The Bank has no obligation to verify the availability of funds in any account at the time of any transfer request, even if honoring such a request will result in an overdraft. In the event such a request is honored, the Company shall immediately pay such overdraft and shall be responsible for payment of all applicable overdraft charges. Further, the Bank is not obligated to honor, either in whole in part, any transaction or instruction which (a) is not in accordance with any terms or conditions applicable to the relevant Specific Service, (b) the Bank has reason to believe may

In furtherance of, and without limiting the foregoing, the Bank will not otherwise be responsible for any action taken, allowed or omitted or for any liability, loss, claim or damage arising from an act of God, loss or delay occasioned in transit of data or processed work, labor disputes, material or labor shortages, accident or damage to facilities, inaccuracy of information, computer viruses, malicious code or other defects in the LYNX Services, incompatibility between the LYNX Services and the Company's browser or from other causes or events beyond the control of the Bank. The time, if any, required for the Bank's performance under this Agreement shall be automatically extended during the period of such delay or interruption. In no event shall the Bank be liable for any indirect, special, consequential or punitive loss or damage of any kind (including, without limitation lost profits) whether or not foreseeable, even if the Bank has been advised of the likelihood of such loss or damage, and regardless of whether the claim for loss or damage is made in negligence, gross negligence, breach of contract or otherwise. This section shall survive termination of this Agreement and termination of Company's participation in the LYNX Services.

SPECIFIC SERVICES

A. ACH ORIGINATION SERVICES

PLEASE NOTE THAT THE ACH ORIGINATION SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

Through the Bank's Automated Clearing House origination services ("ACH Services"), the Company will be permitted to initiate credit and/or debit Entries as an Originator by means of the Automated Clearing House Network ("ACH") pursuant to the terms of this Agreement and the operating rules and guidelines of the National Automated Clearing House Association ("NACHA") including, any exhibits or appendices thereto, as same may be amended from time to time (collectively, the "Rules"), which Rules are incorporated herein and made a part of this Agreement. Terms not defined herein shall have the meanings ascribed to them in the Rules.

To be eligible to enroll in and use the ACH Services, the Company must be approved by the Bank. The Company agrees to provide the Bank with such financial, business and operating information as the Bank may reasonably request in connection with the Bank's approval process.

The Company acknowledges that it has a copy of, or has access to a copy of, the Rules. The Company agrees to comply with and be bound by the Rules. The Company represents and warrants to Bank that Company's actions with respect to Company's use of the ACH Services including, without limitation, the preparation, transmittal and settlement of Entries, shall comply with the Rules and all applicable federal and state laws, rules and regulations. The Company acknowledges that Bank will charge the Company for any fines or penalties imposed by NACHA or any other organization which are incurred as a result of Company's actions or inactions and Company agrees to fully reimburse and/or indemnify Bank for such charges or fines.

It is the Company's responsibility to deliver all credit and debit Entries to the Bank with all information necessary to complete the Company's requested transactions in compliance with formatting and other requirements set forth in the Rules or as otherwise specified by the Bank. The Company must complete all required fields with accurate information. The Bank may reject or delay processing transactions if information and/or instructions are not complete or are inaccurate, do not comply with the terms of this Agreement or the Rules, or otherwise do not meet the criteria specified by the Bank for acceptance.

The Company shall obtain authorization as required by the Rules from the person or entity whose account will be debited or credited as a result of a debit or credit Entry initiated by the Company. The Company shall retain the original or a copy of each authorization and other documentation required under the Rules for a period of not less than two (2) years after termination or revocation of such authorization or such longer

period as is provided in the Rules. If Bank receives a request from a RDFI for any such authorization or documentation, Company shall promptly furnish an original or copy thereof to the Bank so that Bank can provide it to the RDFI within ten (10) banking days of the request.

The Company may elect to send pre-notification that it intends to initiate an Entry or Entries to a third party account within the time limits prescribed by the Rules. Pre-notification shall be provided to the Bank in the format and on the media prescribed by the Rules, unless otherwise specified by the Bank. In the event that the Company has received notice that a pre-notification has been rejected within the prescribed period by a RDFI, the Company will not initiate any Entry of such third party's account until the cause for rejection has been corrected and another pre-notification has been submitted and accepted by the RDFI within the time limits prescribed by the Rules.

Subject to Bank's approval, Company may elect to have Company's ACH Entries originated on a "same-day" basis, for settlement on the same day as the Effective Entry Date (each a "Same Day Entry" and collectively "Same Day Entries"). Bank may, in its sole discretion, establish exposure limits limiting the number of Entries or dollar thresholds of Same Day Entries that Company may have outstanding at any time. Further, Bank may terminate Company's right to originate Same Day Entries at any time. To be eligible to be treated as a Same Day Entry the Entry must: (i) have been received on a business day by the Bank's designated cut-off time for Same Day Entries; (ii) not exceed the per transaction limits established by NACHA from time to time as set forth in the Rules; and (iii) contain an Effective Entry Date as the same business day of receipt. IAT Entries are not eligible to be Same Day Entries. Same Day Entries shall be identified based on the date entered by Company in the Effective Entry Date field. Company agrees and understands that it is Company's responsibility to ensure the correct date is inputted into the Effective Entry Date Field. Use of the current date or any date in the past will also trigger fees for same day processing that may be higher than the fees for traditional ACH processing. Bank may utilize same-day processing for any Entry that qualifies as a Same-Day Entry even if Company did not intend the Entry to be processed using same-day processing. In such instances, Company is still responsible for all fees associated with same-day processing. Bank does not represent, warrant or otherwise guarantee that a receiving depository financial institution is able to receive or initiate Same Day Entries, or will post Same Day Entries by applicable deadlines, or will otherwise make funds available in a timely manner, and the Bank shall not be responsible for any loss resulting therefrom. PLEASE NOTE THAT ONLY COMPANIES ENROLLED IN TIER 3 OF THE LYNX SERVICES MAY ORIGINATE SAME DAY ENTRIES.

Company shall transmit Entries to Bank to the locations and in compliance with the formatting and other requirements set forth in the Rules and Bank's specifications. Company will not submit individual or total monthly Entries in excess of the maximum limits including, without limitation, dollar amounts and/or Standard Entry Class Code types, established by Bank, in its sole discretion, as may be amended from time to time. Company shall not divide a transaction into more than one Entry in order to avoid these limitations. Bank's processing of Entries in an amount greater than the established limits shall not be deemed a waiver of this provision. Bank may cease processing Entries in a greater amount at any time without prior notice.

Except as otherwise provided for herein, Bank shall (i) process Entries received from Company that conform with the file specifications set forth in the Rules; (ii) transmit such Entries as an ODFI to an ACH Operator selected by Bank in its sole discretion; and (iii) settle for such Entries as provided in the Rules. Bank shall endeavor to transmit or complete the necessary authorizations for Entries by the deadline of the ACH Operator provided: (a) such Entries are received by Bank's applicable cutoff time on a business day; (b) for Entries, other than Same Day Entries, the Effective Entry Date is at least two (2) business days after such business day (for credit Entries) and at least one (1) business day after such business day (for debit Entries) and (c) the ACH Operator is open for business on such business day. Entries shall be deemed received by Bank when the transmission and compliance with any related Security Procedures is completed. Company acknowledges and agrees that Bank only acts as the Company's agent for transmission of the Entries and assumes no responsibility for said Entries, except that Bank will endeavor to exercise due care in the transmission. If any of the requirements of this paragraph are not met, Bank may use reasonable efforts to transmit such Entries to the ACH Operator by the next deadline of the ACH Operator which is a business day and a day on which the ACH Operator is open for business.

The Bank may from time to time establish exposure limits, including daily transaction limits for the total value of Entries that may be originated through the ACH Origination Services by or on the Company's behalf in any 24-hour period. Any Entries exceeding this aggregate limit need not be honored, but may, at

the Bank's sole discretion, be honored. The Bank may change or cancel these limits at any time without prior notice to Company, although the Bank will endeavor to notify the Company before the Bank does so.

All transactions are subject to acceptance by the Bank. The Bank has no obligation to accept any Entries and therefore may reject any Entry issued by or on behalf of the Company. The Bank will endeavor to notify the Company if the Bank deems it necessary to reject a submitted Entry. The Bank shall have no liability to the Company for rejection of any Entry. The Company agrees that it shall not initiate or transmit any Entry that violates the Rules.

