

**CITY OF GROSSE POINTE WOODS  
MEMORANDUM**

**Date: June 6, 2022**

**To: Mayor Bryant and City Council**

**From: Shawn Murphy, Treasurer/Comptroller**

**Re: FY 2022 – 2023 Industrial Waste Control (IWC) Charges**

**RECEIVED**

**MAY 20 2022**

**CITY OF GROSSE POINTE WOODS  
CLERK'S DEPARTMENT**

Industrial Waste Control charges are assessed to all commercial and industrial end users that send wastewater to the GLWA wastewater treatment plant. The IWC charges are to offset the costs incurred in administering regulatory activities under the Sewer Use Ordinance/Industrial Waste Control Ordinance as required in the National Pollutant Discharge Elimination System (NPDES) Permit Program and the Clean Water Act (CWA). There is a delegation Agreement with each community to collect the industrial waste control charges from the end-users even though most communities are contracting agency customers to the wholesale sewer contract customer.

The billing process for IWC charges involves the following two steps:

1. The City bills all non-residential users IWC charges based upon the user's meter size. GLWA establishes its IWC charges in the sewer service charge development process. Certain facilities are exempted which include: fire-protection, multi-family dwellings, public and private elementary schools which are part of a governmental school district, colleges, universities and professional schools, junior colleges and technical institutes, and local and state governments.
2. The City reports to GLWA the quantity and size of the non-residential meters and GLWA bills each community the IWC charge accordingly.

There is no cost to the City for these charges; this fee is strictly a pass through of charges and is represented this way in the water/sewer operating budget for fiscal year 2022-2023. I am requesting approval of the attached fee resolution for implementation effective July 1, 2022.
