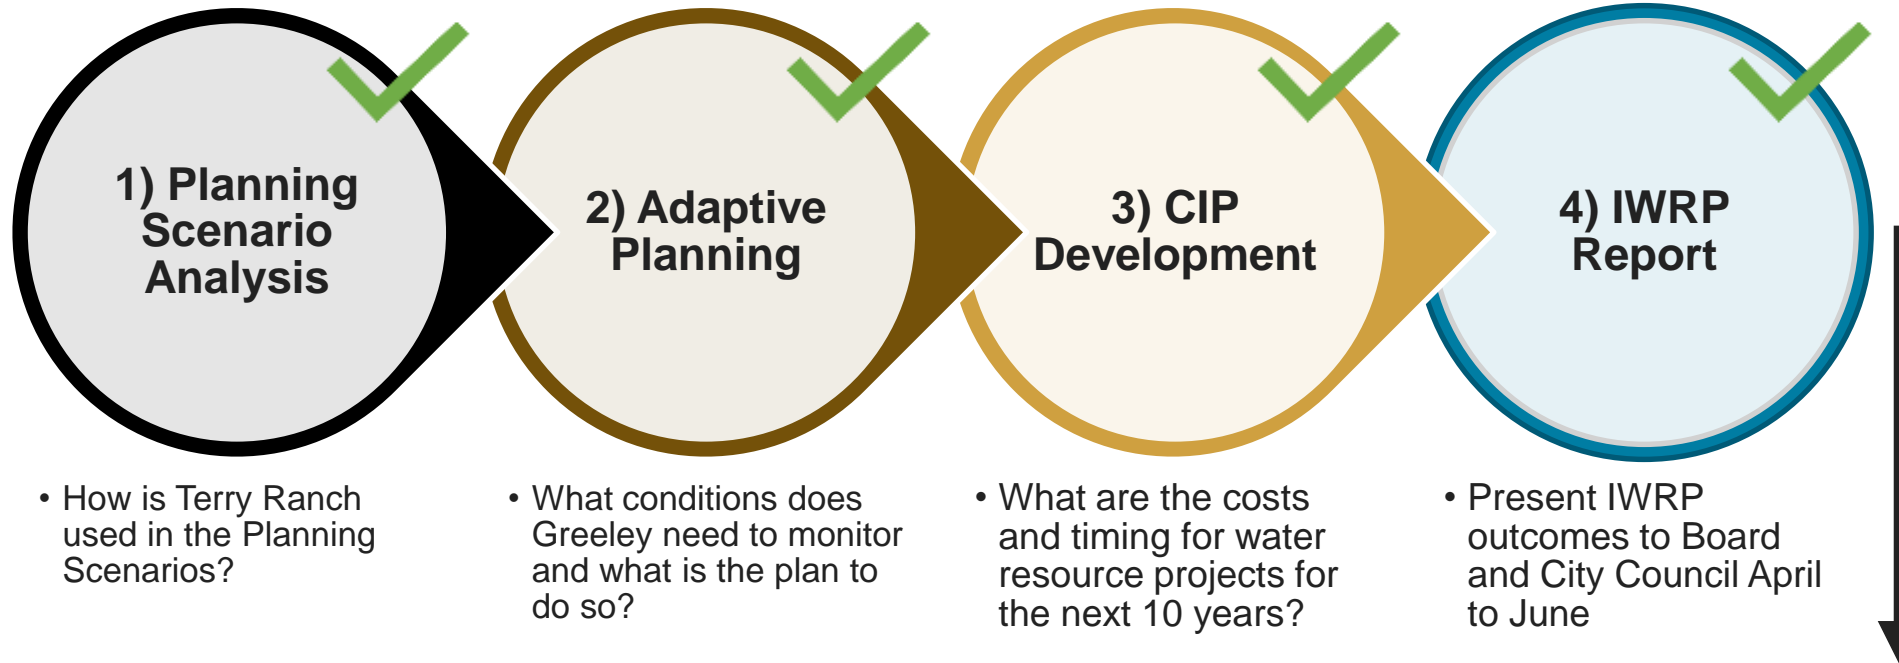

# Remaining Deliverables

- “WADT” Water Acquisition Database Tool
- Online Story Map
- Final Public Presentation

# Next Steps

- How is Terry Ranch used in the Planning Scenarios?

- What conditions does Greeley need to monitor and what is the plan to do so?

- What are the costs and timing for water resource projects for the next 10 years?

- Present IWRP outcomes to Board and City Council April to June

- City Council Work Session: 4/25 ✓
- Planning Commission: 5/9 ✓
- W&S Board Recommendation: 5/17
- City Council Recommendation: 6/6
- IWRP Complete: June
