

MEMO 21 - 53

RECEIVED
OCT 27 2021
CITY OF GROSSE POINTE WOODS
CLERK'S DEPARTMENT

TO: Bruce Smith, City Administrator
FROM: Frank Schulte, Director of Public Services *FS.*
DATE: October 7, 2021
SUBJECT: Wayne County Annual Permit Community Resolutions

Each year Wayne County issues the City of Grosse Pointe Woods an Annual Maintenance Permit to Construct, Operate, Use and/or Maintain – To Occupy the Right-of-Way of County Roads. The County also requires an Annual Pavement Restoration Permit and an Annual Permit for Special Events. As in prior years, the Model Community Resolutions and copies of the city's certificate of insurance must accompany the approved permits. The cover letter indicates updates in insurance requirements; however, there are no changes from 2021 to 2022. City Attorney Lisa Anderson has reviewed the Annual Permits and has approved them for Council's review.

I recommend the City Council adopt the Model Community Resolutions authorizing execution of the annual maintenance permit, the annual pavement restoration permit, and the annual permit for special events, authorize the Director of Public Services to sign the permits, and authorize the City Clerk to forward said documents to Wayne County.

If you have any questions concerning this matter please contact me.

RE: A-22054
2022 Annual Permit Package
Wayne County Department of Public Services
Engineering Division – Permit Office

Attention: Frank Schulte

Enclosed is your Wayne County Annual Maintenance Permit package. The Annual Permit authorizes a municipality to occupy Wayne County road rights-of-way for the purpose of inspection, repair and routine maintenance of the following facilities which are under its jurisdiction:

1. Sanitary sewer inspection, repair and routine maintenance.
2. Water main inspection, repair, routine maintenance and installation of residential and commercial water service connections (two-inch maximum diameter).
3. Application of dust palliatives.
4. Repair and replacement of existing sidewalks.

Note: A separate permit will be required for final pavement repairs when pavement is broken while making either emergency or non-emergency repairs.

In addition to the Annual Permit, the package also includes the following attachments, which are incorporated by reference into the permit:

1. *Scope of Work and Conditions for Municipal Maintenance Permits*
2. *General Conditions and Limitations of Permits*
3. *Indemnity and Insurance Attachment*
4. *Model Community Resolution*

Please review the insurance attachment carefully, since the insurance requirements have been recently updated.

The WCDPS Permit Office has published its manual, *Rules, Specifications and Procedures for Permit Construction*. This manual replaces the Permit Specifications Document which was attached to annual permits in previous years. The manual is also incorporated by reference into this annual permit and is available online at:

http://www.waynecounty.com/dps/construction_permits.htm

As a condition of the annual permit, the County requires that your governing body pass a blanket resolution of approval which

- a) agrees to fulfill all permit obligations and conditions
- b) to the extent allowed by law, hold harmless and defends Wayne County and its officials and employees against any and all damage claims, suits or judgments of any kind or nature arising as a result of the permitted activity
- c) designates and authorizes an appropriate official of the requesting municipality to sign the permit on its behalf.

Please return the original permit, signed and dated by the person authorized and designated by the resolution, along with a certified copy of the resolution and a copy of your certificate of insurance, consistent with the requirements transmitted in this package. Type the name of the designated signer below the signature line and submit these documents to:

**Wayne County Department of Public Services
Permit Office
Attn: Anthony Amaro
33809 Michigan Avenue
Wayne MI 48184**

Once received, the Permit Coordinator will validate your permit and return an executed copy to you for your files.

The *Scope of Work and Conditions for Municipal Maintenance Permits* requires that the Permit Holder submit monthly reports of all work performed under this permit. These reports should be faxed to 734.595.6356.

If you have any questions regarding this Annual Permit, please contact me at 734.858-2768.

Respectfully Submitted,

Randa Saghir
Administration Management

**Scope of Work and Conditions Attachment
For Annual Municipal Maintenance Permits**

The Annual Permit authorizes the municipality to occupy Wayne County road rights-of-way for the purpose of inspection, repair and routine maintenance of the facilities listed below that are under its jurisdiction.

Scope of Work - The following work is authorized under the Annual Maintenance Permit:

Sanitary Sewers

1. Inspection, repair and routine maintenance of the facilities under its jurisdiction

Water Main and installation of 2" pipe

1. Inspection, repair and routine maintenance of the facilities under its jurisdiction
2. Water service connection with 2" diameter pipe or less, serving single customer

A separate permit will be required for any operations performed under the following conditions for Water and/or Sanitary related work:

- a. For all water service connections larger than a two inch (2") diameter.
- b. For any water service connection that serves more than one customer.
- c. Whenever work is to be performed in a new subdivision.
- d. For any sanitary sewer service connection.

Dust Palliative Applications

1. Dust palliative treatment shall be with calcium magnesium chloride in accordance with Wayne County specifications.
2. The municipality shall designate each road to be treated with dust palliative and pay the Contractor for all materials and service.
3. Prior to the application of Dust Palliative Materials, the Permit Holder shall provide at least seven (7) days notice to the Wayne County Roads Division (313-955-9920) to allow for preparation and inspection of the roads to be treated.

Sidewalk

1. Existing sidewalks may be repaired or replaced at existing alignment on existing grade.

A separate permit will be required for the construction of a new sidewalk, for the replacement of an existing sidewalk on a new alignment or grade or for the construction of new sidewalk ramps to the County road.

Street Sweeping

1. Street sweeping shall be performed during daylight hours only.
2. All traffic control devices shall conform to the provisions of the current MMUTCD.

Permit Conditions

1. **A separate permit will be required for final pavement repairs when pavement is broken while making either emergency or non-emergency repairs.**
2. Reports indicating all work performed or that no work was performed under the permit shall be provided to the Permit Office at the end of each month.
3. Any work not covered under the annual scope of work and conditions above shall require a separate permit. Refer to the *Wayne County Rules, Specifications and Procedures Construction Permits*.
4. All inspection costs, including overtime, supervision, testing of materials and emergency work, if required, shall be billed to the Permit Holder.

**Wayne County Department of Public Services
Engineering Division – Permit Office
Indemnity and Insurance Attachment**

To the extent allowed by law, the Permit Holder shall defend and hold harmless Wayne County, the Department of Public Services, its officials and employees against any and all claims, suits and judgments to which Wayne County, the Departments, its officials and employees may be subject and for all costs and actual attorney fees which may be incurred on account of injury to persons or damage to property, including County property. The Permit Holder shall provide this indemnity for any incident arising out of any and all activities performed under the permit or in connection with work not authorized by the permit, or resulting from the failure to comply with the terms of the permit, or arising out of the continued existence of the work product that is subject to the permit.