The Company shall have no right to cancel or amend any Entry after its receipt by the Bank. Notwithstanding the foregoing, the Bank may, at its option, act on a request by the Company for cancellation or amendment of an Entry prior to transmitting it to the ACH or crediting/debiting a Receiver's account. Please note, however, that any request to cancel an Entry that has been submitted as part of a batch may require that the entire batch be cancelled. Company acknowledges that in the case of a Same Day Entry any request by Company to cancel the Entry must be made immediately in order for Bank to have an opportunity to effect cancellation. Despite Bank's commercially reasonable efforts to act on such a request, cancellation of a Same Day Entry may nevertheless be impossible, and Company understands and accepts the risk of this occurrence. The Company agrees to pay any and all fees and charges as set forth in the applicable Schedule of Fees in connection with such request. The Bank shall have no liability if any such cancellation or amendment is not effected. If the Bank accepts a cancellation or amendment of an Entry, the Company hereby agrees to indemnify, defend and hold Bank harmless from and against any and all claims, losses, demands, damages, fees, charges, costs and expenses including, without limitation, attorney's fees, incurred by the Bank as a result of its acceptance of the cancellation or amendment. This indemnification obligation shall survive termination of the Company's relationship with the Bank.

In the event any Entries are rejected or returned from the ACH Operator, the Bank shall make reasonable efforts to notify the Company no later than one (1) business day after the business day of such receipt. Except for an Entry retransmitted by the Company in accordance with the requirements provided for herein, the Bank shall have no obligation to retransmit a returned Entry if the Bank complied with the terms of this Agreement with respect to the original Entry. If the Company wants to resubmit any returned or rejected Entry, it is the Company's responsibility to correct the Entry and resubmit it, or otherwise resolve the rejection or return in accordance with the Rules. The Bank shall have no liability to the Company due to the rejection or return of any such Entry or due to the fact that Bank may not have not timely notified the Company about the rejection or return. The Company shall retain data on file adequate to permit remaking of entries for five (5) business days following the date of their transmittal by the Bank as provided herein, and shall provide such data to the Bank upon its request.

Bank may monitor the Company's return activity and may request proof of authorization of any Entry. If the Bank, in its sole discretion, deems that the Company has excessive returns or rejections, the Bank may immediately terminate the Company's ability to submit debit Entries. The Company shall indemnify, hold harmless and defend the Bank, at the Company's sole cost and expense, against all suits, claims, demands, loss, liability and expenses, including but not limited to attorney's fees, court costs and related litigation costs and expenses, arising out of any rejected or returned Entry except to the extent that such rejection or return was solely due to the Bank's gross negligence or willful misconduct. This indemnification obligation shall survive termination of the Company's relationship with the Bank.

Except with respect to Entries rejected by the Bank, if an Entry submitted by the Company is an On-Us Entry (received for credit or debit to an account maintained at the Bank), the Bank shall credit or debit the Receiver's account in the amount of such Entry on the Effective Entry Date contained in such Entry, provided that the Entry has been submitted to the Bank in accordance with the applicable time limits set forth herein. If any of the applicable time limits have not been met, the Bank shall use reasonable efforts to credit the Receiver's account in the amount of such Entry no later than the next business day following such Effective Entry Date.

The Bank shall provide the Company with all information, as required by the Rules, with respect to each Notification of Change ("NOC") Entry or Corrected Notification of Change ("Corrected NOC") Entry received by the Bank relating to Entries transmitted by the Company within two (2) business days of the Settlement Date of each NOC or Corrected NOC. The Company shall ensure that changes requested by the NOC or

Corrected NOC are made within six (6) business days of the Company's receipt of the NOC information from the Bank or prior to initiating another Entry to the Receiver's account, whichever is later. If a NOC or Corrected NOC is incorrect or refused by the Company, the Company will promptly deliver a refused Notification of Change to Bank stating the applicable reason code as specified in the Rules. If the Company does not comply with the requirements to make changes requested by a NOC or Corrected NOC, the Bank may charge the Company for any and all NACHA rule violation fines resulting from such rule infraction or cease processing Entries for the Company until the changes are made. Company acknowledges and agrees that if Company fails to make changes requested by a NOC or Corrected NOC, Bank shall have the right to apply such requested changes to future transactions and that Company may be charged a fee in connection therewith.

The Company acknowledges and agrees that if an Entry describes the Receiver inconsistently by name and account number, payment of the Entry may be made on the basis of the account number even if it identifies a person differently from the named Receiver, and Company's obligation to pay the amount of the Entry to the Bank shall not be excused in such circumstances.

The Company shall designate a settlement account at the Bank for the purpose of funding the Company's Entries ("Settlement Account"). The Company agrees to maintain sufficient Available Funds to offset any Entries submitted and against which any rejected or returned Entries, and applicable fees and charges in accordance with the applicable Schedule of Fees then in effect, may be credited or debited. The Bank will either charge or credit the Settlement Account(s) for any credit or debit Entry originated by the Company on the Settlement Date. Even though the Bank debits or credits the Settlement Account, such debit and/or credit is provisional until the Bank receives final settlement. In the event any provisional credit and/or debit or any final credit and/or debit is reversed for any reason, then the Bank will charge the Settlement Account for such item and impose a fee in accordance with the Schedule of Fees then in effect. The Company is responsible for reimbursing the Bank for any and all temporary or final credit reversals. If there are not sufficient Available Funds in the Settlement Account, the Company agrees that the Bank may charge any other Account maintained by the Company with the Bank to cover the Company's obligations hereunder. Notwithstanding the foregoing, the Bank reserves the right to require the Company to pre-fund the Settlement Account prior to the Settlement Date of an ACH credit file. The Bank shall determine whether pre-funding is required based upon criteria established by the Bank from time to time. When pre-funding, the Company shall maintain sufficient Available Funds in the Settlement Account. With respect to the origination of debit Entries or Reversals of credit Entries, the Company acknowledges and agrees that the Bank need not make any deposit to the Account available for withdrawal or transfer unless and until the Bank has a reasonable belief that such Entry has been paid.

The Company acknowledges that it shall be bound by and comply with the provision of the Rules regarding making payment of an Entry by the RDFI to the Receiver provisional until receipt by the RDFI of final settlement for such Entry. The Company specifically acknowledges that it has received notice of that Rule and of the fact that, if such settlement is not received, the RDFI shall be entitled to a refund from the Receiver of the amount credited and the Company shall not be deemed to have paid the Receiver the amount of the Entry.

The Company acknowledges that due to the "next day" settlement procedures used by the ACH, there is the possibility of loss to the Bank in the event that the Company does not have Available Funds at the time of settlement. Accordingly, the Bank may from time to time establish or revise maximum dollar limits for the total value of all Entries the Bank will release on the Company's behalf in any 24-hour period. Any instructions exceeding this aggregate limit need not be honored, but may, at the Bank's discretion, be honored. Notwithstanding the foregoing, the Company shall remain liable for all Entries that exceed the foregoing amount, to the extent honored by the Bank. The Bank may change or cancel the limits at any time without prior notice to the Company, although the Bank will try to notify the Company before the Bank does so. The Bank has no obligation to discover and shall not be liable to the Company for any errors made by the Company including, without limitation, errors made in identifying the Receiver or RDFI or for errors in the amount of an Entry or for errors in Settlement Dates. Bank shall likewise have no duty to discover and shall not be liable for duplicate Entries issued by the Company.

Notwithstanding the foregoing, if the Company discovers that any Entry it has initiated was in error, it may notify the Bank of the error and the Bank will make reasonable efforts on behalf of the Company, consistent with the Rules, to correct the Entry. In all such cases, it is the responsibility of the Company to notify its

affected customers that an Entry has been made which is at variance with the customer's authorization or is otherwise erroneous. The Bank shall not be liable for such Entries or the Bank's failure to correct the Entry. The Company is responsible for all expenses incurred as a result of the error and shall indemnify, hold harmless and defend the Bank at the Company's sole cost and expense against all suits, claims, demands, loss, liability and expenses, including but not limited to attorney's fees, court costs and related litigation costs and expenses, resulting directly or indirectly from such errors whether in an action between the Bank and the Company or between the Bank and a third party or otherwise. This indemnification obligation shall survive termination of the Company's relationship with the Bank.

