

## Early Voting Plan

No later than 120 days before the first statewide or federal election in each even numbered year, the clerk of the municipality is responsible for ensuring an Early Voting Plan is filed with the county clerk of the county in which the municipality is located.

Not less than 45 days before the first early voting day allowed by statute, the clerk will be responsible for providing the Secretary of State any changes made to a previously submitted Early Voting Plan that affect the locations, dates, and hours of operation for each early voting site operated by the municipality. This ensures that the correct information is posted on the Michigan Voter Information Center (MVIC) portion of the Department of State’s website.

**Plan Coverage:** Single Municipal
