

Orange Avenue Corridor Study

Help us create safer, sustainable and livable communities.

The North Florida TPO is working in partnership with the City of Green Cove Springs to improve the users experience on US 17 for all modes of transportation in our community. Join us to learn more and provide feedback for the Orange Avenue Corridor Study.

The study area includes Orange Avenue from SR 16 north to Orion Road. Proposed changes include traffic and safety improvements, constructing medians, sidewalks, landscaping and other amenities along the corridor. No funding for the project's design or construction has been identified at this time. The project is being coordinated with the City's master plan that is being developed concurrently.

June 7, 2022 • A formal presentation will begin at 5 p.m. followed by an open house at Green Cove Springs City Hall

Orange Avenue Corridor Study

June 7, 2022

**Green Cove Springs City Hall
321 Walnut Street
Green Cove Springs, FL 32043**