The Company will be deemed to make the same warranties to the Bank as the Bank makes pursuant to the Rules. Additionally, with respect to each and every Entry transmitted by the Company, the Company represents and warrants to the Bank and agrees that: (i) each person or entity shown as the Receiver on an Entry received by the Bank from the Company has authorized the initiation of such Entry and the crediting or debiting of its account in the amount and on the Effective Entry Date shown on such Entry, (ii) such authorization is operative at the time of transmittal or crediting or debiting by the Bank as provided herein, (iii) Entries transmitted to the Bank by the Company are limited to those types of credit and debit Entries permitted pursuant to this Agreement. Without limiting the foregoing, the Company acknowledges that International ACH Transactions ("IATs") are not permitted under the terms of this Agreement and the Company represents and warrants to the Bank that no such Entry transmitted by the Company shall be an IAT, (iv) the Company shall perform its obligations under this Agreement in accordance with all applicable laws, regulations and orders including, without limitation, the sanctions laws, regulations and orders administered by the United States Treasury Office of Foreign Assets Control ("OFAC"), laws, regulations and orders administered by FinCEN, and any state, laws, regulations or applicable to the providers of ACH payment services. Without limiting the foregoing, the Company agrees that it will not initiate any transactions in violation of the requirements or sanctions of OFAC or act on behalf of, or transmit funds to or from, any party subject to OFAC sanctions, and (v) the Company shall be bound by and comply with the provision of the Rules making payment of an Entry by the RDFI to the Receiver provisional until receipt by the RDFI of final settlement of such Entry. The Company shall indemnify, hold harmless and defend the Bank at the Company's sole cost and expense against all suits, claims, demands, loss, liability and expenses, including but not limited to attorney's fees, court costs and related litigation costs and expenses, resulting directly or indirectly from any breach of any of the representations or warranties of the Company set forth herein. This indemnification obligation shall survive termination of the Company's relationship with the Bank.

From time to time, the Bank may request information from the Company with respect to the Company's ACH Services activity for the purposes of evaluating a continuation of the ACH Services and/or adjustments of any limits. The Company agrees to provide the requested information promptly upon request. In connection with these evaluations, the Bank reserves the right to require the Company to establish reserves with the Bank, in amounts calculated by the Bank in its discretion, to cover the Company's obligations to the Bank arising from the Company's use of the ACH Services. Reserves may be expressed as fixed dollar amount or as a "rolling reserve" calculated based on "rolling" averages as determined in accordance with the Bank's periodic evaluations. The amount of the reserves required by the Bank, if any, will be communicated directly to the Company from time to time. The Company agrees to establish reserves as required by the Bank within seven (7) days after being notified by the Bank. The Company acknowledges and agrees that the Bank may suspend the Company's ACH Services if the Company fails to establish the required reserves within such seven (7) day period.

When the Company is acting in the capacity as a Third-Party Sender, the Company, in addition to acknowledging the Third-Party Sender Annual Attestation, acknowledges that the Company is bound by the Rules and represents and warrants to the Bank as follows:

1. The Company shall perform all of the duties to verify the identity of any Originator prior to transmission of any ACH Entry. The Company shall be responsible to provide the Bank with any information that the Bank considers reasonably necessary to identify each Originator for which the Bank, as ODFI, transmits Entries. Upon the receipt of a request from the Bank for such information, the Company shall provide the information within two (2) business days of such request.

2. The Company has agreed to assume the responsibilities of an Originator, as authorized by the Originator, and required by the Rules. In any case in which the Company fails to perform its obligations as an Originator under the Rules, the Company agrees to indemnify the Bank, hold harmless and defend

the Bank at the Company's sole cost and expense against all suits, claims, demands, loss, liability and expenses, including but not limited to attorney's fees, court costs and related litigation costs and expenses, resulting directly or indirectly, from the failure of the Company to perform its obligations as an Originator. This indemnification obligation shall survive termination of the Company's relationship with the Bank.

3. If the Company performs any obligations of the Bank as ODFI under the Rules, the Company agrees it shall also perform the requirements of an ODFI under the Rules and warrants that it has the legal ability to do so.

4. The Company is obligated to make payment to the Bank for all credit Entries and all debit Entries that are returned by the RDFI. In the event that the Bank does not receive payment from the Company, the Originator of the Entry agrees to pay the Bank.

5. The Company shall ensure that its Originators agree to the responsibilities outlined herein for the retention and delivery of any records, documentation and data related to copies of items, copies of source documents or records of authorization.

6. The Company shall conduct an annual audit of its compliance with the Rules and upon request, to provide documentation supporting such audit within five (5) business days of such request.

7. The Company acknowledges and agrees that Bank as ODFI, has the right to terminate or suspend this Agreement with the Third-Party Sender, or any contractual agreement with each Originator of the Third-Party Sender, for breach of these Rules in a manner that interferes with Bank's compliance with the Rules or other applicable laws.

A COMPANY ACTING AS A THIRD-PARTY SENDER MUST BE ENROLLED IN TIER 3 OF THE LYNX SERVICES.

B. ACH ALERT SERVICES

PLEASE NOTE THAT THE ACH ALERT SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

Through ACH Alert Services ("ACH Alerts") the Company can receive notifications via e-mail or text messaging regarding ACH Debit Entries and Credit Entries (as such terms are hereinafter defined) that are presented for payment against its Accounts. For purposes of ACH Alerts, "ACH Entry" shall refer to electronic funds transfers that settle within a bank or between banks according to specified rules and procedures governed by the Federal Reserve Bank and NACHA; "Debit Entry" shall refer to any ACH Entry which has the intended result of removing funds from the Company's Account(s); and "Credit Entry" shall refer to any ACH Entry which has the intended effect of depositing funds to the Customer's Account(s).

To activate ACH Alerts, the Company shall complete the Bank's enrollment form ("Enrollment Form") designating which Accounts are to be enrolled ("Designated Account"). The Company shall also provide a valid telephone number and/or e-mail address where alert notifications ("Alert Notification") are to be sent. Company may choose to receive ACH Alerts "per transaction" or "per Designated Account". Alert Notifications are sent to Company's designated authorized representatives. Bank shall be allowed a reasonable period of time in which to process the Enrollment Form following its receipt from the Company. Bank shall not be obligated to process any Enrollment Form that is missing any information or is otherwise incomplete.

Company acknowledges and agrees that each Alert Notification may not be encrypted and may include the name of the company originating the entry, and certain information pertaining to the Designated Account. Receipt of an Alert Notification may be delayed or prevented by factors affecting the Company's internet or telecommunications service providers. Bank neither guarantees the delivery or the accuracy of the contents of any Alert Notification.

Through ACH Alerts, Company can individually authorize every ACH Debit Entry and Credit Entry to its Designated Account or opt to preauthorize transactions for trusted companies. If Company elects to

preauthorize transactions, Company shall be responsible for defining customized instructions based on parameters such as acceptable payees, amount and frequency of transactions. Company also must provide a default decision of either pay or return for non-preauthorized entries not decided by the daily cut-off time established by the Bank. Company is solely responsible for maintaining and updating all information for preauthorized transactions. Failure to do so may result in the return of an authorized ACH Debit Entry or Credit Entry or the allowance of an unauthorized ACH Debit Entry or Credit Entry.

Incoming Debit Entries or Credit Entries that originate from pre-authorized originators will be processed and posted to the Designated Account. Alert Notifications will only be sent for non-preauthorized incoming Debit Entries and Credit Entries. Upon receipt of an Alert Notification, Company must instruct the Bank whether to pay-or return the item prior to the Bank's established cut-off time on the Business Day immediately following the settlement date of the entry. Any Debit Entry or Credit Entry not decided by Company prior to the Bank's established cut-off time will be processed in accordance with the Company's default instructions. Company waives any claim of wrongful dishonor or return or wrongful payment or acceptance associated with any Debit Entry or Credit Entry that is returned or paid as a result of the Bank's reliance on the Company's default instructions.

