### EXECUTIVE SUMMARY

The City of Greeley is considering a request by Larry Buckendorf on behalf of Promontory Investments, LLC and Weldco Investors LLC for a Preliminary PUD amendment. The applicants are proposing to add all R-L (Residential - Low Density) uses to Area F (*See Attachment D and E*) and relocate the required city park location from Area F to Areas L and M. The property consists of approximately 99.233 acres and is located east of Promontory Parkway, south of 16th Street and north of future 20th Street. (*See Attachment A – Vicinity Map*)

### A. REQUEST

The applicant is requesting approval of the PUD Amendment. (*See Attachment A – Vicinity Map and Attachment B – Project Narrative*).

### B. STAFF RECOMMENDATION

Approval

## C. LOCATION

### **Abutting Zoning:**

North: PUD (Planned Unit Development)

South: PUD (Planned Unit Development)

East: H-A (Holding Agricultural)

West: PUD (Planned Unit Development)

### **Surrounding Land Uses:**

North: Single family dwellings

South: Portion of 20<sup>th</sup> Street / Future 20<sup>th</sup> Street

East: Vacant (Farm land)

West: Undeveloped, Commercial

### **Site Characteristics:**

The site is currently undeveloped with no natural, unique, or special topography, vegetation, wildlife or other factors, which could influence development options. Perimeter landscaping has been installed along Promontory Parkway, at the intersections of Promontory Parkway and 20<sup>th</sup> Street and along 16<sup>th</sup> Street. Twentieth Street was recently constructed south of the subject site, as part of Fire Station No. 6 construction. Detached sidewalks exist along Promontory Parkway and along portions of the northside of 20<sup>th</sup> Street. The property slopes from the northwest to the south and southeast. Drainage is conveyed to an existing detention pond and storm water line (southeast corner of US Hwy 34 Bypass and Promontory Parkway).

## D. BACKGROUND

The property was annexed into the City in 1985 as part of the Golden Triangle Second Annexation (File No. 2:85) and zoned PUD, which consisted of an area of approximately 1,701 acres. The intent of the concept Golden Triangle PUD was to allow for mixed-use development, including open space, residential, commercial, industrial, and recreational uses. The conceptual PUD plan shows light industrial development, business office park, and commercial uses on the southern portion of the PUD area that transitioned to various densities of residential and recreational/open space uses to the north.

In 1997, the City Council approved an amendment, which broke the Golden Triangle Concept PUD from one PUD into six PUDs (File No. PUD 11:97). The amendment was intended to streamline the PUD approval process. Under the 1976 Development Code, PUD actions required all land owners to sign off on development plans. As the largest PUD in the City at the time, 1,701 acres, this requirement was found to be cumbersome. The concept PUD was split into six smaller PUDs, with each assigned a set of allowed uses based on the concept PUD plan. The subject site is located in the Golden Triangle Concept PUD #1. In accordance with the Golden Triangle Concept PUD, PUD #1 allowed industrial uses only.

On December 1, 1998, the City Council approved an amendment to the Golden Triangle PUD, which rezoned the subject property from PUD (Golden Triangle) to PUD (Tri-Pointe), (File No.

PUD 8:98). The Tri-Pointe PUD encompassed an area of 668.72 acres. The conceptual plan as approved, allowed for a mixture of land uses, varying from residential, institutional, corporate headquarters, general commercial, and a requirement for the dedication of parks, schools, fire station location.

On March 16, 1999, the City Council approved a second amendment to the Tri-Pointe PUD (File No. PUD 3:99) which amended the PUD and formally changed the name of the PUD to Promontory. This amendment capped the amount of allowed retail to 84.54 acres, increased the residential acreage cap from 200 acres to 250 acres (a minimum of 900 dwelling units), increased the height allowance for office/business uses from 40 feet to 70 feet and 60 feet for industrial uses, and required the developer to dedicate a 10 acre park as well as a minimum of 1.5 acres for a fire station location (see Attachment D).

