Zoning Board of Appeals
City of Grosse Pointe Woods 20025
Mack Plaza Dr
Grosse Pointe Woods, MI 48236

SUBJECT: 551 ROSLYN ROAD VARIANCE REQUEST
ZONING: RA-1, ONE-FAMILY RESIDENTIAL DISTRICT
APPLICANT: RUSS SANDS

Dear Board Members:

We have reviewed the request submitted by the applicant (Russ Sands) for a variance from the side yard setback requirements at his home located at 551 Roslyn Road to be able to enlarge his home with additions that make it more accessible.

Aerial view of the subject property

Communities for real life.

PLAN DETAILS

The applicant, who was seriously injured in an automobile accident and requires a motorized wheelchair, seeks to renovate his home to make it more accessible. Specifically, he seeks to install an elevator, build a new concrete patio, wood deck (with a new wood ramp), and accessible bathroom, and make many other renovations.

VARIANCE REQUEST

Per Section 50-3.1.A.4 of the City's Zoning Ordinance, the minimum side yard setbacks in the R-1A Zoning District are 10 feet per side and a total of 25 feet.

The applicant's plan shows that the home currently has side yard setbacks of 4 feet (on the west) and 8 feet, 8.5 inches (on the east), and is therefore a legally nonconforming use. The proposed renovations increase these nonconformities only in size of the structure, it does not increase the degree of the nonconformity in terms of the structure extending further into the current side yard setback.

Section 50-3.8 of the Ordinance does allow for a reduction of side yards for certain lots if more than 50 percent of lots on the block have side yards setback less than what is required in the district. The reduced side yard is determined by the average of the existing structures so long as the side yard of the smaller side is not less than 4 feet and the total of the sides is not less than 12 feet. Based on Wayne County Parcel Data several adjacent properties on the same block do not comply with the side yard setback as set in the Ordinance; however, we do not have enough plot plans on file to determine with certainty the average side yard setback of the block. The structure does, however, abide by the absolute minimum set side yard setback at 4 feet and the total setback minimum of 12 feet.

In this case, the applicant is seeking a variance for a reduction of 12 feet, 3.5 inches of the total required side yard setback.

VARIANCE COMMENTS

Per *Section 50-7.15.1.1* of the Zoning Ordinance, the Board of Appeals must find that "practical difficulty" has been demonstrated and make findings regarding the following standards prior to acting on a proposed variance. Additional information brought forward by the Board, the applicant, and/ or during the public hearing should be incorporated into the record prior to the Board making any determination. The Ordinance outlines the following criteria for consideration in determining a variance. Our comments follow:

1. **The variance must be in harmony with and serve the intent and purpose of the Ordinance, considering the following:**
 - a. **That strict compliance with the restrictions governing area, setbacks, frontage, height, bulk, density, and other similar items would unreasonably prevent the petitioner from using the property for a permitted purpose or would render conformity with said restrictions unnecessarily burdensome.**

The applicant, who is wheelchair-dependent, needs to be able to make several renovations to continue to be able to live in his home. However, strict compliance with the side yard setback requirements would prevent many of these renovations from taking place. If the requested variance is not granted, it is highly likely that the applicant would be forced to move.
 - b. **That a variance would do substantial justice to the petitioner as well as to other petitioners in the zoning district; or whether a lesser relaxation of the restrictions would give substantial relief to the petitioner and be more consistent with justice to others (i.e., are there other more reasonable alternatives).**

Granting this variance would allow the petitioner to make necessary accessible modifications to his home, and the variance would not negatively impact others in the same zoning district.
 - c. **That the plight of the petitioner is due to unique circumstances of the property.**

The subject property is rather unique in that it is legally nonconforming due to small side yard setbacks. If the applicant resided in a home with more typical existing side yard setbacks, it is likely that he would be able to make the requested renovations without needing to seek a variance.

d. That the petitioner's problem is not self-created.

The petitioner is wheelchair dependent because of an automobile accident, so the "problem" should not be considered one that was self-created.

RECOMMENDATION

Based on the analysis in this review, we find that the requested side yard setback variance should be granted.

Respectfully submitted,

Hello Mollie,

So same thing with the house on Anita, 551 Roslyn is a nonconforming existing structure due to side yard setbacks.

This property is in the R-1C One-Family Residential District. By the Ordinance, the minimum side yard setback should be at least 6 feet on one side and 16 feet total for two. However, it is currently 4 ft on one side and 8ft 8.5in on the other, for a combined total of 12 feet 8.5inches.

Hi Brigitte,

The contractor called about this permit, we approved the plan review on 8/21/23 but he hasn't paid for the permit fee yet so we haven't issued it. Can you verify the zoning is correct in case he comes in this week to pay for the permit?

Thanks,

Mr. Sands was seriously injured in an Auto accident resulting in Life Alterations. Mr. Sands requires a Motorized Wheelchair for his Mobility needs. The Medical / Therapy Team recommended Accessible Modifications to allow Mr. Sands Safe Wheelchair Access into the Home including the Basement.

The Proposed Elevator will be placed in the Proposed Rear Expansion of the Existing Attached Garage allowing for Wheelchair Access from Garage to First Floor and down to the Basement. The Basement Access will provide the following for Mr. Sands –

- Access to Electrical Panels and Mechanicals
- Utilization of space for placements of Exercise / Therapy Equipment
- Safe Shelter during Severe Weather conditions
- Accessible Bath

The placement of the Elevator in the Proposed Rear Addition to the Existing Garage will provide Mr. Sands with the amenities listed above.

The Proposed Rear Addition to the Existing Garage will be constructed "Matching" the Existing Garage side wall of the West Side Property maintaining the 4 foot Setback. The Addition will expand to the Rear Property Line by 10'-7½".

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that the City Council, meeting as a Zoning Board of Appeals (ZBA) under the provisions of Michigan Compiled Laws, 125.3101 through 125.3702 as amended, to consider a variance for the property located at 551 Roslyn Road. A variance is required for the proposed enlargement of the residential building due to the nonconforming nature of the building, it does not comply with the side yard setback requirement of the R-1C District. The ZBA hearing is scheduled for Monday, November 20, 2023, at 7:00 p.m. in the Council-Court Room of the Municipal Building, at 20025 Mack Plaza Dr. The application is available for inspection at the Municipal Building, 20025 Mack Plaza Dr., between 8:30 a.m. and 5:00 p.m. Monday through Friday. All interested persons are invited to attend and will be given opportunity for public comment. The public may appear in person or be represented by counsel. Written comments will be received in the City Clerk's office, up to the close of business preceding the hearing. A group spokesperson is encouraged on agenda items concerning organized groups. Individuals with disabilities requiring auxiliary aids or services at the meeting should contact the Grosse Pointe Woods Clerk's Office at 313 343-2440 seven days prior to the meeting.
