## **Drought Summit**

[Register for the Colorado Drought Summit today!](#)

The Colorado Drought Summit will be a 2-day event on May 31 & June 1, 2023. Space is limited - [Register here](#). The full draft agenda can be accessed in the sidebar to the right and a snapshot of the draft agenda is below.

The Colorado Water Conservation Board (CWCB) is hosting the Drought Summit to evaluate lessons-learned and adaptive solutions for addressing drought concerns. In January 2023, Governor Polis directed the CWCB to hold this event. The two-day summit will make good on that directive and demonstrate CWCB's commitment to advancing the conversation around drought resilience in the 2023 Colorado Water Plan.

CWCB is grateful to Brown & Caldwell for being the lead sponsor and for helping to plan and staff the event.
