

STAFF REPORT

CITY OF GREEN COVE SPRINGS, FLORIDA

TO: City Council Regular Meeting **MEETING DATE:** September 9, 2022
FROM: Scott Schultz, Asst. Water Utilities Director
SUBJECT: City Council approval for staff to work with the Clay County Utility Authority (CCUA) to modify both utilities Water & Sewer Service Territory.

BACKGROUND

The City and CCUA have been collaborating on providing water and sewer service to the southeast section of Clay County (Rookery etc.). During these discussions consensus was reached that there are a few parcels in the CCUA Service Territory that would not be reasonable for them to extend water and sewer service to. In working with the City Attorney (Jim Arnold) we have drafted a *Third Addendum to the Interlocal Agreement*. This draft has been sent to CCUA executive staff and may be modified to fit their presentation to the CCUA Board for approval.

FISCAL IMPACT

No Fiscal Impact

RECOMMENDATION

Approve staff to work with the Clay County Utility Authority (CCUA) to modify both utilities Water & Sewer Service Territory