Company acknowledges and agrees that ACH Alerts is only applicable for ACH transactions identified with Standard Entry Class (SEC) Codes of CCD, CTX, PPD, ARC, BOC, RCK, POP, WEB, and TEL.

Company acknowledges and agrees that the Bank assumes no duty to identify and/or block and ACH Alerts may not identify and/or block any duplicate Debit Entries or Credit Entries presented. As such Company agrees to promptly review all statements, reports and other transaction information that the Bank makes available to Company

Company may not use ACH Alerts to reverse or block any ACH Debit Entry or Credit Entry for any reason other than that a transaction is "unauthorized" or "improper" (as designated by the Company). ACH Alerts may not be used to reverse transactions in the event there are insufficient funds in the Company's Accounts or to reverse an otherwise authorized transaction.

Company acknowledges that the return of an ACH Debit Entry or Credit Entry is subject to dispute on the part of the originator. In the event of such a dispute the Company acknowledges and agrees that the Bank must act in accordance with the NACHA Rules. Without limiting any of its indemnification obligations to Bank, Company hereby agrees to accept liability for and hold Bank harmless from and against any and all, damages, losses, fines, fees, taxes, liabilities, costs and expenses including, without limitation, reasonable attorney's fees, arising out of or related in any way to the Bank processing a Debit Entry or Credit Entry in accordance with the Company's instructions.

Any Debit Entry that is paid in accordance with ACH Alerts shall be considered properly payable and Company agrees that Bank shall have no liability to Company for paying any Debit Entry in accordance herewith. Notwithstanding anything to the contrary contained herein, Bank may, but shall not be obligated to, pay any Debit Entry if there are not Available Funds on deposit in the Designated Account.

Company acknowledges that failure to use the Bank's ACH Alerts Service could substantially increase the likelihood of undetected fraudulent activity on its Account(s) and that it is neither unreasonable nor unreasonable under the circumstances for the Bank to require Company to use its ACH Alerts Service upon request. Company agrees that if it fails to implement the ACH Alerts Service following the Bank's request to do so, Company will be precluded from asserting any claim against the Bank for paying an unauthorized, altered, counterfeit or other fraudulent item that the ACH Alerts Service was designed to detect or deter, and Bank will not be required to re-credit your Account(s) or otherwise be liable to Company for paying such item.

C. ZERO BALANCE ACCOUNT TRANSFER SERVICES

PLEASE NOTE THAT THE ZERO BALANCE ACCOUNT TRANSFER SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

With the Bank's Zero Balance Account Transfer Services, the Company can eliminate excess balances in separate accounts and maintain greater control over disbursements. The Company will designate one master funding account ("Master Account") from which Available Funds will be transferred to and from each zero balance account ("Subsidiary Account") at the close of each business day such that the balance in such Subsidiary Account shall be the target balance set by the Company (the "Target Balance"). If the Company fails to specify a Target Balance for a Subsidiary Account, the Target Balance for such account shall be zero dollars. If a Subsidiary Account does not have sufficient Available Funds to cover any checks paid or debits made (collectively "Debits") from such account, the Bank will automatically transfer Available Funds from the Master Account in an amount sufficient to pay such Debits and bring the Subsidiary Account to its Target Balance; provided, however, if more than one Subsidiary Account is linked to a Master Account, the Bank will transfer Available Funds from the Master Account to cover Debits from all Subsidiary Accounts prior to making transfers from such Master Account to restore the Target Balance in any Subsidiary Account. If there are insufficient Available Funds in the Master Account to cover all Debits from all Subsidiary Accounts, the Bank reserves the right, in its sole discretion, to pay or return any such Debits. The Bank is hereby authorized to add or remove Subsidiary Accounts from time to time upon receipt of written notice from an authorized signer on the Master Account.

The Company acknowledges and agrees that, in the event that the Bank receives any levy, garnishment, restraint, or other legal process freezing or otherwise restricting access to funds on deposit in the Master Account or a Subsidiary Account, the Bank may, at its option and without liability, refuse to honor orders to pay, transfer or withdraw funds from any and all Accounts to the extent permitted by applicable law.

D. ACCOUNT RECONCILIATION SERVICE

PLEASE NOTE THAT THE ACCOUNT RECONCILIATION SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

The Bank's Account Reconciliation Service ("ARP Service"), enables the Company to manage, track and reconcile payment activity in its Account(s). We offer both full and partial account reconciliation, as well as a deposit reconciliation service.

Our ARP Service applies only to checks issued by the Company from the Account(s) designated for the ARP Service and only to those checks that are presented for payment through customary interbank clearing methods. The Company acknowledges that customary interbank clearings do not include items presented for payment at a teller window, through an ATM or by mail. The Bank may, at its sole discretion, attempt to compare the Check Information (as hereafter defined) against such items, however, the Bank will not be liable for its failure or refusal to do so, even if the Bank has done so on previous occasions.

Company's enrollment in the ARP Service does not alter Company's obligations to regularly review its Account activity and promptly report to the Bank any errors, discrepancies or unauthorized transactions.

The Company shall electronically transmit to the Bank, no later than 10:00 p.m. ET on the business day that a check(s) payable on its Account(s) is issued, a file containing the following information for each check: check number, issue date, check amount, account number and any such other information that the Bank may require from time to time ("Check Information").

Full Reconciliation

Within five (5) business days after the close of the applicable Account statement cycle, the Bank will provide a reconciliation report package, including a consolidated balance sheet and check paid report, detailing the Company's account activity during the cycle.

Partial Reconciliation

Within five (5) business days, after the close of the applicable Account statement cycle, the Bank will provide a report package including a consolidated profile of checks paid and checks outstanding for the period.

Deposit Reconciliation

With Deposit Reconciliation, if Company has multiple business locations depositing checks to a single account, the Bank will segregate the deposits by location. Company is required to use pre-encoded deposit tickets when making check deposits to the Account. The Bank will report the deposit information by location and in the aggregate within five (5) business days after the close of the applicable statement cycle.

The Company acknowledges that any reports issued by Bank in connection with the ARP Service are being provided solely as an accommodation to the Company and the Bank makes no representation or warranty regarding the accuracy of the information contained therein.

E. POSITIVE PAY SERVICES

PLEASE NOTE THAT THE POSITIVE PAY SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

The Bank's Positive Pay Services ("Positive Pay Services") are designed to assist the Company in the timely identification of unauthorized or suspect check activity on its Accounts. The Bank offers the following three options within its Positive Pay Services: (i) Positive Pay; (ii) Payee Positive Pay and (iii) Reverse Positive Pay. Prior to commencing use of the Positive Pay Services, the Company must provide Bank with a test file and must do so in the form and within the time frame we require.

Positive Pay

The Company shall submit a check issue file ("Issue File") to the Bank by 10:00 p.m. ET on the business day on which the Company issues a check(s) that accurately contains the following information with respect to each check drawn on its Account since the last Issue Report was submitted: (a) account number; (b) check serial number; (c) dollar amount of each check and any other information the Bank may require (collectively, the "Issue Information"). For first time users of Positive Pay, a list of all outstanding checks as of that day must be sent to the Bank. The Issue File shall be electronically transmitted to the Bank in a format mutually agreed upon by the parties.

The Bank shall electronically compare the Issue Information with each check presented for payment ("Presented Item"). If the Issue Information matches the information on a Presented Item, the Bank is hereby authorized to pay such item. If any of the Issue Information does not match the information on a Presented Item, the Bank will identify the item as an exception item ("Exception Item"), and report it to the Company by sending an exception report ("Exception Report") specifying the item serial number, the item amount and the reason why the item is an Exception Item. The Exception Report will be made available to the Company electronically generally by 9:30 a.m. ET, or such other time as may be established by Bank from time to time, on the business day following the business day the Exception Item is presented for payment. The Company shall promptly review the Exception Report each business day. The Company must timely notify Bank whether to pay or return each Exception Item before 3:00 p.m. ET, or such other cut-off time as may be established by the Bank from time to time, on the same business day the Exception Report is made available to the Company. If Company fails to notify Bank of its instructions with respect to an Exception Item prior to the established cut-off time, the Exception Item will be paid or returned in accordance with the Company's default instructions. If no default instructions have been provided, the Exception Item will be returned.