Certificates of insurance shall be required for all construction permits, excluding residential driveway permits. Each certificate of insurance and any associated correspondence shall reference the plan review number of the project. General liability and automotive liability insurance coverage shall be in amounts detailed below:

The general liability insurance coverage shall be in amounts not less than \$1,000,000 each occurrence and \$2,000,000 general aggregate. Proof of automobile liability shall be in amounts not less than \$1,000,000 combined single limit for each accident, bodily injury per accident, and property damage per accident, and in an amount not less than \$1,000,000 for bodily injury each person, each occurrence and property damage liability \$1,000,000 each occurrence.

The certificate of insurance must be provided by a person, the corporation, or by authorized representatives who signed personally either the application or permit. Insurance shall remain in force until the permit is released by Wayne County.

The Wayne County Department of Public Services shall be a Certificate Holder on the policy of insurance. Wayne County, drainage district, and its officers, agents and employees shall be named as additional insured parties. It is also required that the annual permit numbers are included on each certificate of insurance.

The insurance shall cover a period not less than the term of the permit and shall provide that it cannot be cancelled or reduced without thirty (30) days advance written notice to Wayne County, by certified mail, first-class, return receipt requested. The thirty (30) days shall begin on the date when the County received the notice, as evidenced by the return receipt.

Such insurance shall provide by endorsement therein for the thirty (30) day notice by the insurer to the Permit Office prior to termination, cancellation or material alteration of the policy.

Licensee agrees to make application for renewal thereof at least sixty (60) days before the expiration date of the policy then in force and to file a certified copy of such renewed policy with the Permit Office.

The policy shall also provide by endorsement for the removal of the contractual exclusion.

Should insurance coverage be cancelled or reduced below acceptable limits, or allowed to expire, the authorization to continue work under the permit shall be suspended or revoked and shall not resume until new insurance is in force and accepted by Wayne County. Wayne County may, in such cases, take appropriate action to restore or protect the road and appurtenances. All costs incurred by this action shall be deducted from any remaining inspection deposit, bond and/or Letter of Credit and, if necessary, the Permit Holder may be billed to defray actual expenses.

Wayne County Department of Public Services
Engineering Division – Permit Office
Conditions & Limitations of Permits

Plan Approval and Specifications: All work performed under the permit shall be done in accordance with the approved plans, specifications, maps, statements and special conditions filed with the County and shall comply with Wayne County Specifications, as defined in the current *Wayne's Utility Rules, Specifications and Procedures for Permit Construction*, included as an attachment to this permit, the *Wayne County Standard Plans for Permit Construction*, and the *MDOT Standard Specifications for Construction*, as modified by WCDPS Special Provisions, and other WCDPS specifications. Any situation or problem which occurs as a result of the construction, operation, use and/or maintenance of the facility at the right-of-way and is not covered by the approved plans nor by the County's current Standards and Specifications shall be resolved by the Permit Holder as directed and approved by the Permit Office. Any significant change to the plans must be approved by the Permit Office and is authorized only when an approved addendum is obtained from the Permit Office.

Fees: The Permit Holder shall be responsible for all fees and costs incurred by the County in connection with the permit and shall deposit payment for fees and costs as determined by the County at the time the permit is issued.

Bond: The Permit Holder shall furnish a bond in cash or Certified check in an amount acceptable to the County to guarantee performance under the conditions of the permit. The County may use all or any portion of the bond which shall be necessary to cover any expense, including inspection costs or damage incurred by the County through the granting of the permit. Should the bond be insufficient to cover the expenses and damages incurred by the County, the Permit Holder shall pay such deficiency upon billing by the County. If the bond amount exceeds the expenses and damages incurred by the County, the excess portion will be returned to the Depositor. The excess performance bond provided for herein, when it cannot be returned, shall be deposited into the County Road Fund and become a part thereof, unless claimed by the Depositor within one year of the date of satisfactory completion of the construction authorized by the permit.

Insurance: The Permit Holder shall furnish proof of liability and property damage insurance in the form and amounts acceptable to the County with Wayne County named as an insured party. The Permit Holder shall maintain this insurance until the permit is released, revised or cancelled by the County.

Indemnification / Hold Harmless: Sub-section 1 herein applies to all Permit Holders except Municipalities. Sub-section 2 herein applies to Municipalities only.

1. To the extent allowed by law, the Permit Holder shall indemnify, hold harmless and defend Wayne County, its Department of Public Services, its officials and employees against any and all claims, suits and judgments to which the County, the Department, its officials and employees may be subject and for all costs and actual attorney fees which may be incurred on account of injury to persons or damage to property, including property of the County, whether due to negligence of the Permit Holder or to the joint negligence of the Permit Holder and the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of the work product that is the subject of the permit. This hold harmless provision must not be construed as a waiver of any governmental immunity by the County.

2. To the extent allowed by law, the Municipality as Permit Holder shall hold harmless and defend Wayne County, its Department of Public Services, its officials and employees, for the Municipality's own negligence, tortious acts, errors, or omissions, and the acts, errors, or omissions of any of its employees, on account of injury to persons or damage to property, including property of the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of work product that is the subject of the permit. Sub-section 1 above applies to contractors, subcontractors, consultants, or agents of the Municipality. This hold harmless provision must not be construed as a waiver of any governmental immunity by the County or the Municipality's, as provided by statute or modified by court decisions.

Permit on Site: The Permit Holder shall keep available a copy of the permit and any associated approved plans on site during permitted activities.

Notification for Start and Completion of Work: The permit shall not become operative until it has been fully executed by the County. The Permit Holder shall notify the County before starting construction and shall notify the County when work is completed. The Permit Holder or their representative shall have copies of the executed permit and approved plans in their possession on the job site at all times.

1. The Permit Holder shall provide at least three (3) days advanced notice, excluding Saturdays, Sundays and holidays, to the Permit Office prior to the commencement of any permitted activities by submitting a START OF WORK NOTIFICATION form by mail, fax or e-mail. In certain instances, additional notice may be required by the Permit Office. In the event that construction work ceases for a period of time, then the Permit Holder shall notify the Wayne County Inspector at least 24 hours prior to resuming work.

2. The Permit Holder shall comply with all requirements of the *Miss Dig Statute, MCL §160.701 et. seq.*, as amended. The Permit Holder shall call "MISS DIG", at (800) 982-7101, at least 72 hours, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work. The Permit Holder assumes all responsibility for damage to or interruption of underground utilities.

3. The Permit Holder shall call Wayne County Department of Public Services' Traffic Operations Office at (734) 955-2154, at least 72 hours prior, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work in the vicinity of any traffic signal equipment owned, operated or maintained by Wayne County.

