Scott, as the lead time is 50 weeks, yes I would get on order.

Thank You

Joe Hansford

Joe:

Do we want to order Phase I and Phase II now?

**Subject:** FW: Quote - Irby  
**Importance:** High

All, here is the primary cable we will be needing for the Rookery project the first two phases. We would like to have only OKONITE cable for the primary from know on as this is the best cable for us. Irby was going to write up our spec for us, please get this on order as the lead times are far out.

Thank You

Joe, as requested, I have attached the stand alone quotes for the EPR cable for the Rookery Project.

I also separated them into each phase, but I can combine into one entire project quote if needed.

Please let me know how we can support you on this or if you have any questions 😊

**Subject:** RE: Quote - Irby

**Importance:** High

Jeremy- I sincerely apologize for the delay on these quotes.

Please see the attached excel sheet, 2 formal PDF Irby quotes by phase, and a zip file with the spec sheets for any alternates quoted.

I am attaching a spreadsheet as an additional resource, just to make it all easier to read, but the formal PDF quotes and the spreadsheet are the same.

There are a few notes regarding the spreadsheet attached-

- The first two tabs are the original BOM RFQ from GCS.
- The last two tabs are Irby's submission by project phase. I can combine if needed 😊
- The stock numbers highlighted in RED are items where we quoted your listed approved manufacturer, and an alternate mfg.
- The notes highlighted in YELLOW are notes that will need your attention.
- The quantities in RED are where I had to change the qty requested due to standard pack requirements.
- All prices are firm through 7/19/2024 unless otherwise noted.

If I can answer any questions or help you with anything through this process, please reach out to me!

Thank you all,

**Emily Molina**
