

MEMO 22-50

TO: Frank Schulte, City Administrator  
FROM: Jim Kowalski, Director of Public Services *J.K.*  
DATE: December 16, 2022  
SUBJECT: Recommendation – Chene – Trombley Park Improvement Project – Playground Equipment

On July 11, 2022 Stucky Vitale Architects was awarded phase two and three of the Chene – Trombley Park Improvement Project. The project includes new fencing, a covered picnic area, a rest room, a walking path, a tot lot, and an Americans with Disabilities approved swing set. Existing already in the park is a playscape for children ages 5 to 12 that will remain.

Stucky Vitale Architects obtained a quote from Pro-Techs Surfacing, LLC to purchase the playground equipment for the tot lot and the swing set through the Sourcewell Program for \$101,978.83 (proposal attached – total \$99,643.62 plus the alternate of \$2,335.21). The Sourcewell Program was formally known as the National Joint Powers Alliance (NJPA) Program. The Sourcewell Program is a cooperative purchasing program for states and government agencies and the City can take advantage of this government pricing offered.

To move forward with the Chene – Trombley Park project, I am recommending that Council approve the purchase of the playground equipment from Pro-Tech Surfacing, LLC, PO Box 301, Sharon Center, OH 44274, in the amount of \$101,978.83.

This is a budgeted item included in 2022/2023 fiscal year budget in Municipal Improvements – Parks and Rec account no. 401-902-977.104.

I do not believe any benefit will accrue to the City by seeking further bids. Approved for Council consideration.