Safety: The Permit Holder agrees that all work under the permit shall be performed in a safe manner and to keep the area affected by the permit in a safe condition until the work is completed and accepted by the County. The Permit Holder shall furnish, install, and maintain all necessary traffic controls and protection which are in accordance with the current Manual on Uniform Traffic Control Devices (MUTCD). The Permit Holder shall conduct all activities and maintain all facilities as set forth in the permit in a manner so as not to damage, impair, interfere with, or obstruct a public road or create a foreseeable risk of harm to the traveling public. The Permit Holder shall comply with all applicable OSHA and MSHA requirements.

Underground Utilities: The Permit Holder shall contact all utility owners regarding their facilities prior to starting work and shall comply with all applicable provisions of Act 32, Public Act of 1974, as amended. Wayne County makes no warranty other expressed or implied as to the condition or suitability of subsurface conditions or any existing facility which may be encountered during an excavation. The presence or absence of utilities is based on the best information available and the County is not responsible for the accuracy of this information. The Permit Holder assumes all responsibility for the interruption and damage to underground utility. The Permit Holder is responsible for proper disposal, in accordance with current regulations, of any material excavated from within the right-of-way. Such materials include, without limitation, soils or groundwater contaminated by petroleum products or other pollutants associated with sites identified by the MDEQ or reported on appropriate release forms for underground storage tanks.

Assignability: The permit is neither transferable nor assignable without the written consent of the County.

Limitation of Permit: The Applicant and the Permit Holder shall be responsible for obtaining and shall secure any permits or permission necessary or required by law from State, federal or other local governmental agencies and jurisdictions, corporations or individuals. These include, without limitation, those pertaining to drains, inland lakes and streams, wetlands, windlands, flood plains, filling, noise regulation and hours of operation. Issuance of a Wayne County permit does not authorize activities otherwise regulated by State, federal or local agencies.

Access of Other Vehicles: The Permit Holder shall, at all times possible, maintain a minimum of one acceptable access to all abutting occupied properties, driveways and side streets unless otherwise specified on the approved plan. The Permit Holder shall notify all owners or occupants of properties whose access may be temporarily disrupted during the permitted work. The local police, fire or emergency service agencies shall enforce acceptable access. The Permit Holder shall provide signing and other improvements necessary to ensure adequate access until the roadway, driveway or side street is restored. The Permit Holder shall conduct all operations so as to minimize inconvenience to abutting property owners. Wayne County reserves the right to reasonably restrict the progress of work by the Permit Holder based on the rate of roadway and right-of-way restoration, including permanent or temporary pavement. Wayne County may require that work be suspended until satisfactory backfilling of open trenches or excavations has been completed and driveways, side streets and drainage restored.

Restoration: The Permit Holder agrees to restore the County road and road right-of-way, County drain easement or County park property to a condition equal to or better than its condition before work under the permit began. If the Permit Holder fails to satisfactorily restore the permitted work area, Wayne County may take all practical actions necessary to provide reasonably safe and convenient public travel, preservation of the roadway and drainage, prevention of soil erosion and sedimentation, and elimination of nuisance to abutting property owners caused by the permitted activity. Security in the form of cash, a certified check or surety bond shall be required to secure the cost of restoring the disturbed portion of the right-of-way to an acceptable safe condition. The amount of the security shall be determined by the Permit Office. In the event that a suspension of work will be protracted or that the work will not be completed by the Permit Holder, the Permit Holder shall restore the right-of-way to a condition similar to the condition that existed prior to issuance of the permit.

Acceptance: Acceptance by the County of work performed does not relieve the Permit Holder of full responsibility for work performed or the presence of the permitted facility. The Permit Holder acknowledges that the County has no liability for the presence of the Permit Holder's facility located within the County road right-of-way, County drain easement or County park property.

Permit Expiration and Extension of Time: All work authorized by the permit shall be completed to the satisfaction of the Permit Office on or before the expiration date specified in the permit. Any request for an extension of time for completion shall be on a completed County form and shall demonstrate good cause for granting the request. Additional requirements may be imposed as a condition of an extension of time due to seasonal limitations or other considerations. These additional requirements may include, without limitation, changes in materials or construction methods, reestablishment of fees, bonds, deposits and insurance requirements.

Responsibility: The design, construction, operation and maintenance of all work covered by the permit shall be at the Permit Holder's expense with the exception that the Permit Holder will not be responsible for maintaining road widening or similar facilities which become part of the County roadway.

Revocation: The permit may be suspended or revoked at the will of the County. Upon order of the County, the Permit Holder shall surrender the permit, cease operations and remove, alter or relocate, at their expense, the facilities for which the permit was granted. The Permit Holder expressly waives any right to claim damages for compensation resulting from the revocation of the permit.

Violation: The County may declare the permit null and void if the Permit Holder violates the terms of the permit. The County may require immediate removal of the Permit Holder's facilities and restoration of the County property, or the County may remove the facilities and restore the County property at the Permit Holder's expense. The Permit Holder agrees that in the event of a violation of the terms of the permit or in the event the work authorized by the permit is not satisfactorily completed by the permit expiration date, the County may use all or any portion of the performance bond to restore the County road right-of-way, drain easement, wastewater facility or park property as necessary for reasonably safe and efficient operations and maintenance, or to establish extraordinary maintenance procedures as required to assure reasonably safe and efficient operation of the County facility.

Inspection and Testing of Materials: Wayne County reserves the right of inspection and the testing of materials by its authorized representatives of all permitted activities and/or activities within the road right-of-way, County owned property or within a County drain easement. All items identified by the final inspection shall be retailed prior to release of the permit. All materials and methods utilized during the course of the authorized permit work shall meet the requirements of the current MDOT Standard Specifications for Construction as modified by Wayne County Special Provisions, Standard Plans for Permit Construction and this manual. The Permit Holder shall reimburse Wayne County for all required inspections and testing of materials.

Design: The Permit Holder is fully responsible for the design of the permitted facility, such that the design shall be consistent with all applicable County standards, specifications, guidelines, requirements and with good engineering practice. Any errors in the plans that become evident after the issuance of a permit, and which change the scope of permitted work, are subject to review and may be grounds for revocation of the permit. The Permit Office will not relieve the Permit Holder of the responsibility of erecting errors, deficiencies or omissions due to oversight or unforeseen contingencies such as faulty drainage, poor subsoil conditions or the failure of the Permit Holder's engineer to show all the related or pertinent conditions inside or outside the plan area.

Drainage: Drainage shall not be allowed to flow into the road right-of-way or road drainage system unless approved by Wayne County.

