\* Personal loans made through Upgrade feature Annual Percentage Rates (APRs) of 8.49%-35.99%. All personal loans have a 1.85% to 9.99% origination fee, which is deducted from the loan proceeds. Lowest rates require Autopay and paying off a portion of existing debt directly. Loans feature repayment terms of 24 to 84 months. For example, if you receive a \$10,000 loan with a 36-month term and a 17.59% APR (which includes a 13.94% yearly interest rate and a 5% one-time origination fee), you would receive \$9,500 in your account and would have a required monthly payment of \$341.48. Over the life of the loan, your payments would total \$12,293.46. The APR on your loan may be higher or lower and your loan offers may not have multiple term lengths available. Actual rate depends on credit score, credit usage history, loan term, and other factors. Late payments or subsequent charges and fees may increase the cost of your fixed rate loan. There is no fee or penalty for repaying a loan early. \*Approval not guaranteed. Your loan terms will be determined based on your credit, income, and certain other information provided in your loan application. Not all applicants will qualify for the full amount.