Payee Positive Pay

Payee Positive Pay enhances the Bank's Positive Pay Service by additionally comparing the payee name from the Presented Item against the payee name on the Issue Information. As part of the Issue Information, Company will also include the payee name. When items are presented for payment, in

addition to comparing the check number and amount, the payee name will also be compared to the name presented in the Issue Information. Company will provide Bank with pay or return instructions for Exception Items that either do not have a payee match or that have a payee match but that do not match the MICR information provided by Company to Bank. In the event we are unable to perform the payee name comparison on any day that an item posts to your Account(s), the Payee Positive Pay Service will revert to Bank's Positive Pay service for that day.

Reverse Positive Pay

Reverse Positive Pay allows Company to review all checks presented against its Accounts. Each business day, Bank will electronically send Company a file with a list of checks presented for payment the previous business day ("Reverse Positive Pay Report"). Checks that are presented over the counter for deposit will appear on the Reverse Positive Pay Report made available to the Company the second business day after the day of deposit. Checks that are presented over the counter for encashment are not eligible for Reverse Positive Pay. The Reverse Positive Pay Report will be made available by 9:30 a.m. ET. Company shall compare the information on the Reverse Positive Pay Report to the Company's Issue Information. Company shall notify Bank no later than 3:00 p.m. ET whether to pay or return each item on the Reverse Positive Pay Report. If Company fails to notify Bank of its instructions with respect to an item on the Reverse Positive Pay Report prior to the established cut-off time, the Exception Item will be paid or returned in accordance with the Company's default instructions. If no default instructions have been provided, the Exception Item will be returned.

General Terms and Conditions Applicable to all Positive Pay Services

The Company acknowledges and agrees that by enrolling in and using the Positive Pay Services, each Presented Item will be processed as described herein and that Bank shall have no obligation to perform its customary or any other check verification procedures including, without limitation, inspecting any check for the presence of any number of designated signature(s) or determining whether any signature is authorized or valid. The Company further acknowledges and agrees that if Bank acts in accordance with the procedures set forth herein in paying items through the Positive Pay Services, Bank shall be deemed to have exercised good faith and ordinary care as defined by Articles 3 and 4 of the Uniform Commercial Code ("UCC") and Bank shall have no liability whatsoever in paying such item(s). With respect to any item dishonored or returned by Bank in accordance with Company's instructions, Company waives and releases any claim that the item is properly payable and any claim against Bank for wrongful dishonor under the UCC and any Other Agreement between Company and Bank or otherwise.

The Company understands that the Bank's Positive Pay Service may not identify counterfeit or duplicate checks. The Company agrees to promptly review all statements, returned items, reports and other check and transaction information that is made available to the Company, and to immediately report any identified discrepancies to the Bank.

Nothing herein shall affect the Bank's right to return any check if the Company's Account on which such check was drawn does not contain Available Funds to pay such item or if the Bank in its sole discretion determines that such item is not properly payable. Additionally, the Bank, may, without liability to the Company, refuse to pay any check presented for payment at any of the Bank's branch locations. If the Bank decides to pay an item presented for encashment at the teller line of one of its branch locations, the Company authorizes the Bank to pay such item based upon the Issue Information at the teller line. The Bank may charge a person who presents an item drawn on the Company's Account(s) a fee at the time of encashment.

Company acknowledges and agrees that Bank shall have no obligation to insure the receipt or accuracy of any information or data furnished by Company in connection with the Positive Pay Services and shall have no obligation to make any inquiry or initiate any follow-up investigation regarding the receipt or accuracy of such information or data.

The Company agrees that the Positive Pay Services are intended to be used to identify and return items which Company suspects, in good faith, are fraudulent, and are not intended to be used as a substitute for

Company placing stop payment orders on items which Company does not wish to be paid and which are not suspected as being fraudulent. If Bank suspects or concludes, in its sole discretion, that Company is using the Positive Pay Services in violation of the previous sentence, the Bank may require the Company to provide evidence that the items the Bank is being requested to return pursuant to Company's instructions are in fact fraudulent. Company shall be responsible for reimbursing Bank for any and all costs, expenses, losses (including, without limitation attorney's fees and court costs) that Bank may sustain on items returned under the Positive Pay Services which are not established to be fraudulent items.

The Company acknowledges that Company's failure to use the Positive Pay Services could substantially increase the likelihood of undetected fraudulent activity on its Accounts and that it is neither unreasonable nor unreasonable under the circumstances for us to require Company to use our Positive Pay Services upon request. Company agrees that if it fails to implement the Positive Pay Services following Bank's request that it do so, Company will be precluded from asserting any claim against Bank for paying an unauthorized, altered, counterfeit or other fraudulent item that the Positive Pay Services were designed to detect or deter, and Bank will not be required to re-credit your Account(s) or otherwise be liable to Company for paying such item.

F.WIRE TRANSFER SERVICES

PLEASE NOTE THAT THE WIRE TRANSFER SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

Through the Bank's Wire Transfer Services, the Company can electronically initiate domestic and international funds transfers ("Funds Transfer") from an Account(s) to a specified deposit account of the Company or a third party at the Bank or other financial institution. **PLEASE NOTE THAT COMPANIES ENROLLED IN TIER 2 OF THE LYNX SERVICES: (i) MAY ONLY USE THE WIRE TRANSFER SERVICES TO SEND WIRES DOMESTICALLY; AND (ii) ARE LIMITED TO FIVE (5) OUTGOING WIRE TRANSFERS AND TWO (2) INTRABANK TRANSFERS PER MONTH.**

The Bank may from time to time establish daily transaction limits for the total value of Funds Transfers that may be performed through the Wire Transfer Services by or on behalf of Company in any 24 hour period. Any Fund Transfers exceeding this aggregate limit need not be honored, but may, at the Bank's sole discretion, be honored. The Bank may change or cancel these transaction limits at any time without prior notice to Company, although the Bank will endeavor to notify the Company before the Bank does so.

The Company may use the Wire Transfer Services to initiate one-time Funds Transfers, or to create templates for Funds Transfers made on a repetitive basis which involve the same Company Account and beneficiary account. Templates created by the Company for repetitive transfers are the sole and exclusive responsibility of the Company. The Company agrees that the Bank shall have no liability to the Company for any loss or liability which the Company may incur after the Bank has executed a repetitive Funds Transfer including, without limitation, any loss or liability due to Company error in creating the template.

Upon receipt of instructions to initiate a Funds Transfer ("Payment Order") from the Company, the Bank is authorized and directed to execute such request and charge the appropriate Account for the amount thereof plus any applicable fees and charges. The Bank is further authorized, but has no responsibility, to receive incoming Funds Transfers for credit to the Company's Accounts and to post such funds to the Account(s) specified in the transfer instructions. All Payment Orders sent to the Bank shall be in the format specified by the Bank. The Company represents that all information set forth in a Payment Order shall be accurate and complete. In order to allow the Bank sufficient time to comply with a Payment Order on the business day it is received, the Company shall submit the Payment Order by 4:00 p.m. ET, or such other cut-off time that may be established by the Bank from time to time. Payment Order requests received on a non-business day or after 4:00 p.m. ET on a business day will be treated as being received on, and may be executed on, the next business day.

Payment Orders initiated by the Company through the Services shall be verified and approved by the Company prior to transmission of the Payment Order to the Bank. Company acknowledges and agrees that Company is responsible for any Payment Order and associated funds transfer, whether or not authorized, originated in accordance with the terms set forth in this Agreement. The Bank strongly recommends that the Company designate one (1) authorized user as the initiator of a Payment Order and at least one (1) authorized user as the approver of a Payment Order. The Bank further recommends that an authorized user not act as both an initiator and approver. Notwithstanding the Bank's recommendation, if the Company permits an authorized user to act as both the initiator and the approver, the Company hereby authorizes and directs the Bank to process a Funds Transfer initiated and approved by such authorized user. The Company acknowledges that not using a dual validation approval process substantially increases the Company's risk of liability for an unauthorized transaction. The Company hereby releases the Bank from and against any and all claims, losses and/or damages including, without limitation, attorney's fees, court costs and related litigation expenses, arising from or related in any way to the Company's waiver of the dual validation approval process recommended by the Bank.