Permit Holder Compliance: The Permit Holder shall abide by the conditions and limitations contained on the permit and all other conditions listed within the WCDPS Rules, Specifications and Procedures for Construction Permits. The application of any work undertaken under the permit shall constitute the Permit Holder's agreement to the Provision.

**MODEL COMMUNITY RESOLUTION
AUTHORIZING EXECUTION OF
WAYNE COUNTY PERMITS**

Resolution No. _____

At a Regular Meeting of the _____ (Name of
Community Governing Board) on _____ (date), the following
resolution was offered:

WHEREAS, the _____ (hereinafter the "Community") periodically applies to the County of Wayne Department of Public Services, Engineering Division Permit Office (hereinafter the "County") for permits to conduct emergency repairs, annual maintenance work, and for other purposes on local and County roads located entirely within the boundaries of the Community, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

WHEREAS, pursuant to Act 51 of 1951, being MCL 247.651 *et seq.*, the County permits and regulates such activities noted above and related temporary road closures;

NOW THEREFORE, BE IT RESOLVED, in consideration of the County granting such permit (hereinafter the "Permit"), the Community agrees and resolves that:

Any work performed for the Community by a contractor or subcontractor will be solely as a contractor for the Community and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the Community. The County shall not be subject to any obligations or liabilities by vendors and contractors of the Community, or their subcontractors.

The Community shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgment being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the Community requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Resolution as part of a permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

This Resolution stipulates that the requesting Community shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary

signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

This Resolution stipulates that the requesting Community shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Resolution shall continue in force from the date of execution until cancelled by the Community or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the Community with regard to any Permit which has already been issued or activity which has already been undertaken.

The Community stipulates that it agrees to the terms of the County of Wayne permit at the time a permit is signed by the Community's authorized representative.

BE IT FURTHER RESOLVED, that the following individual(s) is/are authorized in their official capacity as the Community's authorized representative to sign and so bind the Community to the provisions of any and all permits applied for to the County of Wayne, Department of Public Services Engineering Division Permit Office for necessary permits from time to time to work within County road right-of-way or local roads on behalf of the Community.

RE: A-22109
2022 Annual Permit Package
Wayne County Department of Public Services
Engineering Division – Permit Office

Attention: Frank Schulte

Enclosed is your Wayne County Annual Pavement Restoration Permit package. The Annual Permit authorizes your company to occupy Wayne County road rights-of-way for the purpose of pavement repair and restoration.

In addition to the Annual Permit, the package also includes the following attachments, which are incorporated by reference into the permit:

1. *General Conditions and Limitations of Permits*
2. *Indemnity and Insurance Attachment*
3. *Model Community Resolution*

Please review the insurance attachment carefully, since the insurance requirements have been recently updated.

The WCDPS Permit Office has published its manual, *Rules, Specifications and Procedures for Permit Construction*. This manual replaces the Permit Specifications document which was attached to annual permits in previous years. The manual is also incorporated by reference into this annual permit and is available online at:

http://www.waynecounty.com/dps/construction_permits.htm

In particular, refer to Section 6, "Restoration" and Section 7, "Maintaining Traffic and Traffic Control Devices" for specific rules and specifications regarding pavement restoration work. Additionally, refer to Wayne County Standards of Permit Construction, numbered: PR-1, PR-2, PR-3, PR-4 and PR-5 for detailed specifications on pavement repair and patching. These standards are also available online at the above web address.

As an additional condition of this annual permit, the Permit Holder agrees to provide at least 72 hours prior notice before starting any construction. Each notice shall be sent to the Permit Office at the address shown below and shall include the location and date of the proposed work along with a detailed set of construction plans.

Department of Public Services – Permit Office
33809 Michigan Avenue, Wayne, MI 48184 ☎ Phone (734) 858-2774 ☎ Fax (734) 595-6356

For each restoration project, plan review and inspection costs, including overtime, supervision, materials testing and emergency work (if required) will be billed to the Permit Holder on a monthly basis.

Please return the original permit, signed and dated by an authorized signatory, confirming that the signer's name is typed below the signature line and submit these documents to:

**Wayne County Department of Public Services
Permit Office
Attn: Anthony Amaro
33809 Michigan Avenue
Wayne MI 48184**

Once received, I will validate your permit and return an executed copy to you for your files.

If you have any questions regarding this Annual Permit, please contact me at 734.858-2768.

Respectfully Submitted,

Randa Saghir
Administration Management

In consideration of the Permit Holder and Contractor agreeing to abide and conform with all the terms and conditions herein, a Permit is hereby issued to the above named to Construct, Operate, Use and/or Maintain within the Road Right of Way, County Easement, and/or County Property. The permitted work described above shall be accomplished in accordance with the Approved Plans, Maps, Specifications and Statements filed with the Permit Office which are integral to and made part of this Permit. The General Conditions as well as any Required Attachments are incorporated as part of this Permit.

WAYNE COUNTY DEPARTMENT OF PUBLIC SERVICES

FRANK SCHULTE PERMIT HOLDER / AUTHORIZED AGENT	DATE	PREPARED BY
<BLANK>	DATE	VALIDATED BY
CONTRACTOR / AUTHORIZED AGENT		DATE

**Wayne County Department of Public Services
Engineering Division – Permit Office
Conditions & Limitations of Permits**

Plan Approval and Specifications: All work performed under the permit shall be done in accordance with the approved plans, specifications, maps, statements and special conditions filed with the County and shall comply with Wayne County Specifications, as defined in the current *Wayne County Rules, Specifications and Procedures for Permit Construction*, included as an attachment to this permit, the *Wayne County Standard Plans for Permit Construction*, and the *MI/DOT Standard Specifications For Construction*, as modified by WCDPS Special Provisions, and other WCDPS specifications. Any situation or problem which occurs as a result of the construction, operation, use and/or maintenance of the facility in the right-of-way and is not covered by the approved plans nor by the County's current Standards and Specifications shall be resolved by the Permit Holder as directed and approved by the Permit Office. Any significant change to the plans must be approved by the Permit Office and is authorized only when an approved addendum is obtained from the Permit Office.

Fees: The Permit Holder shall be responsible for all fees and costs incurred by the County in connection with the permit and shall deposit payment for fees and costs as determined by the County at the time the permit is issued.

Bond: The Permit Holder shall furnish a bond in cash or Certified check in an amount acceptable to the County to guarantee performance under the conditions of the permit. The County may use all or any portion of the bond which shall be necessary to cover any expense, including inspection costs or damage incurred by the County through the granting of the permit. Should the bond be insufficient to cover the expenses and damages incurred by the County, the Permit Holder shall pay such deficiency upon billing by the County. If the bond amount exceeds the expenses and damages incurred by the County, the excess portion will be returned to the Depositor. The excess performance bond provided for herein, which it cannot be returned, shall be deposited into the County Road Fund and become a part thereof, unless claimed by the Depositor within one year of the date of satisfactory completion of the construction authorized by the permit.

