1. Incorporation of Recitals. The Recitals are an integral part of this Agreement and are incorporated herein by reference.
2. Modifications.

A. Paragraph 3. a. of the Agreement is hereby amended to further clarify use of the pickleball courts by the public and the County. Accordingly, paragraph 3. a. of the Agreement shall be amended and replaced in its entirety with the following:

- a. The Project. The City shall provide the Property located at Augusta Savage Park for six outdoor pickleball courts to the County at no cost for the design and construction of the courts. The design and construction of six outdoor pickleball courts will consist of six paved and striped courts with a total impervious surface of approximately 14,641 square feet, netting for each court, fencing around the perimeter of the outdoor courts, and infrastructure as may be required by St. Johns River Water Management District (the "Project"). Once the Project is available for public use, the City agrees to operate and maintain the pickleball courts. Additionally, the City agrees to provide access to the pickleball courts by the general public on a first come first served basis unless the courts are otherwise scheduled or unavailable and to provide the County access to the pickleball courts with the right to schedule use of the pickleball courts, including, but not limited to, use of the pickleball courts by other persons, organizations and entities unless the courts are otherwise scheduled or unavailable. Should the County desire use of the pickleball courts for the County or other persons, organizations and entities, the City agrees to waive any applicable rental fees for such use and shall cooperate and work with the County to facilitate such use and/or reservation of the pickleball courts. The City as the owner of the Property shall have the right to schedule and enter into agreements for use of the Property and pickleball courts by the City or other persons, organizations and entities.

B. Paragraph 3. b. of the Agreement, as previously amended by the First and Second Amendments, shall be amended and replaced in its entirety with the following:

b. Design and Construction.

i. Obligations of the County.

In addition to the County's obligations set forth elsewhere in the Agreement, the County has the following obligations:

- 1) The County agrees to fund the design, permitting, and construction of the Project to the extent set forth herein. The City shall fund a portion of the design and the City's Construction Items identified in provision 3. b. ii. of the Agreement. The City shall also fund any approved change orders to the construction contract that increase the Contract Price as further addressed in provisions 3. b. i. 3) and 3. b. ii. 3). The County has contracted with GAI Consultants, Inc. ("GAI") for the design of the Project. The County has awarded Bid No. 23/24-18 to Brogdon Builders, LLC to perform the construction of the Project at Augusta Savage Park in the total amount of \$464,830.31 ("Contract Price"). The construction contract shall require the contractor to provide a single insurance policy and bond to protect the Project and to provide that the payment and performance bonds submitted by the contractor be assignable to the City in the event it is necessary to pursue the bonds for defective work, failure to perform, or failure to complete the Project in accordance with paragraph 8 of the Agreement. The contract shall contain the requirement that the contractor shall look to the County, and not to the City, for payment of the work associated with the Project. The County will incorporate the City's Construction Items into the construction contract, providing for the work components to be listed separately so that the total costs of materials and construction for the work associated with the City's Construction Items are easily discernable from the total costs of materials and construction for the Project. The County shall not be obligated to remit final payment to the contractor for completion of the Project until the following items have been submitted to and approved by the County: final accounting, completion of any punch list, final acceptance by the County of the Project, As-Built plans, releases of liens or equivalent proof of payments to subcontractors and suppliers, contractor's warranty and any warranties from third parties, and certificate/affidavit of final payment.
- 2) The County shall oversee the contract administration, construction inspection, and project oversight required to complete the Project. The County will provide all direction to the selected contractors in the performance of the design and construction of the Project.
- 3) In the event of an unforeseen or a change in condition arising during the construction of the Project, the County agrees to notify the City of these conditions, and the County and the City agree to meet in an effort to verify the cause or conflict, determine any resolution to these conditions, and approve any issuance of a change order or amendment to the construction contract. The City shall be responsible for any amount over the Contract Price in accordance with an

approved change order to the construction contract that was previously reviewed and approved by the City regardless of whether such change is related to the City's Construction Items or a construction item previously paid by the County. Accordingly, the City shall reimburse the County for any expenses incurred by the County which are associated with an approved change order or amendment to the construction contract. The City agrees to pay these expenses within forty-five (45) calendar days upon submittal of an invoice to the City by the County.

- 4) Following completion of construction, the County shall ensure the Contractor prepares and provides to the City As-Built plans.
- 5) Any expenditure of funds by the County for construction or otherwise under this Agreement is subject to appropriation of such funds in the County's budget.

ii. Obligations of the City.

In addition to the City's obligations set forth elsewhere in the Agreement, the City has the following obligations:

- 1) The City has reviewed the final design submittal prepared by GAI for the Project and agrees to fund the following construction line items for the Project: 6' Fence, Gate, 2" Conduit, Junction Box, Pullbox, and any additional items that may be agreed to by the City (the "City's Construction Items").
- 2) The City agrees to pay to the County a portion of GAI's design costs in the total amount of \$15,000.00 within forty-five (45) calendar days upon submittal of an invoice to the City by the County. The City further agrees to pay to the County the full cost of the City's Construction Items in the amount of \$28,334.87. Following the County's issuance of a notice to proceed to the contractor to begin construction of the Project, the City agrees to pay the amount due for the City's Construction Items within forty-five (45) calendar days upon submittal of an invoice to the City by the County.
- 3) In accordance with provision 3. b. i. 3), the City agrees to pay to the County the full cost and expense for any approved amendments or change orders to the construction contract that were previously reviewed and approved by the City regardless of whether such change is related to the City's Construction Items or a construction item previously paid by the County within forty-five (45) calendar days upon submittal of an invoice to the City by the County.
- 4) The City acknowledges that the contractor will perform solely at the direction of the County.
- 5) Any expenditure of funds by the City for construction or otherwise under this Agreement is subject to appropriation of such funds in the City's budget.

3. Conforming Changes. All provisions in the Agreement and any amendments, attachments, schedules or exhibits thereto in conflict with this Third Amendment shall be and hereby are changed to conform to this Third Amendment.
4. Ratification of Agreement. Except as amended hereby, the Agreement, as amended, remains unchanged and in full force and effect.
5. Counterparts. This Third Amendment may be executed in counterparts, each of which when so executed shall be deemed to be an original, and such counterparts shall together constitute and be one and the same instrument.
6. Entire Agreement.