The Bank, in its sole discretion, may execute Payment Orders in any order it determines regardless of the order in which they are received. The Bank may use any payment network, clearinghouse, correspondent, intermediary, agent or sub-agent (collectively "Correspondent") including, without limitation, the Fedwire Payment System ("FEDWIRE"), the Clearing House Interbank Payment System (CHIPS) and the Society for Worldwide Interbank Financial Telecommunications (SWIFT) as the Bank, in its sole discretion, determines is appropriate when processing a Funds Transfer. The Company acknowledges that the Bank's ability to execute a Funds Transfer is subject to the funds transfer systems rules and by the funds transfer system capabilities of each Correspondent. Once a Funds Transfer is accepted by a Correspondent, it is that Correspondent's responsibility to pay the funds to the beneficiary and complete the Funds Transfer and the Bank will no longer have any control over the funds. The Bank is not responsible or liable for any delay in processing a Funds Transfer or making funds available to the beneficiary including, but not limited to, if related to a Correspondent's fraud and/or sanctions screening procedures or compliance with the Bank Secrecy Act, OFAC requirements or other similar laws or regulatory requirements. The Company understands and agrees that FX International Funds Transfer (hereafter defined) transactions may not be future dated. If the Bank informs Company of any "value date" or estimated date that a Funds Transfer may arrive at the beneficiary's bank, Company understands that such information is an estimate only based on information available at the time of the Payment Order, and Bank provides no promise or guarantee that the Funds Transfer will be deposited in the beneficiary's account by that date. Incoming Funds Transfers are conditional upon settlement and the Bank has no responsibility to accept any such transfers for the Company's benefit or pay the Company the amount of such incoming Funds Transfer until the Bank receives final settlement. Should the Bank not receive such final settlement, the Company authorizes the Bank to reverse any such Funds Transfer. If there are not sufficient collected funds in the Account, the Company agrees to refund all amounts the Bank paid to the Company relating to the transfer.

If the Company requests that United States Dollars be sent to a beneficiary, beneficiary institution or other institution located outside of the United States, the Bank or any Correspondent may automatically convert the Funds Transfer from U.S. Dollars to the currency of the country of the beneficiary's financial institution, unless the Company instructs us otherwise ("Auto Convert"). The rate of exchange will be the applicable rate in effect at any point in the processing chain as determined by either the Bank or its designated Correspondent in its discretion. The Company agrees to accept the resulting determination of the currency exchange rate. Alternatively, when a beneficiary's bank (or its correspondent bank) converts a U.S. Dollar transaction into a foreign currency, such conversion shall be subject to rates and fees assessed by such banks and may be further subject to various local laws and practices. The Bank has no control over those rates, fees or conditions, and the Company authorizes the Bank to process any resulting changes or credits to the Company's Account. In the event that the Company's wire is automatically converted by the Bank or its designated Correspondent, and the foreign beneficiary requires the payment to be received in U.S. Dollars, the wire will be re-converted by our designated Correspondent and settled in U.S. Dollars.

If Company requests a Funds Transfer in a currency other than U.S. Dollars ("FX International Transfer"), the Bank will debit the Account for the amount requested in U.S. Dollars for the amount of the transfer requested based upon the exchange rate for that foreign currency. The Company acknowledges that a FX International Transfer must be based on a currency that we trade in. For a current list of currencies, we trade in, please contact your Treasury Management Officer. A daily exchange rate for each currency we

trade in will be set and published each business day. The exchange rate will be based upon customary retail exchange rates reflecting market conditions, which will be different from the wholesale (bank-to-bank) published rates. Those rates will be applied to all transactions initiated on the same day unless the Company contacts the Bank to request a custom rate quote. Any exchange rates quoted are subject to change without notice until accepted by the Company. The Bank reserves the right to correct any misquoted or mistaken rates including, without limitation, the right to substitute the correct exchange rate or decline to process the wire transfer. Acceptance of the exchange rate by the Company is an irrevocable agreement to complete the transaction. The Company will be liable for any and all losses, costs, commissions, fees and damages incurred and/or paid by the Bank if the transaction is not completed, if the foreign exchange transaction is reversed or if the transaction is cancelled.

The Company understands that Auto Convert and FX International Transfer transactions are subject to transactional, sovereign and other risks including, without limitation, applicable regulations and restrictions of U.S. and foreign governments relating to foreign exchange transactions, trade restrictions and embargoes, time-zone issues, and cultural differences with respect to holidays and times of observation, and the Company agrees to assume and bear all such risks. Neither the Bank nor any of its Correspondents shall be responsible for any liability the Company may incur if its currency exchange rates are different from rates offered or reported by third parties, or offered by the Bank or our Correspondents at a different time, at a different location or for a different transaction amount.

If an Auto Convert or FX International Transfer wire is returned for any reason, we will convert the payment back to U.S. Dollars at our then current buying rate, less any fees and expenses including, without limitation, any Correspondent or beneficiary bank fees, and re-credit such amount to the Company's Account. The Company agrees to accept this amount as a full refund, even if it is less than the original amount the Bank transferred.

All Payment Orders are subject to verification. The Company covenants that all Funds Transfers originated by or on behalf of the Company shall comply with the terms of this Agreement. The Company further covenants that all Funds Transfers initiated by or on behalf of Company shall comply with all applicable laws, rules and regulations including, without limitation Article 4A of the Uniform Commercial Code and all anti- money laundering and exchange control laws and regulations including economic and trade sanctions promulgated by the Office of Foreign Assets Control of the United States Department of Treasury ("OFAC"). The Bank, without any liability to the Company, is under no obligation to honor either in whole or in part, any Payment Order or associated Funds Transfer that (i) it is unable to obtain proper and satisfactory verification of such Payment Order; (ii) there is any inconsistency between a Payment Order and information previously supplied to the Bank; (iii) a Payment Order is not initiated in accordance with the Bank's Security Procedures; or (iv) there are insufficient or uncollected funds in the Account specified in the Payment Order. Additionally, the Bank shall be excused from failure to transmit a Funds Transfer or delay acceptance of a Payment Order if the Bank is required to take or refrain from such action by any legal, regulatory or governmental authority, or if the Bank reasonably believes that such action may violate any applicable laws, rules or regulations, including, without limitation any regulations issued by OFAC. In such event the Company irrevocably agrees that the Bank may retain any monies transmitted to the Bank, which monies shall not bear interest. The Company further agrees that the Bank may retain such monies until the Bank receives a written release from the appropriate legal, regulatory or governmental authority, or may pay such monies to the appropriate legal, regulatory or governmental authority, if and when required by law. The Bank may disclose or make information available to such legal, regulatory or governmental authorities concerning any Payment Order or associated Funds Transfer as the Bank reasonably believes is necessary or appropriate. Notwithstanding anything to the contrary contained herein, the Bank, in its sole discretion, except when prohibited by applicable law, may reject any Payment Order it receives from the Company for any reason.

The Company is responsible for the accuracy of all information in a Payment Order. The Company understands and agrees that in the event that the Company submits a Payment Order which identifies the beneficiary by both name and a unique numeric or alpha- numeric identifier (e.g. CHIPS UID, FEDWIRE RN, SWIFT BIC, or ABA account number), the Bank, our Correspondents, the beneficiary's financial institution and any other banks participating in the Funds Transfer, may rely solely on the unique identifier, even if it identifies a party different from a party named within the Payment Order, and such reliance shall be binding upon the Company. Neither the Bank, our Correspondents, the beneficiary's financial institution

nor any other participating banks shall have any liability for executing any Payment Order, even if it has knowledge of the discrepancy or inconsistency.

If the Bank receives notice that a Funds Transfer transmitted by the Bank has been rejected by a Correspondent, a beneficiary bank or another bank participating in the Funds Transfer, the Bank shall endeavor to notify the Company of such rejection including the reason given for rejection. Upon rejection, the Bank shall have no further obligation to act upon a Payment Order, nor shall the Bank have any liability to the Company due to rejection by another person in the Funds Transfer process, or the fact that notice was not given or was not given at an earlier time, or within any specified time of receipt, acceptance, execution or payment of any Funds Transfer.