Insurance: The Permit Holder shall furnish proof of liability and property damage insurance in the form and amounts acceptable to the County with Wayne County named as an insured party. The Permit Holder shall maintain this insurance until the permit is released, renewed or cancelled by the County.

Indemnification / Hold Harmless: Sub-Section 1 herein applies to all Permit Holders except Municipalities. Sub-Section 2 herein applies to Municipalities only.

1. To the extent allowed by law, the Permit Holder shall indemnify, hold harmless and defend Wayne County, its Department of Public Services, its officials and employees against any and all claims, suits and judgments to which the County, the Department, its officials and employees may be subject and for all costs and actual attorney fees which may be incurred on account of injury to persons or damage to property, including property of the County, whether due to negligence of the Permit Holder or to the joint negligence of the Permit Holder and the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of the work product that is the subject of the permit. This hold harmless provision must not be construed as a waiver of any governmental immunity by the County.

2. To the extent allowed by law, the Municipality as Permit Holder shall hold harmless and defend Wayne County, its Department of Public Services, its officials and employees, for the Municipality's own negligence, tortious acts, errors, or omissions, or the acts, errors, or omissions of any of its employees, on account of injury to persons or damage to property, including property of the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of the work product that is the subject of the permit. Sub-section 1 above applies to subcontractors, subcontractors, consultants, or agents of the Municipality. This hold harmless provision must not be construed as a waiver of any governmental immunity by the County or the Municipality's, as provided by statute or modified by court decisions.

Permit on Site: The Permit Holder shall keep available a copy of the permit and any associated approved plans on site during permitted activities.

Notification for Start and Completion of Work: The permit shall not become operative until it has been fully executed by the County. The Permit Holder shall notify the County before starting construction and shall notify the County when work is completed. The Permit Holder or their representative shall have copies of the executed permit and approved plans in their possession on the job site at all times.

1. The Permit Holder shall provide at least three (3) days advanced notice, excluding Saturdays, Sundays and holidays, to the Permit Office prior to the commencement of any permitted activities by submitting a START OF WORK NOTIFICATION form by mail, fax or e-mail. In certain instances, additional notice may be required by the Permit Office. In the event that construction work ceases for a period of time, then the Permit Holder shall notify the Wayne County Inspector at least 24 hours prior to resuming work.

2. The Permit Holder shall comply with all requirements of the Michigan State, MCL §460.701 et seq., as amended. The Permit Holder shall call "MISS DIG", at (800) 482-7161, at least 72 hours, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work. The Permit Holder assumes all responsibility for damage to or interruption of underground utilities.

3. The Permit Holder shall call Wayne County Department of Public Services' Traffic Operations Office at (734) 953-2154, at least 72 hours prior, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work in the vicinity of any traffic signal equipment owned, operated or maintained by Wayne County.

Safety: The Permit Holder agrees that all work under the permit shall be performed in a safe manner and to keep the area affected by the permit in a safe condition until the work is completed and accepted by the County. The Permit Holder shall furnish, install and maintain all necessary traffic controls and protection which are in accordance with the current Manual on Uniform Traffic Control Devices (MUTCD). The Permit Holder shall conduct all activities and maintain all facilities as set forth in the permit in a manner so as not to damage, impair, interfere with, or obstruct a public road or create a foreseeable risk of harm to the traveling public. The Permit Holder shall comply with all applicable OSHA and MSHA requirements.

Underground Utilities: The Permit Holder shall contact all utility owners regarding their facilities prior to starting work and shall comply with all applicable provisions of Act 53, Public Acts of 1974, as amended. Wayne County makes no warranty either expressed or implied as to the condition or suitability of subsurface conditions or any existing facility which may be encountered during an excavation. The presence or absence of utilities is based on the best information available and the County is not responsible for the accuracy of this information. The Permit Holder assumes all responsibility for the interruption and damage to underground utilities. The Permit Holder is responsible for proper disposal, in accordance with current regulations, of any material excavated from within the right-of-way. Such materials include, without limitation, soils or ground-water contaminated by petroleum products or other pollutants associated with sites identified by the MDEQ or reported on appropriate release forms for underground storage tanks.

Assignability: The permit is neither transferable nor assignable without the written consent of the County.

Limitation of Permit: The Applicant and the Permit Holder shall be responsible for obtaining and shall secure any permits or permission necessary or required by law from State, federal or other local governmental agencies and jurisdictions, corporations or individuals. These include, without limitation, those pertaining to drains, inland lakes and streams, wetlands, woodlands, flood plains, siting, noise regulation and hours of operation. Issuance of a Wayne County permit does not authorize activities otherwise regulated by State, federal or local agencies.

Access of Other Vehicles: The Permit Holder shall, at all times possible, maintain a minimum of one acceptable access to all abutting occupied properties, driveways and side streets unless otherwise specified on the approved plans. The Permit Holder shall notify all owners or occupants of properties whose access may be temporarily disrupted during the permitted work. The local police, fire or emergency service agencies shall define acceptable access. The Permit Holder shall provide signing and other improvements necessary to ensure adequate access until the roadway, driveway or side street is restored. The Permit Holder shall conduct all operations so as to minimize inconvenience to abutting property owners. Wayne County reserves the right to temporarily restrict the progress of work by the Permit Holder based on the rate of roadway and right-of-way restoration, including permanent or temporary pavement. Wayne County may require that work be suspended until satisfactory backfilling of open trenches or excavations has been completed and driveways, side streets and drainage restored.

Restoration: The Permit Holder agrees to restore the County road and road right-of-way, County drain easement or County park property to a condition equal to or better than its condition before work under the permit began. If the Permit Holder fails to satisfactorily restore the permitted work area, Wayne County may take all practical actions necessary to provide reasonably safe and convenient public travel, preservation of the roadway and drainage, prevention of soil erosion and sedimentation, and elimination of nuisance to abutting property owners caused by the permitted activity. Security in the form of cash, a certified check or surety bond shall be required to secure the cost of restoring the disturbed portion of the right-of-way to an acceptable safe condition. The amount of the security shall be determined by the Permit Office. In the event that a suspension of work will be justified or that the work will not be completed by the Permit Holder, the Permit Holder shall restore the right-of-way to a condition similar to the condition that existed prior to issuance of the permit.