On December 21, 1999, the City Council approved modifications to the previous Council hearing on March 16, 1999. At this hearing, the Council approved the allowance for detached sidewalks, site and building design standards, lighting standards, and specified that parking in non-residential areas could exceed 125 percent of the required parking, added a requirement for bicycle parking, revised off-street parking regulations, required landscaping to comply with the City's Development code, and modified the requirement of signatures to submit PUD for approvals. Under the revision, each land owner would be able to sign a waiver letter, "forfeiting their rights, which would allow future PUD's be signed only by those pre-approving the PUD when they buy land. This proposal would be in lieu of application for final PUD approvals being submitted by the property owner, metro district, and 75 percent of all property owners owning 75 percent of the land within that tract or sub-tract". The final provisions added, allowed individual property owners within the individual tracks or areas to be the applicant and did not require the metropolitan district signature for land not owned by the district.

In 1999, the City of Greeley approved two metropolitan districts that serve the Promontory development, which are known as Tri-Pointe Commercial District and Tri-Pointe Residential District (MD 1:99).

On October 4, 2000, a Final Plat was approved for the Promontory Subdivision (PUD 10:99), which created ten super pad lots and numerous tracks (Reception No. 2798115). The subject site was platted as part of Lot 1, which consisted of 287.15 acres. In 2006, the site was replatted into Tract B, Promontory Imagine School, First Filing (Reception No. 3415275), which consisted 134.262 acres. Lot 1 was platted to accommodate a private charter school, which was proposed to be development within Promontory. However, the charter school has decided not to move forward with development.

In 2019, the property owner of Promontory Imagine School, First Filing dedicated 2.5 acres of land for the purpose of a fire station as part of another plat, known as Promontory Imagine School, Second Filing (PUD2019-0011). The approved plat also included, Tract A (94.231 acres), 20<sup>th</sup> Street right-of-way and the subject property, Tract B, which is 40.920 acres (see Attachment C)

Since the land dedication, the City has finished the construction a new fire station (Station No. 6), which is located directly north of the subject property.

The permitted uses currently allowed within the Tri-Pointe PUD (aka Promontory PUD), Area F include: open space, City park, *fire stations, schools, recreation uses* – City Council approved on 9/17/2019

Areas L&M allow for the following uses: single family dwellings, multi-family dwellings, two family dwellings, townhouse dwellings, as well as the following uses, not to exceed 15% of the acreage contained within each Planning area: banks, savings and loan, financial institutions, ATM's, drive-up windows, medical and dental offices and clinics, hotel, motel, office, recreation uses – community recreation buildings, indoor, outdoor extensive (skating rinks, bowling alleys, video arcades, tennis courts, swimming pools, etc.), membership clubs, health clubs, open space, parks (pocket), park (neighborhood), park (community / regional), restaurants, retail sales not to exceed 40,000 square feet, *fire stations, schools, recreation uses* – City Council approved on 9/17/2019. See Attachment D.

The applicants are proposing to add R-L (Residential - Low Density) uses and relocate the required City Park from Area F to Areas L and M. Staff is currently reviewing a proposed Preliminary PUD (Promontory Imagine School Third Filing) for a residential development, which also includes an area for the required City Park site as part of the plat (PUD2020-0014). This application will be forwarded to the Planning Commission and City Council for future considerations.

## **E. APPROVAL CRITERIA**

### **Development Code Section 24-625 Rezoning Procedures**

*For the purpose of establishing and maintaining sound, stable and desirable development within the City, the rezoning of land is to be discouraged and allowed only under circumstances provided for in this Section [of the Code]. This policy is based on the opinion of the City Council that the City's zoning map is a result of a detailed and comprehensive appraisal of the City's present and future needs regarding land use allocation and other zoning considerations, and, as such, should not be amended unless to correct manifest errors or because of changed or changing conditions in a particular area of the City in general.*

The review criteria found in Section 24-625 (c)(3) of the Development Code shall be used to evaluate the zoning amendment application.

