

# STAFF REPORT

## CITY OF GREEN COVE SPRINGS, FLORIDA

**TO:** City Council Regular Session

**MEETING DATE:** January 6, 2026

**FROM:** Marsha Lowry

**SUBJECT:** City Council approval of funding in the amount of \$25,117 to Gresco for "Fault Indicators" to be used by the Electric department. ***Marsha Lowry***

### BACKGROUND

The electric department utilizes a wide variety of wire and other materials in the electric system. The Warehouse Specialist works with the Electric Superintendent to solicit quotes from vendors and utilizes a combination of price and lead time to award material purchases to vendors. Bids for these materials were obtained from Anixter, Irby, and Gresco. Fault indicators are necessary for locating faults or outages which reduces downtime and limits the number of customers affected. They also allow for better resource allocation and labor cost savings.

### FISCAL IMPACT

\$25,117 to the Electric Department budget.

### RECOMMENDATION

Motion to approve funding in the amount of \$25,117 to Gresco for the purchase of regular Electric department stock. (fault indicators)