Acceptance: Acceptance by the County of work performed does not relieve the Permit Holder of full responsibility for work performed or the presence of the permitted facility. The Permit Holder acknowledges that the County has no liability for the presence of the Permit Holder's facility located within the County road right-of-way, County drain easement or County park property.

Permit Expiration and Extension of Time: All work authorized by the permit shall be completed to the satisfaction of the Permit Office on or before the expiration date specified in the permit. Any request for an extension of time for completion shall be on a completed County form and shall demonstrate good cause for granting the request. Additional requirements may be imposed as a condition of an extension of time due to seasonal limitations or other considerations. These additional requirements may include, without limitation, changes to materials or construction methods, reestablishment of fees, bonds, deposits and insurance requirements.

Responsibility: The design, construction, operation and maintenance of all work covered by the permit shall be at the Permit Holder's expense with the exception that the Permit Holder will not be responsible for maintaining road widening or similar facilities which become part of the County roadway.

Revocation: The permit may be suspended or revoked at the will of the County. Upon order of the County, the Permit Holder shall surrender the permit, cease operations and remove, alter or relocate, at their expense, the facilities for which the permit was granted. The Permit Holder expressly waives any right to claim damages for compensation resulting from the revocation of the permit.

Violation: The County may declare the permit null and void if the Permit Holder violates the terms of the permit. The County may require immediate removal of the Permit Holder's facilities and restoration of the County property, or the County may remove the facilities and restore the County property at the Permit Holder's expense. The Permit Holder agrees that in the event of a violation of the terms of the permit or in the event the work authorized by the permit is not satisfactorily completed by the permit expiration date, the County may use all or any portion of the performance bond to restore the County road right-of-way, drain easement, wastewater facility or park property as necessary for reasonably safe and efficient operations and maintenance, or to establish extraordinary maintenance procedures as required to assure reasonably safe and efficient operation of the County facility.

Inspection and Testing of Materials: Wayne County reserves the right of inspection and the testing of materials by its authorized representatives of all permitted activities and/or activities within the road right-of-way, County owned property or within a County drain easement. All items identified by the final inspection shall be resolved prior to release of the permit. All materials and methods utilized during the course of the authorized permit work shall meet the requirements of the current MI/DOT Standard Specifications For Construction as modified by Wayne County Special Provisions, Standard Plans for Permit Construction and this manual. The Permit Holder shall reimburse Wayne County for all required inspections and testing of materials.

Design: The Permit Holder is fully responsible for the design of the permitted facility, such that the design shall be consistent with all applicable County standards, specifications, guidelines, requirements and with good engineering practice. Any errors in the plans that become evident after the issuance of a permit, and which change the scope of permitted work, are subject to review and may be grounds for revocation of the permit. The Permit Office will not relieve the Permit Holder of the responsibility of correcting errors, deficiencies, or omissions due to oversight or unforeseen contingencies such as faulty drainage, poor subsoil conditions or the failure of the Permit Holder's engineer to show all the related or pertinent conditions inside or outside the plan area.

Drainage: Drainage shall not be allowed to flow into the road right-of-way or road drainage system unless approved by Wayne County.

Permit Holder Compliance: The Permit Holder shall abide by the conditions and limitations contained on the permit and all other conditions listed within the WCDPS Rules, Specifications and Procedures for Construction Permits. The application of any work undertaken under the permit shall constitute the Permit Holder's agreement to the Provision.

**Wayne County Department of Public Services
Engineering Division – Permit Office
Indemnity and Insurance Attachment**

To the extent allowed by law, the Permit Holder shall defend and hold harmless Wayne County, the Department of Public Services, its officials and employees against any and all claims, suits and judgments to which Wayne County, the Departments, its officials and employees may be subject and for all costs and actual attorney fees which may be incurred on account of injury to persons or damage to property, including County property. The Permit Holder shall provide this indemnity for any incident arising out of any and all activities performed under the permit or in connection with work not authorized by the permit, or resulting from the failure to comply with the terms of the permit, or arising out of the continued existence of the work product that is subject to the permit.

Certificates of insurance shall be required for all construction permits, excluding residential driveway permits. Each certificate of insurance and any associated correspondence shall reference the plan review number of the project. General liability and automotive liability insurance coverage shall be in amounts detailed below:

The general liability insurance coverage shall be in amounts not less than \$1,000,000 each occurrence and \$2,000,000 general aggregate. Proof of automobile liability shall be in amounts not less than \$1,000,000 combined single limit for each accident, bodily injury per accident, and property damage per accident, and in an amount not less than \$1,000,000 for bodily injury each person, each occurrence and property damage liability \$1,000,000 each occurrence.

The certificate of insurance must be provided by a person, the corporation, or by authorized representatives who signed personally either the application or permit. Insurance shall remain in force until the permit is released by Wayne County.

The Wayne County Department of Public Services shall be a Certificate Holder on the policy of insurance. Wayne County, drainage district, and its officers, agents and employees shall be named as additional insured parties. It is also required that the annual permit numbers are included on each certificate of insurance.

The insurance shall cover a period not less than the term of the permit and shall provide that it cannot be cancelled or reduced without thirty (30) days advance written notice to Wayne County, by certified mail, first-class, return receipt requested. The thirty (30) days shall begin on the date when the County received the notice, as evidenced by the return receipt.

Such insurance shall provide by endorsement therein for the thirty (30) day notice by the insurer to the Permit Office prior to termination, cancellation or material alteration of the policy.

Licensee agrees to make application for renewal thereof at least sixty (60) days before the expiration date of the policy then in force and to file a certified copy of such renewed policy with the Permit Office.

The policy shall also provide by endorsement for the removal of the contractual exclusion.

Should insurance coverage be cancelled or reduced below acceptable limits, or allowed to expire, the authorization to continue work under the permit shall be suspended or revoked and shall not resume until new insurance is in force and accepted by Wayne County. Wayne County may, in such cases, take appropriate action to restore or protect the road and appurtenances. All costs incurred by this action shall be deducted from any remaining inspection deposit, bond and/or Letter of Credit and, if necessary, the Permit Holder may be billed to defray actual expenses.

**MODEL COMMUNITY RESOLUTION
AUTHORIZING EXECUTION OF
WAYNE COUNTY PERMITS**

Resolution No. _____

At a Regular Meeting of the _____ (Name of
Community Governing Board) on _____ (date), the following
resolution was offered:

WHEREAS, the _____ (hereinafter the "Community") periodically applies to the County of Wayne Department of Public Services, Engineering Division Permit Office (hereinafter the "County") for permits to conduct emergency repairs, annual maintenance work, and for other purposes on local and County roads located entirely within the boundaries of the Community, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

WHEREAS, pursuant to Act 51 of 1951, being MCL 247.651 *et seq.*, the County permits and regulates such activities noted above and related temporary road closures;

NOW THEREFORE, BE IT RESOLVED, in consideration of the County granting such permit (hereinafter the "Permit"), the Community agrees and resolves that:

Any work performed for the Community by a contractor or subcontractor will be solely as a contractor for the Community and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the Community. The County shall not be subject to any obligations or liabilities by vendors and contractors of the Community, or their subcontractors.