- a) **Has the area changed, or is it changing to such a degree that it is in the public interest to rezone the subject property to encourage development or redevelopment of the area?**

Staff Comment: Since the zoning in 1998, two major headquarters have been constructed and over 300 single family lots have been development within the Promontory development. Recently, the City of Greeley constructed Fire Station Number 6, adjacent to the subject rezoning. The subject property has remained undeveloped for over 22 years, without any land use approvals (except for replatting) requests. The

applicant has stated that the limitation of land use options has impacted the development options on the tract. As such, the applicant would like to provide more flexibility with the site, by allowing additional residential land uses and relocating the City Park within the proposed residential development (PUD2020-0014), which will be forwarded for review by the Planning Commission and City Council at future hearings.

The proposal complies with this criterion.

- b) Has the existing zoning been in place for at least fifteen (15) years without substantial development resulting and does the existing zoning appear to be obsolete, given development trends?**

Staff Comment: The subject site has been zoned Planned Unit Development (PUD) for over 22 years, without any development within the sites. The zoning designation does not appear to be obsolete, however, adding additional uses to the sites could help make the properties more marketable.

The proposal complies with this criterion.

- c) Are there clerical or technical errors to correct?**

Staff Comment: There are no clerical or technical errors to correct.

This criterion is not applicable to this request.

- d) Are there detrimental environmental impacts, such as flood plains, inadequate drainage, slopes, unstable soils, etc., that may affect future development of this site and which may not have been considered during the original zoning of the property?**

Staff Comment: The site does not contain any known detrimental environmental conditions.

This criterion is not applicable to this request.

- e) Is the proposed rezoning necessary in order to provide land for a community related use, which was not anticipated at the time of adoption of the City's Comprehensive Plan; or have the policies of the City changed to the extent that a rezoning is warranted?**

Staff Comment: The rezone would allow the relocation of a City Park, which would be platted and construed following successful future land use approvals.

The proposal complies with this criterion.

- f) What is the potential impact of the proposed rezoning upon the immediate neighborhood and the city as a whole (including potential noise and environmental impacts, visual impacts, the provision of City services such as police, fire, water, sewer, and pedestrian systems and parks and recreational facilities)?**

Staff Comment: It is not anticipated that the proposed zoning would create significant impacts on the property or adjacent land uses.

Any potential noise created by future development will be regulated by the Municipal Code. The appropriate buffering would be required to be provided, which would lessen any potential visual impacts. City services should not be impacted, since the surrounding area is already served by municipal services such as water and sewer. Police and Fire are already serving this area since it is within the City of Greeley. Any new development would need to connect to the nearby City water, non-potable water and sewer facilities.

The proposal complies with this criterion.

- g) Is there clear and convincing evidence that the proposed rezoning will be consistent with the policies and goals of the City's Comprehensive Plan and comply with the applicable zoning overlay requirements?**

Staff Comment: There are no zoning overlay requirements for the subject property. The proposal is consistent with the Imagine Greeley Comprehensive Plan and its sub-elements, specifically the Strategic Housing Plan regarding the facilitation of developing new housing communities. The proposal is supported by the following specific Imagine Greeley Comprehensive Plan goals and objectives:

Goal ED-3: Attract and maintain an employed, skilled, and adaptable workforce.

Objective ED-3.1 Diverse Workforce

Provide diverse economic opportunities, jobs, and housing and transportation options to ensure that Greeley is attractive to and inclusive of a diverse workforce.

Goal GC-1: Manage growth effectively.

Objective GC-1.3 Adequate Public Facilities

Restrict development to the Adequate Public Facilities Area (APFA) except where the developer provides the equivalent level, or cash-in-lieu at a rate determined by the City, to install infrastructure that would otherwise be provided by the City.

Goal GC-2: Promote a balanced mix and distribution of land uses.

Objective GC-2.2 Jobs/Housing Balance

Support zoning and development patterns that expand opportunities for people who live in Greeley to also work in Greeley (or vice versa).

Goal GC-3: Promote new development, infrastructure investments, and public improvements that enhance the character of the community.

