

STAFF REPORT

CITY OF GREEN COVE SPRINGS, FLORIDA

TO: City Council Regular Meeting

MEETING DATE: January 5, 2021

FROM: Scott Schultz, Asst. Water Utilities Director

SUBJECT: City Council approval of funding, and authorization for the city Manager to execute, a task order in the amount of \$49,500.00 to Mittauer & Associates for surveying, topographic analysis, permitting, design and construction management for water and sewer force main extension on County Road 209 South.

BACKGROUND

Staff has had a several recent inquiries for water & sewer services along County Road 209 South. There are portions of water and sewer infrastructure on each end of CR 209. Completing the “looping” of the infrastructure will provide services to vacant parcels and allow water to be fed from two directions should there be a break in the existing infrastructure.

On 12/8/2020 Council approved Change Order #2 in the amount of \$400,000.00 to General Underground for construction of the water & sewer infrastructure.

As the infrastructure will go under the FDOT First Coast Expressway and County Road 209 South, formal engineering, surveying and permitting will be required.

FISCAL IMPACT

\$27,675.00 to the Water Fund CIP Budget

\$21,825.00 to the Wastewater CIP Budget

RECOMMENDATION

Approve funding the amount of \$49,500.00 to Mittauer & Associates for surveying, topographic analysis, permitting, design and construction management for water and sewer force main extension on County Road 209 South.
