SUBJECT: City Council approval of a bid proposal from Jax Utilities Management, Inc, to Construct the new parking area and the drive through at the ASACC facility in the amount of \$ 219,195.54. *Steve Thomas*

BACKGROUND

City Council approved the revised parking layout plan for the ASACC facility on September 15, 2020. Staff solicited a bid from Hubbard Construction, who has the County paving contract, and they declined to submit a proposal. Staff then reached out to Jax Utilities Management, Inc. for a proposal based on a bid that is eligible for piggy-back pricing. That bid is attached for Council consideration. The piggy-back bid information is not available as of this writing, but will be available to Council on Tuesday evening. Staff believes the proposal for Jax Utilities is a good proposal to complete the site work and paving for this project.
