

Greeley City Council
1000 10th St
Greeley, CO 80631

Council Members,

I am requesting that the Greeley City Council vote to transfer Greeley-Weld County Airport's 2021 FAA entitlement funding to Monte Vista Municipal Airport. These entitlement funds are granted to the Greeley-Weld County Airport on an annual basis for various airport improvement projects. As part of our future planning we elected lump multiple years of entitlements together as part of our federal match for our upcoming Runway 10/28 rehabilitation project. Since we cannot hold onto FAA entitlement funding for more than the year they are specified, we transfer them to other airports in the area. In 2022 we will receive the entitlements from the three other airports we are rotating with to complete the design phase of the 10/28 rehabilitation project. The Greeley-Weld County Airport Authority Board and the Weld County Board of Commissioners have already voted to transfer the airport's 2021 FAA entitlement funding to Monte Vista Municipal Airport. Thank you for your time on this matter and feel free to reach out to me with any questions.

Thank you,

Cooper Anderson, C.M.
Airport Director
Greeley-Weld County Airport