The Community shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgment being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the Community requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Resolution as part of a permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

This Resolution stipulates that the requesting Community shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary

signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

This Resolution stipulates that the requesting Community shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Resolution shall continue in force from the date of execution until cancelled by the Community or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the Community with regard to any Permit which has already been issued or activity which has already been undertaken.

The Community stipulates that it agrees to the terms of the County of Wayne permit at the time a permit is signed by the Community's authorized representative.

BE IT FURTHER RESOLVED, that the following individual(s) is/are authorized in their official capacity as the Community's authorized representative to sign and so bind the Community to the provisions of any and all permits applied for to the County of Wayne, Department of Public Services Engineering Division Permit Office for necessary permits from time to time to work within County road right-of-way or local roads on behalf of the Community.

RE: A-22142
2022 Annual Permit Package
Wayne County Department of Public Services
Engineering Division – Permit Office

Attention: Frank Schulte

Enclosed is your Wayne County Annual Permit for Special Events package. This annual permit grants preliminary authorization to a municipality to

- a) temporarily close a county road for a reasonable length of time for a parade, marathon, festival or similar activity;
- b) to use a county road as a detour for traffic around such activity taking place on a non-county road.
- c) place a temporary banner within the County right-of-way;

In addition to the annual permit, the package also includes the following attachments, which are incorporated by reference into the permit:

- 1. *Annual Special Events Attachment for Municipalities*
- 2. *Banner Attachment for Municipalities*
- 3. *General Conditions and Limitations of Permits*
- 4. *Model Community Resolution*

As a condition of the annual permit, the County requires that a governing body pass a blanket resolution, effective for all permitted road closures for special events and installation of banners planned throughout the year which

- a) agrees to fulfill all permit obligations and conditions for the current year
- b) to the extent allowed by law, hold harmless and defends Wayne County and its officials and employees against any and all damage claims, suits or judgments of any kind or nature arising as a result of the permitted activity.
- c) designates and authorizes an appropriate official of the requesting municipality to sign the permit on its behalf

Additionally, the Permit Office requires that each municipality provide a written request on municipal letterhead at least (10) ten business days prior to the commencement of a road closure and/or banner placement. The written request should include all required information as specified in the appropriate attachments, "Annual Special Events for Municipalities" or "Annual

Department of Public Services – Permit Office
33809 Michigan Avenue, Wayne, MI 49184 ☎ Phone (734) 858-2774 ☎ Fax (734) 595-6356

Attachment for Banners". Upon approval, the permit office shall issue a permit authorizing the special event activities.

For additional information on the Annual Permit for Special Events (Road Closure/Detour and Banner Placement), please refer to Rule 11.4 published in the Wayne County Rules, Specifications & Procedures for Construction Permits.

This publication may be downloaded at

http://www.waynecounty.com/dps/construction_permits.htm

Please return the original permit, signed and dated by the person authorized and designated by the resolution, along with a certified copy of the resolution consistent with the requirements transmitted in this package. Type the name of the designated signer below the signature line and submit these documents to:

**Wayne County Department of Public Services
Permit Office
Attn: Anthony Amaro
33809 Michigan Avenue
Wayne MI 48184**

Once received, an executed copy will be returned to you for your files.

If you have any questions regarding this Annual Permit, please contact me at 734.858-2768.

Respectfully Submitted,

Randa Saghir
Administration Management

**Wayne County Department of Public Services
Engineering Division – Permit Office**

**Annual Special Events for Municipalities
Road Closure/Detour Guidelines**

An Annual Permit granting permission to temporarily close a County road for a reasonable length of time for a parade, marathon, celebration, festival or similar activity, or to use a County road as a detour for traffic around such activity taking place on a non-County road may be issued by the Permit Office to a governing body of a city, incorporated village or township.

A permit, granting authorization to close County roads and to set detours over County roads may be issued if an annual Special Events Permit was previously executed with an associated blanket resolution. For each event, the Permit Holder shall submit a written request at least ten (10) business days prior to the commencement of a road closure. Each request shall be submitted on municipal letterhead and include the following information:

- a) The nature of the activity for which the permit is requested;
- b) The dates and times it is proposed to close and reopen the County road to traffic;
- c) The roads and/or portions of roads to be closed;
- d) The proposed detour route or routes, including a map if necessary to clearly describe the proposed detour.

The written request shall be sent to the following offices:

Wayne County Permit Office
33809 Michigan Ave
Wayne MI 48184

Wayne County Division of Roads
Traffic Operations Office
29900 Goddard Road
Romulus MI 48242

Upon approval of the request, a permit will be issue authorizing the special event activities.

Permit Conditions:

1. All roads temporarily closed under the permit shall be County local roads, as certified under Act 51, P.A. 1951, with residential frontage exclusive of section line (mile roads), quarter section line (collector roads) and border line roads.
2. Road closures authorized under the permit shall not be for the purpose of allowing private commercial activities such as advertising or the sale of goods, wares or produce.
3. The Permit Holder, at no expense to the County, shall provide any necessary police supervision.
4. Road closures authorized under the permit shall not have the effect of depriving property which is not adjacent to the section of road being closed from continuous uninterrupted access to the main public road system.
5. The closure or partial closure of the road and any detour route selected shall allow alternative routes for the reasonably safe and convenient movement of traffic.
6. Road closures authorized by the permit shall not exceed the approved duration, generally between 24 and 72 hours.
7. The Permit Holder shall, at no expense to the County, install, maintain and remove all traffic control devices required for the temporary road closure and detour routes.
8. All traffic control devices installed in conjunction with the road closure or partial closure and any detour route shall conform to the provisions of the current MMUTGD.
9. The Permit Holder shall, at its sole expense, immediately following conclusion of the permitted activity clean up and remove any litter, debris, refuse, etc., placed or left in the right-of-way as a result of the permitted activity. In the event that the Permit Holder fails to clean up as required, causing Wayne County to do the cleanup work, the Permit Holder shall reimburse Wayne County any costs incurred to restore the right-of-way.
10. The Permit Holder acknowledges that the County may, at its sole discretion, deny any road closure proposed under the permit.