Objective GC-3.4 Tree City

Reinforce the community's image as a "Tree City" by promoting the establishment and maintenance of tree-lined travel corridors throughout the community, taking into consideration water use, conservation strategies, and the natural environment.

Goal GC-6: Maintain and enhance the character and inter-connectivity of Greeley's neighborhoods.

Objective GC-6.2 Neighborhood Connectivity

Promote design standards and practices that improve connectivity for all modes between neighborhoods and adjacent neighborhoods, centers, corridors, and areas.

Goal HO-2: Encourage a broad diversity of housing options.

Objective HO-2.1 Diversity in New Development

Encourage a variety of housing types, sizes, styles, and price-points of housing units within new residential projects or subdivisions. Ensure that Greeley has neighborhoods and/or development sites available and attractive to its desired workforce, including higher-end housing for executives and other high-paid workers.

Goal NR-1: Protect, conserve, maintain, and improve the quality and quantity of water available to Greeley.

Objective NR-1.4 Non-Potable Water

Assertively promote the use of non-potable water for irrigation as a viable and efficient alternative to treated water.

Goal NR-3: Demonstrate stewardship of the environment.

Objective NR-3.7 Urban Forest

Protect, maintain, and expand the urban forest within and around the city.

Goal TM-1: Develop and maintain an accessible, integrated, safe, and efficient transportation system.

Objective TM-1.2 Pedestrian Movements

Ensure pedestrian movement and accessibility is considered in the design and construction of all public and private development projects. Ample and safe sidewalks and other pedestrian pathways within and between developments should be provided.

Goal TM-3: Ensure that land use and transportation decisions, strategies, and investments are coordinated and complementary.

**Objective TM-3.2 Supportive Development**

Ensure that all proposed development projects demonstrate the ability to accommodate pedestrian and bicycle travel.

The proposal complies with this criterion.

**h) What is the potential impact of the proposed rezoning upon an approved Zoning Suitability Plan for the property?**

Staff Summary: There is no approved Zoning Suitability Plan for this property. The provided Zoning Suitability Map shows that the property can be development in accordance with the Development Code.

The proposal complies with this criterion.

**Standards for PUD establishment:** In reaching recommendations and decisions as to rezoning land to the PUD district, the Planning Commission and the City Council shall apply the following standards in addition to the standards and procedures of Section 24-625 applicable to the rezoning of land:

**1. Area Requirements**

The area of a proposed PUD shall be of substantial size to permit its design and development as a cohesive unit fulfilling the stated purpose of these regulations and to establish the PUD as a meaningful part of the larger community.

Staff Comment: The site contains 99.23 acres; Section 24-663 (b)(1) of the Greeley Development Code limits consideration for PUD establishment to a minimum of two (2) acres in size.

The proposal complies with this criterion.

**2. Is the proposed Preliminary/Concept PUD Consistent with the Land Use Chapter of the Comprehensive Plan**

A PUD proposal shall be found to be consistent with all applicable elements of the Land Use Chapter of the City's adopted Comprehensive Plan with respect to its proposed internal design and use, its relationship to adjacent areas, and the City as a whole before it may be zoned as a PUD.

The following City of Greeley Imagine Greeley Comprehensive Plan policies apply to this request.

Staff Comment: The proposal is consistent with the Imagine Greeley Comprehensive Plan and its sub-elements, specifically the Strategic Housing Plan regarding the facilitation of developing new housing communities. The proposal is supported by the following specific Imagine Greeley Comprehensive Plan goals and objectives:

Goal ED-3: Attract and maintain an employed, skilled, and adaptable workforce.

Objective ED-3.1 Diverse Workforce

Provide diverse economic opportunities, jobs, and housing and transportation options to ensure that Greeley is attractive to and inclusive of a diverse workforce.

Goal GC-1: Manage growth effectively.

Objective GC-1.3 Adequate Public Facilities

Restrict development to the Adequate Public Facilities Area (APFA) except where the developer provides the equivalent level, or cash-in-lieu at a rate determined by the City, to install infrastructure that would otherwise be provided by the City.

Goal GC-2: Promote a balanced mix and distribution of land uses.