Once Company provides a Payment Order to Bank, Company cannot cancel or amend the Payment Order. If the Company requests cancellation or amendment of a Payment Order, although Bank has not obligation or duty to do so and makes no representation or warranty as to its ability to do so, the Bank may use reasonable efforts to assist Company to attempt to cancel or amend a Payment Order, but the Bank shall have no liability if such cancellation or amendment is not effected for any reason.

The Company directs and authorizes the Bank, subject to the terms of this Agreement, to debit the amount of any Payment Orders issued by, or in the name of the Company, plus applicable fees and charges from the Company's Account and to transmit such amounts in accordance with such orders. In the event that any Payment Order exceeds the amount of Available Funds in the Account, the Bank, may, but is not obligated to, execute such Payment Order. If the Bank elects to perform such a transaction, the Company shall remain liable for all amounts transferred including, without limitation, funds transferred in excess of Available Funds in the Account. In such event, the Bank may charge the Account or any other account the Company maintains with the Bank at any time for payment of the overdraft and applicable costs and expenses.

G. REMOTE DEPOSIT CAPTURE SERVICES

PLEASE NOTE THAT THE REMOTE DEPOSIT CAPTURE SERVICES ARE ONLY AVAILABLE TO COMPANIES ENROLLED IN TIER 2 OR TIER 3 OF THE LYNX SERVICES.

Through the Bank's Remote Deposit Capture Services, the Company may, from time to time, capture an electronic image of a check and transmit that image to the Bank over the internet through a web-based interface for deposit to a Company Account (the "RDC Services").

To be eligible to enroll in and use the RDC Services, the Company must be approved by the Bank. The Company agrees to provide the Bank with such financial, business and operating information as the Bank may reasonably request in connection with the Bank's approval process. If approved, the Company shall be responsible, at the Company's sole cost and expense, for acquiring and installing any hardware, including, but not limited to, a personal computer and an image scanner (the "Equipment") required to access the RDC Services. The Company must use Equipment that meets the Bank's technical requirements. The Company acknowledges and agrees that it is solely responsible, at the Company's cost and expense, for the use, operation, performance and maintenance of all Equipment. The Company further acknowledges and agrees that it will perform or cause to be performed all vendor recommended maintenance, repairs, upgrades and replacements by properly trained personnel. The Bank shall not be liable to the Company for any malfunction, non-function, inaccuracy or other failure of the Equipment used by the Company to access the RDC Services, regardless of whether the Bank approved such equipment.

The Company agrees to use the Equipment in a manner consistent with the terms of this Agreement and for no other purpose. The Company shall be responsible for installing and implementing any changes and upgrades to the Equipment that may be required by the Bank within five (5) days of notification thereof to ensure compliance with regulatory changes or developments, or to protect the integrity and security of the RDC Services. The Company shall be responsible for training its own employees on how to use the Equipment and RDC Services.

The Company agrees that it will only submit checks for processing through the RDC Services that meet

the definition of a “check” set forth in Federal Reserve Board Regulation CC, as amended from time to time (“Regulation CC”), and only those checks that are permissible under this Agreement, or such other items that Bank, in its sole discretion, elects to include in the RDC Services. The Company further agrees that it shall not process any Non-Qualifying Items through the RDC Services. For purposes of this Agreement the term “Non-Qualifying Items” shall be deemed to be any check that (a) is payable to any person or entity other than the person or entity that owns the account that the check is being deposited into, (b) contains an alteration on the front of the check or the Company knows or suspects, or should have known or suspected, is fraudulent or otherwise not authorized by the owner of the account on which the check is drawn, (c) is payable jointly, unless deposited into an account in the name of all payees, (d) is a “substitute check”, including previously truncated and reconverted substitute checks, or is a “remotely created check”, or an “electronically created item” as such terms are defined by Regulation CC, (e) is a savings bond, (f) is drawn on a financial institution located outside of the United States, (g) is not payable in United States currency, (h) is dated more than 6 months prior to the date of deposit and (i) is payable on sight or payable through drafts, as defined in Regulation CC. In the event that a Non-Qualifying Item is processed through the RDC Services, such processing shall not constitute a waiver by the Bank or obligate the Bank to process any other Non-Qualifying Items through the RDC Services in the future. If the Company deposits a Non-Qualifying Item, the Company agrees to reimburse the Bank for any losses, costs and expenses, including, without limitation, reasonable attorney’s fees, court costs and related litigation fees and expenses, the Bank may incur in connection with any warranty or indemnity claims.

The Company bears sole responsibility for the care and security of any original paper items in its possession. In this regard, Bank strongly recommends that Company insert the following above its endorsement on each original item that is scanned for transmission through the RDC Services: FOR DEPOSIT ONLY AT BANKUNITED, N.A., ACCOUNT NUMBER [NUMBER]. The Company shall scan and capture the image of the front and back of each check as well as the MICR (Magnetic Ink Character Recognition) encoding line on each check (“Image”). The Company shall ensure that all Images meet the American National Standards Institute (“ANSI”) standards for image quality required by Regulation CC, and with any requirements set by the Federal Reserve Board, any other regulatory agency with jurisdiction over Bank, or any clearing house or association that Bank uses or agreement Bank has with respect to processing checks. Each Image shall be of such quality that the following information can be clearly read:

1. the amount of the check;
2. the payee of the check;
3. the signature of the drawer of the check;
4. the date of the check;
5. the check number;
6. the information identifying the drawer and the paying institution that is preprinted on the check, including the MICR line, the routing transit number, and the account number on which the check is drawn; and
7. all other information placed on the check prior to the time an image of the check is captured, such as any required identification written on the front of the check and any endorsements applied to the back of the check.

The Company shall inspect and verify the quality of Images and ensure that the digitized images are legible for all posting and clearing purposes. Please note that we do not recommend using the RDC Services for the deposit of money orders or travelers checks. Any money orders or travelers checks deposited using the RDC Services shall be at Company’s sole risk. If Company elects to deposit a money order or travelers check through the RDC Services, the order must have been delivered to, received by, and deposited by Company in the ordinary course of Company’s business. Company must handwrite the amount of the money order on the face of the instrument prior to scanning the item. The Company agrees that it shall be responsible for depositing any checks or other items that do not meet image quality standards directly at the Company’s branch of account. After capturing the Images, the Company shall transmit one or more files containing such Images and all required information (“Batch”) to the Bank in accordance with the reference materials (a copy of which have been provided to the Company) as same may be amended from time to time. Together with each Batch, the Company shall also transmit a control total reflecting the aggregate amount of the checks in the Batch for deposit. The Company shall be solely liable for any Batch or Images that are not received by Bank or are intercepted or altered by an unauthorized third party.

Batch file transmissions will be deemed to have been deposited only when the file is actually received and

accepted for processing by the Bank. Files received by the Bank prior to 7:30 p.m. ET on a business day shall be deemed to have been received on that day. Files received after the 7:30 p.m. ET cutoff time on a business day, or at any time on a day that is not a business day shall be deemed to have been received on the following business day.

A Batch will be deemed to have been received and accepted by the Bank for deposit when all of the following have occurred: (i) the Bank has preliminarily verified that the image quality of the checks is acceptable to the Bank in its sole discretion; (ii) all information is complete and the deposit totals balance to the information provided for the Batch. Subject to the provisions of this Agreement, the Bank shall provisionally credit the appropriate Company Account based upon the information provided by the Company. All items submitted through the RDC Services, however, shall be subject to the Bank's verification and final inspection and may be rejected by the Bank in its sole discretion without liability. The Company shall be responsible for verifying the Bank's receipt of a Batch by confirming that deposits have been posted to the appropriate Account. The Bank shall have no obligation to notify Company of the rejection of a Batch or any Image in a Batch but will make reasonable efforts to do so. Funds from items processed pursuant to this Agreement will be made available for withdrawal in accordance with Bank's Funds Availability Disclosure, as same may be amended from time to time.

The Bank in its sole discretion shall determine the manner in which items shall be presented for payment to the financial institution on which the original check is drawn or through which it is payable (the "Drawee Bank"). If the Bank converts a digitized image to a substitute check, that substitute check will be presented to the Drawee Bank through the check collection channels that the Bank would otherwise use to present a check to the Drawee Bank. If the Bank elects to process the item as an image exchange item, the Bank will forward the item for presentment to the Drawee Bank through the electronic item collection channels that the Bank would otherwise use to present an electronic item to the Drawee Bank. All such processing and presentment shall be done in accordance with timelines established by the Bank from time to time.

