RE: Consideration to Adopt Resolution 02-2022 to Grant the Expansion and Enlargement of a Non-Conforming Structure and Resolution 03-2022 to Grant a Variance to Municipal Code 12-2-29(A) Stream and Lake Setbacks Located at Block 14, Grand Lake Estates 2nd Filing; More Commonly Referred to as 700 Lake Front Road (A.K.A. Shadow Mountain Recreation Park) #12

Location Map:

Purpose:

To replace an existing trailer with a newer unit. The owner states that the trailer is not in good condition and needs replacement.

Background:

In 2007, the Planning Commission reviewed a planned development application for Block 14, GLE 2nd which was called the Shadow Mountain Recreation Park. The Commission recommended the planned development proceed with preliminary plat. The planned development has not moved forward since 2007.

- The Board of Trustees granted an Encroachment License for Unit #6 by Resolution 1-2016.

- The Planning Commission granted a change to a non-conforming structure by Resolution 23-2015 (Unit #6).
- The Board of Adjustment denied a variance application to expand the existing mobile home square footage (Unit #10) in 2006.
- The Board of Adjustment granted a variance application to expand the existing mobile home square footage (Unit #15) in 2005.
- The Board of Adjustment granted a variance application to expand an existing mobile home square footage (Unit #13) in 2002.

Additional Information:

Staff received and reviewed an application for replacement of a structure located at 700 Lake Front Road #12. Town staff denied the building permit due to the location in the 30' stream setback and it's pre-existing non-conforming use. According to Certificate of Title, the existing mobile home (Unit #12) was constructed in 1961.

Owners submitted required paperwork for the request:

- Site Plan
- Explanation of Hardship- the existing trailer is 55 ft. x 10 ft. in dimension. Trailers are no longer available in this size and are larger in width than previously manufactured. Additionally, existing trailer has a water leak and possible evidence of mold.
- Survey
- Signed Agreement for Services with the Town and deposit
- Additional Information
- HOA approval letter

The proposed replacement trailer has a smaller square footage and is within the HOA guidelines for size (see table 1). This replacement would bring the unit into compliance with the HOA, however, the "Resort" zoning does not allow for trailers on this property and thus a variance to pre-existing, non-conforming replacement has been requested. Also, this unit is located in the 30' shoreline setback (Figure 1), where per M.C. 12-2-29 states that any activity within the setback requires approval by the Planning Commission and Board of Trustees.

	Existing	Proposed	Allowed (per HOA)	Lot size
Footprint	55' x 10'	38'-7" x 13'-6"	50' x 14'	55' x 20'
Square Footage	550 SF	506 SF	700 SF	1100 SF
Deck	74 SF	94.5 SF	--	--
Total with decks	624 SF	615 SF	--	--

Table 1

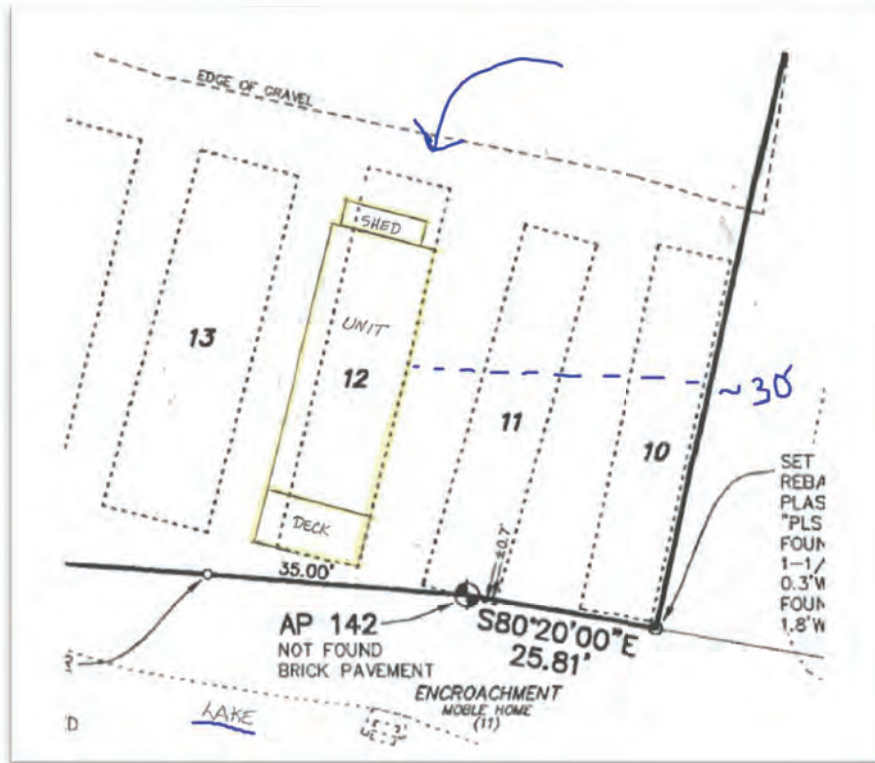

Figure 2

The existing structure is considered non-conforming for the following reasons per the Municipal Code:

- Block 14 is zoned resort district. Mobile homes are not a Use by Right in this district.

