Subject: City of Green Cove Springs proposed comprehensive plan amendment 21-1ESR

CAUTION: This email originated from outside of the organization. . Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Daniels,

St. Johns River Water Management District (District) staff have reviewed City of Green Cove Springs proposed comprehensive plan amendment 21-1ESR in accordance with the provisions of Chapter 163, Florida Statutes (F.S.). Based on the review of the submitted materials, District staff have no comments on the proposed amendment.

As a reminder, the District approved the 2015–2035 North Florida Regional Water Supply Plan (NFRWSP) in January 2017. The District has previously contacted the City regarding the need to adopt a Water Supply Facilities Work Plan within 18 months of District governing board approval of the NFRWSP. The District is providing this email as an additional reminder about the requirement to adopt a Water Supply Facilities Work Plan and related comprehensive plan amendment. Based on recent discussions with City staff, the District understands that the City plans to adopt a Water Supply Facilities Work Plan in late 2021, in coordination with its Evaluation and Appraisal Report-based amendments.

If you have any questions or need additional information, please contact me. Please note that all proposed and adopted comprehensive plan amendments can be submitted to the District by email at sfitzgibbons@sjrwmd.com.

Sincerely,
Steve Fitzgibbons