The Bank may from time to time establish exposure limits, including per deposit limits and daily deposit limits for the total value of Images that may be deposited through the RDC Services by or on the Company's behalf in any 24-hour period. Any Batches exceeding this aggregate limit need not be honored, but may, at the Bank's sole discretion, be honored. The Bank may change or cancel these deposit limits at any time without prior notice to Company, although the Bank will endeavor to notify the Company before the Bank does so.

If any item previously deposited by the Company is dishonored and/or returned unpaid for any reason, the Company acknowledges and agrees that the original item will not be returned, and the Company shall only be entitled to receive back a copy of a substitute check representing the returned deposited item. In the event that the Company requests that a returned item be re-presented, the Company may only redeposit the substitute check and not the original check, regardless of whether such original check has not yet been destroyed by the Company, at a bank branch location. Company acknowledges and agrees that any original items for redeposit shall not be processed through the RDC Services.

With respect to each and every item presented electronically for deposit through the RDC Services, the Company represents and warrants to the Bank as follows: (a) the Image completely and accurately represents all of the information on the front and back of the check as of the time the Company converted the check to an Image including, without limitation the data contained in the MICR line of the check; (b) the Image contains all necessary endorsements; (c) neither the checks nor the Images contain any alterations; (d) all signatures on items transmitted are authentic and authorized; (e) there will be no duplicate presentment of a check in any form, including an Image; (f) the Company makes all encoding, transfer, presentment and other warranties that the Bank is deemed to make under applicable law, including, without limitation, those that would have applied had Company deposited the original paper item, and those made under the UCC, Regulation CC, and the rules of any image exchange network or clearinghouse; (g) each drawer of a check that has been converted to an Image was properly notified that the check may be converted; (h) no subsequent transferees of the item(s) including, but not limited to, the Bank, a collecting or returning bank, drawer, drawee, payee or endorsee, shall sustain a loss as a result of the fact that the Image was presented for payment or returned instead of the original item; (i) all information provided by the Company to the Bank is true, accurate and complete and properly reflects the business, financial conditions and principal partners, owners or officers of the Company; (j) the Company is not engaged or

affiliated with any businesses, products or methods of selling other than those disclosed by the Company to the Bank; (k) the Company is authorized to enter into and perform its obligations under this Agreement; (l) all checks and business transactions of the Company are, and will be, bona fide, and the Company is a person authorized to collect each item transmitted; (m) after submission of the Image, the Company will not deposit with us or any other deposit taking institution, or otherwise negotiate, endorse or transfer the original item (unless we have notified Company that the Image was not accepted for deposit or that the Image or any substitute check created from the Image is refused by the financial institution upon which it is drawn); (n) no person will receive a transfer, presentment or return of, or otherwise be charged for, the original item, an electronic check or electronic returned check, a substitute check, or a paper or electronic representation of a substitute check such that the person will be asked to make payment based on an item it has already paid; (o) neither the Image nor the original item has been previously submitted or deposited with us or with any other person or entity; (p) after an Image has been transmitted to Bank, Company will not have the item stopped or cancelled or have a replacement issued; (q) there is no action, suit or proceeding pending or to the Company's knowledge threatened which, if decided adversely would impair the Company's ability to carry on its business substantially as now conducted or which would adversely affect the Company's financial condition or operations; (r) the Company conducts its business and submits checks and files in strict compliance with this Agreement and with all applicable laws, rules and regulations; and (s) no checks and files contain any computer viruses or other harmful, intrusive or invasive codes.

The Company shall bear sole responsibility for secure storage and destruction of each original check submitted through the RDC Services. Company should retain the original checks for only that amount of time (but no fewer than 60 days) that Company deems necessary for its internal business needs or for such time that is required by and in accordance with applicable law, statute or regulation. Company understands and agrees that it must use a high degree of care to protect these items against security risks. These risks include, without limitation: (i) theft or reproduction of the original checks for purposes of presentment for deposit after the original checks have already been presented for deposit via the RDC Services; and (ii) unauthorized use of information derived from the original checks. During the period that Company maintains the original items, Company agrees to promptly produce (but in any event within five (5) business days) the original of, or a legible copy of the front and back of, any check deposited using the RDC Services upon Bank's request to aid in the clearing and collection process, to resolve claims by third parties with respect to any item or as the Bank may otherwise reasonably require. The Company shall take appropriate security measures to safeguard the originals of such items until they are destroyed in order to prevent duplicate deposit of items and employee fraud. The Company shall use a commercially reasonable method consistent with Regulation CC to permanently destroy each original check after the expiration of the sixty (60) day retention period.

The Company acknowledges that it is responsible for establishing a contingency plan in the event of system failure or other interruption in the RDC Services. Such plan may, for example, include the manual deposit of checks directly at one of the Bank's branch office locations. The Bank shall have no liability of any kind related to or as a result of the Company's failure to establish a commercially reasonable contingency plan.

In addition to the other indemnification requirements set forth in this Agreement, Company agrees to indemnify, defend and hold Bank harmless from and against any and all actions, proceedings, liabilities, losses, claims (including, without limitation, warranty claims), costs, expenses and attorney's fees relating to or arising in connection with: (a) Bank processing of items or debiting or crediting the account of any person in accordance with this Agreement or Company's instructions; (b) Company's actions or omissions including, without limitation, a breach of any representation or failure to comply with this Agreement by Company; (c) any misuse or the RDC Services by Company, its employees or agents; (d) actions by third parties (such as the introduction of a virus) that delay, alter or corrupt the transmission of any Images or information to Bank; (e) the failure to act or delay by any financial institution other than Bank; or (f) any claim by a recipient of a substitute check (or a check in electronic form) that the recipient incurred a loss due to (i) the receipt of the substitute check (or the check in electronic form) instead of the original check, or (ii) multiple payments with respect to the same original check, based on any combination of the original check, the substitute check, and/or a paper or electronic copy of either. This indemnity shall survive termination of this Agreement.

expense, promptly return to the Bank any Equipment provided or owned by the Bank, together with any materials relating to the RDC Services in its possession or under its control.

I.

. INTERNAL TRANSFER SERVICES

Through the Internal Transfer Services, the Company may initiate internal transfers of funds to or from its Accounts at the Bank. The Company authorizes the Bank to charge its designated Accounts for all transfers that the Company initiates through the Internal Transfer Services.

A transfer request received on a non-business day or after 9:00 p.m. ET on a business day will be treated as being received on the next business day the Bank is open for business.

The Bank shall not be obligated to make any transfer the Company may request unless there are sufficient Available Funds or available credit in the Company's Account to cover the transfer. If a transfer is rejected due to insufficient Available Funds or available credit in the Company's Account, an exception notice will be presented to the Company through the LYNX Services. If the Company desires to retry the transfer, the Company must submit a new request. The Bank shall not, and shall not be obligated to, automatically retry any rejected transfer.

The following additional terms shall apply with respect to transfers to or from a Credit Account made through the Internal Transfer Services:

(i) Only current regularly scheduled loan payments, principal reduction payments and advances in an amount equal to or less than the amount available for disbursement may be made to or from a Credit Account. K. STOP PAYMENT SERVICES

Through the Services, the Company may request a stop payment on any checks written on the Accounts which have not yet been paid by the Bank. All stop payment requests entered through the Services shall be deemed a written stop payment within the meaning of the UCC and shall be valid for a period of one (1) year from the date entered, unless otherwise renewed by the Company. All such renewals must be in writing and shall be in the form and substance required by the Bank. A fee in accordance with the Bank's Schedule of Fees will be assessed to the Account for each stop payment request. No stop payment request

will be effective against a check that has been paid prior to the time that the Bank has both received the request and has had a reasonable period of time to act upon the request. The Company agrees to indemnify and hold the Bank harmless from and against any and all costs and expenses including, without limitation, attorney's fees, court costs and related litigation costs and expenses, incurred by the Bank for refusing payment on all items upon which a stop payment request is placed and further agrees not to hold the Bank liable for payment contrary to any such request if the same occurs through inadvertence, accident or oversight.