Municipal Code:

Municipal Code 12-2-29 Shoreline and Surface Water Regulations states:

(A) Stream and Lake Setbacks

1. In order to help preserve the environmental quality of the water in the Grand Lake, a thirty (30) foot stream and lake setback from the mean identifiable high water mark shall be maintained for buildings, parking, snow storage areas and other improvements to a site. The setback applies to a stream, creek, river, irrigation ditch (dry or wet), lake, pond, wetland, or any other body of water.

2. When activities are proposed within the 30' setback, a variance may be requested by an Applicant. As scheduled by Town Staff and based on agenda availability, The Planning Commission shall review the request at a Public Hearing and make a recommendation to the Town Board of Trustees, who shall make the final determination... The Town Board of Trustees may opt to hold a Public Hearing. The

*Town Board of Trustees will hold a Public Hearing within 45 days from receiving a recommendation from the Planning Commission.*

Municipal Code 12-2-6 Definitions states:

*Mobile Home - Any vehicle or similar portable structure originally constructed to have no foundation other than wheels, jacks or skirtings and so designed or constructed to permit occupancy as living or sleeping quarters and shall have been issued a manufacturer's statement of origin.*

Municipal Code 12-2-32 Non-Conforming Uses and Structures states:

*(A) Non-Conformance - Certain uses of land and buildings may be found to be in existence at the time of the passage of this Article which does not meet the requirements as set forth herein. It is the intent of this Article to allow the continuance of such non-conforming use.*

*1. A building or use that is in violation of the requirements of this Code and was constructed or established since the adoption of this Code without the necessary approvals, permits or authorizations from the Town is considered nonconforming. The owner and/or operator of a nonconforming building or use shall be subject to actions and penalties allowed by this Code and all other applicable Town Ordinances and shall be required to correct the nonconforming situation to come into conformance with all applicable standards and regulations of this Code.*

*(B) Expansion or Enlargement*

*1. A non-conforming building or use to be extended or enlarged shall conform with the provisions of this Article.*

*(a) Special Exceptions to Provisions on Expansion of Non-Conforming Uses*

*3. The Planning Commission may authorize, upon appeal in specific cases, an exception permitting an increase in a non-conforming use on a parcel when the parcel has similar non-conformances, subject to terms and conditions fixed by the Commission. No exception shall be authorized hereunder unless the Commission shall find that all the following conditions exist:*

- (a) The use is a non-conforming use as defined by this Article and is in full compliance with all requirements of this Article applicable to non-conforming uses;*
- (b) That, owing to exceptional and extraordinary circumstances, literal enforcement of the provisions of this Article regarding non-conforming uses will result in unnecessary hardship;*
- (c) That the exception will not substantially or permanently injure the appropriate use of adjacent conforming property in the same zone district or other zone districts;*
- (d) That the exception will not alter the essential character of the district in which is located the property for which the exception is sought;*
- (e) That the exception will not weaken the general purposes of this Article or the regulations established herein for the specific district;*
- (f) That the exception will be in harmony with the spirit and purposes of this Article.*
- (g) That the exception will not adversely affect the public health, safety, or welfare.*

Staff Comments:

Commissioners shall find that 12-2-32 (B) (3) items a-g exist in order to approve an exception to the non-conforming condition. Staff believes the completion of the Planned Development Application would alleviate most building permit requests for the property. Considering the age of the Planned Development Application and lack of progress by the Applicant to complete review by the Town, Staff believes issuing building permits to the structures only encourages the application to remain idle.

Staff recommends the Commission adopt the draft resolution as presented, which grants the replacement of the existing non-conforming mobile home with a less non-conforming unit and includes the following conditions:

1. The Applicant obtains an approved Building Permit for the Property; and,
2. The Applicant complies with all other federal, state, and local regulations; and,
3. In granting this Request the Commission is not obligated to grant similar requests in the future nor does granting this Request set precedent for any future requests; and,
4. The Applicant has one (1) year to comply with all the conditions and requirements above or this authorization shall become null in void.

Staff recommends the approval of the activity within the 30' shoreline setback with a condition that the applicant adequately protect the shoreline with erosion control devices during the placement of the proposed structure.

Commission Discussion:

The Commission should discuss the findings of fact for the non-conforming structure, the shoreline setback and the request of the Applicant.

Motion:

The Commission has several options to consider including:

1. Adopt both Resolution 02-2022 and 03-2022 as presented, thus granting the request of the Applicant with conditions; or,
2. Adopt both Resolution 02-2022 and 03-2022 resolution with modifications; or,
3. Not adopt the resolutions, thus denying the request.