Objective GC-2.2 Jobs/Housing Balance

Support zoning and development patterns that expand opportunities for people who live in Greeley to also work in Greeley (or vice versa).

Goal GC-3: Promote new development, infrastructure investments, and public improvements that enhance the character of the community.

The proposal complies with this criterion.

**h) What is the potential impact of the proposed rezoning upon an approved Zoning Suitability Plan for the property?**

Staff Summary: There is no approved Zoning Suitability Plan for this property. The provided Zoning Suitability Map shows that the property can be development in accordance with the Development Code.

The proposal complies with this criterion.

# TRI-POINTE

## Mixed Use Development

### Conceptual Master Plan

Amendment to the Tri-Pointe Planned Unit Development  
Submitted for Westfield Development Company

#### Zoning Notes

The Project shall be viewed as a single unit.  
A waiver for the entire site shall be granted to allow development outside the Mid-Range Expected Service Area expressly contingent upon the issuance of a permit to a major employer for the construction of a minimum facility of 150,000 square feet intended to house at least 300 employees at the site, 500 at full build-out.  
No residential or commercial construction shall be allowed until issuance of a building permit for the minimum size 150,000 square foot facility by a major employer.  
No fewer than 900 residential units shall be constructed at ultimate build-out.  
Any land dedication does not include any water rights.  
Should the fire district not require the prescribed land at time of dedication, requirement to dedicate will be waived.  
Height Limits: (a) Office uses: 70' excluding enclosed mechanical penthouses or screened rooftop appurtenances.  
(b) Retail/Commercial Uses: 40' excluding screened rooftop appurtenances.

All final PUD approvals shall be granted by City Council unless Council approves a set of design guidelines applicable to the various planning areas or uses. In that event, Planning Commission may approve all PUD's governed by those approved guidelines.  
This PUD is valid for a period of three years from the date of its approval. If a major employer does not meet the minimum requirements set forth in this PUD within the three year time frame, the entire PUD must return to City Council for review.

#### Planned Unit Development Criteria

The Tri-Pointe PUD Amendment of 10/16/98 is an amendment to the land uses and development criteria of the existing Tri-Pointe PUD.  
Open space requirements are being met within Areas E and F and within the eventual parcel by parcel site plans.

#### Mixed Use

Land Uses as identified on this PUD may be combined to the extent identified within the land use mix language of this PUD to encourage a creative mixture of housing, work and shopping opportunities. Quantities and types of specific land uses will be determined at Site Plan of the individual parcels.

## PROMONTORY PRELIMINARY PUD, AREAS F, L AND M, 2ND AMENDMENT

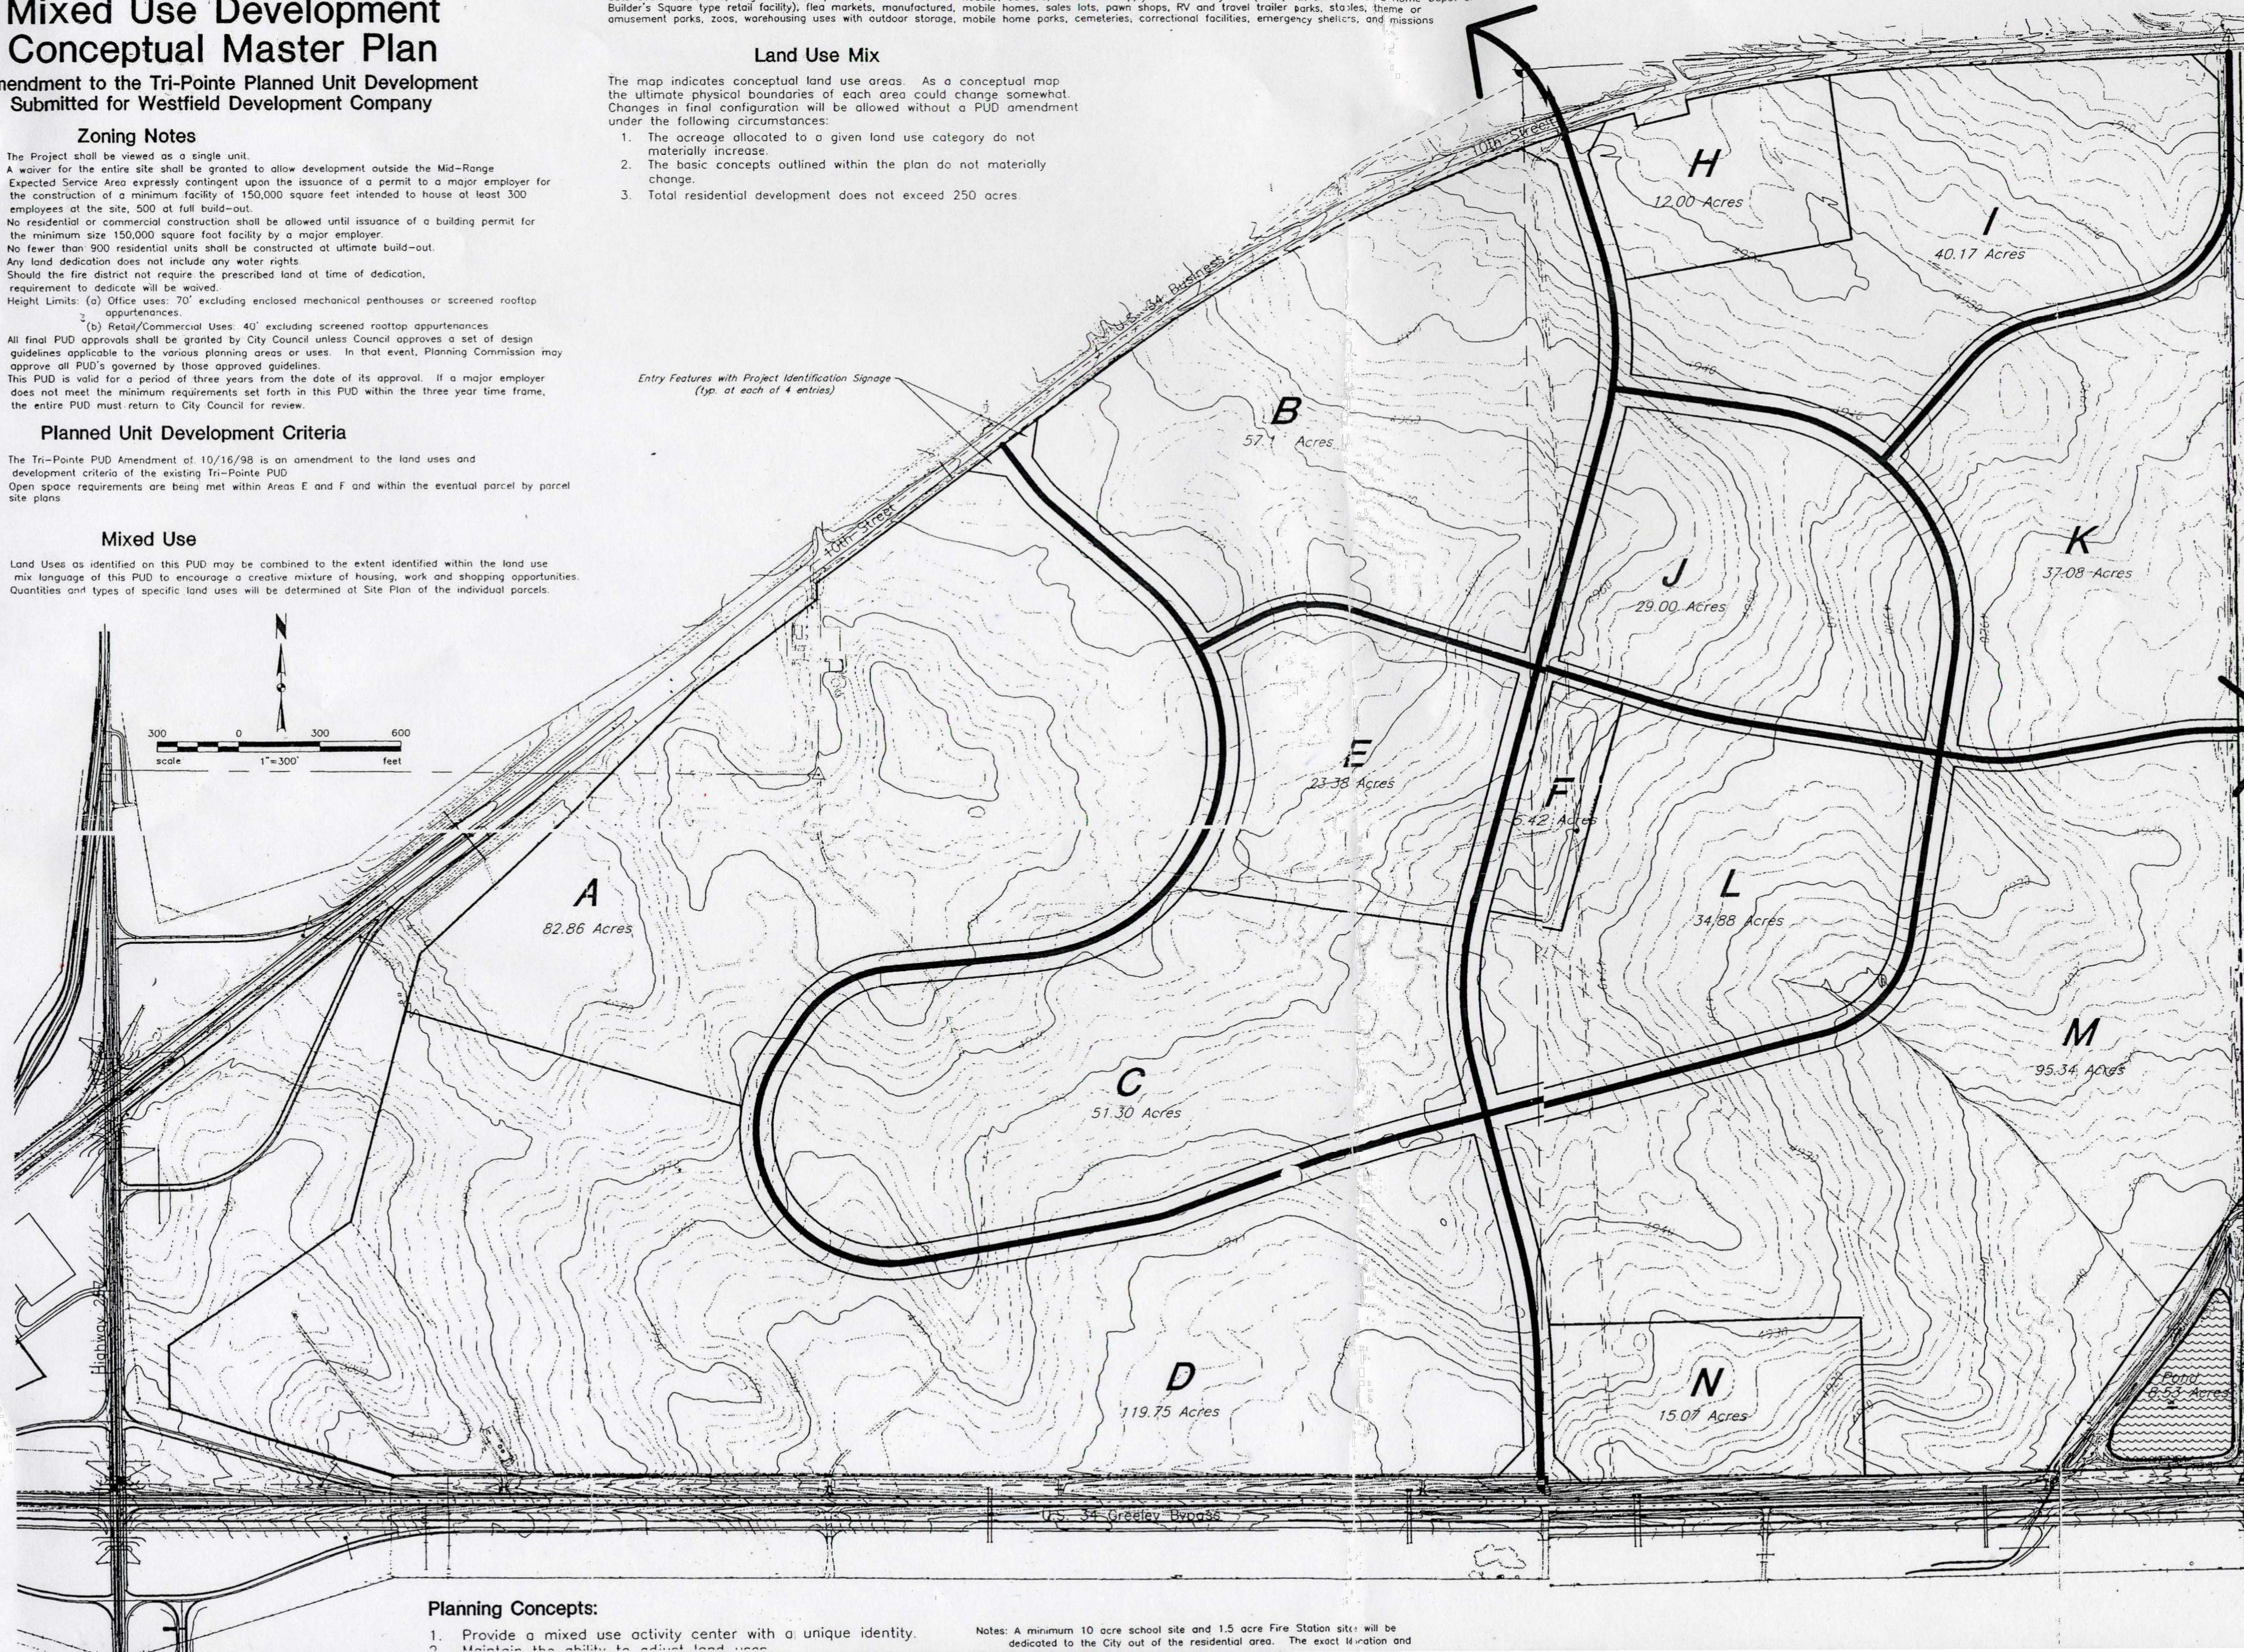

Uses not permitted at Tri-Pointe:  
airports, heliports, auto dismantling, junk and salvage yards, bulk storage of flammable liquids and gases for resale (unless temporary for construction purposes only), farm equipment, implement, diesel and sales and repair concrete, asphalt batch plants (unless temporary for construction purposes only), food processing, foundries, grain and feed elevators and supply, recycling centers, large collection and processing facilities, refuse transfer stations, rendering plants, slaughterhouse, meat processing, packaging, utility, commercial towers and cabinets over building height permitted by zone, transportation facilities, low impact, high impact, trucking and freight terminals, truck, trailer and large equipment rental, adult entertainment, kennels, auto dealer sales lots, bingo halls and parlors, livestock auction houses, builders, contractor supply offices and yards (except in the case of a Home Depot or Builder's Square type retail facility), flea markets, manufactured, mobile homes, sales lots, pawn shops, RV and travel trailer parks, stables, theme or amusement parks, zoos, warehousing uses with outdoor storage, mobile home parks, cemeteries, correctional facilities, emergency shelters, and missions

#### Land Use Mix

The map indicates conceptual land use areas. As a conceptual map the ultimate physical boundaries of each area could change somewhat. Changes in final configuration will be allowed without a PUD amendment under the following circumstances:

1. The acreage allocated to a given land use category do not materially increase.
2. The basic concepts outlined within the plan do not materially change.
3. Total residential development does not exceed 250 acres