**Wayne County Department of Public Services
Engineering Division – Permit Office
Banner Attachment for Municipalities
Guidelines**

Pursuant to MCL §247.323, a permit for installation of any banner to be placed within or over County road right-of-way may be issued to a governing body of a city, incorporated village or township. Commercial signs shall not be permitted within the right-of-way of any road under the jurisdiction of the Wayne County.

A permit, authorizing the placement of banners within the County right-of-way may be issued if an annual Special Events Permit was previously executed with an associated blanket resolution. For each event, the Permit Holder shall submit a written request at least ten (10) business days prior to the placement of banner(s). Each request shall be submitted on municipal letterhead and include the following information:

- a) The activity in connection with which the banner is to be placed;
- b) The location of the proposed installation, including distance to overhead traffic control devices;
- c) A description of the banner, including any legend or symbol thereon;
- d) The height of any overhead banner from the road surface to its lowest point;
- e) The dates the banner will be erected and removed. This period shall not exceed a time specified by the Permit Office. An acceptable period of time for banners to be in place is a total of three (3) weeks, except for Holiday decorations which may be in place for eight (8) weeks;
- f) Such other information as the Permit Office may deem necessary.

Upon approval of the request, a permit will be issue authorizing the special event activities.

Design & Placement Requirements

- a) Any banner shall be designed, installed and located so as to avoid danger to those using the road or undue interference with the free movement of traffic or maintenance operations.
- b) Any banner shall be securely fastened so as to have a minimum bottom height of 18 feet above the surface of the traveled way, shall be placed no closer than 100 feet in advance of flashing beacons or traffic control signals and shall be placed so as to not obstruct a clear view of traffic lights, signals or other traffic control devices.
- c) Banners shall not be attached to trees.
- d) No banner shall have displayed thereon any legend or symbol which may in any way be construed to advertise or otherwise promote the sale of or publicize any merchandise or commodity, or which may be construed to be political in nature.
- e) No banner shall have displayed thereon any device that is or purports to be an imitation of, resembles or may be mistaken for a traffic control device or which attempts to direct the movement of traffic.
- f) No banner shall be above ground figures, signs or other structures, objects or devices whether lit or unlit.
- g) Decorations shall not include flashing lights, reflective materials or other devices that may distract motorists.

Permit Conditions

- a) Any authorization may be revoked by the Permit Office if the banner placement becomes dangerous to those using the road or unduly interferes with the free movement of traffic or maintenance operations.
- b) The city, village or township making application shall faithfully fulfill all permit requirements.

An addendum authorization may be revoked by the Permit Office upon failure to comply with any permit conditions.

**Wayne County Department of Public Services
Engineering Division – Permit Office
Conditions & Limitations of Permits**

Plan Approval and Specifications All work performed under the permit shall be done in accordance with the approved plans, specifications, maps, statements and special conditions filed with the County and shall comply with Wayne County Specifications, as defined in the current *Wayne County Rules, Specifications and Procedures for Permit Construction*, included as an attachment in this permit, the *Wayne County Standard Plans for Permit Construction*, and the *ADOT Standard Specifications for Construction*, as modified by WCDPS Special Provisions, and other WCDPS specifications. Any situation or problem which occurs as a result of the construction, operation, use and/or maintenance of the facility in the right-of-way and is not covered by the approved plans nor by the County's current Standards and Specifications shall be resolved by the Permit Holder as directed and approved by the Permit Office. Any significant change to the plans must be approved by the Permit Office and is authorized only when an approved addendum is obtained from the Permit Office.

Fees: The Permit Holder shall be responsible for all fees and costs incurred by the County in connection with the permit and shall deposit payment for fees and costs as determined by the County at the time the permit is issued.

Bond: The Permit Holder shall furnish a bond in cash or Certified check in an amount acceptable to the County to guarantee performance under the conditions of the permit. The County may use all or any portion of the bond which shall be necessary to cover any expense, including inspection costs or damage incurred by the County through the granting of the permit. Should the bond be insufficient to cover the expenses and damages incurred by the County, the Permit Holder shall pay such deficiency upon billing by the County. If the bond amount exceeds the expenses and damages incurred by the County, the excess portion will be returned to the Depositor. The excess performance bond provided for herein, when it cannot be returned, shall be deposited into the County Road Fund and become a part thereof, unless claimed by the Depositor within one year of the date of satisfactory completion of the construction authorized by the permit.

Insurance: The Permit Holder shall furnish proof of liability and property damage insurance in the form and amounts acceptable to the County with Wayne County named as an insured party. The Permit Holder shall maintain this insurance until the permit is released, revoked or cancelled by the County.

Indemnification / Hold Harmless Sub-Section 1 herein applies to all Permit Holders except Municipalities. Sub-Section 2 herein applies to Municipalities only.

1 To the extent allowed by law, the Permit Holder shall indemnify, hold harmless and defend Wayne County, its Department of Public Services, its officials and employees against any and all claims, suits and judgments to which the County, the Department, its officials and employees may be subject and for all costs and actual attorney fees which may be involved on account of injury to persons or damage to property, including property of the County, whether due to negligence of the Permit Holder or to the joint negligence of the Permit Holder and the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of the work product that is the subject of the permit. This hold harmless provision must not be construed as a waiver of any governmental immunity by the County.

2 To the extent allowed by law, the Municipality as Permit Holder shall hold harmless and defend Wayne County, its Department of Public Services, its officials and employees, for the Municipality's own negligence, tortious acts, errors, or omissions, and the acts, errors, or omissions of any of its employees, on account of injury to persons or damage to property, including property of the County, arising out of any and all work performed under the permit, or in connection with work not authorized by the permit, or resulting from failure to comply with the terms of the permit or arising out of the continued existence of work product that is the subject of the permit. Sub-section 1 above applies to contractors, subcontractors, consultants, or agents of the Municipality. This hold harmless provision must not be construed as a waiver of any governmental immunity by the County or the Municipality's, as provided by statute or modified by court decisions.

Permit on Site: The Permit Holder shall keep available a copy of the permit and any associated approved plans on site during permitted activities.

Notification for Start and Completion of Work: The permit shall not become operative until it has been fully executed by the County. The Permit Holder shall notify the County before starting construction and shall notify the County when work is completed. The Permit Holder or their representative shall have copies of the executed permit and approved plans in their possession on the job site at all times.

1 The Permit Holder shall provide at least three (3) days advanced notice, excluding Saturdays, Sundays and holidays, to the Permit Office prior to the commencement of any permitted activities by submitting a START OF WORK NOTIFICATION form by mail, fax or e-mail. In certain instances, additional notice may be required by the Permit Office. In the event that construction work ceases for a period of time, then the Permit Holder shall notify the Wayne County Inspector at least 24 hours prior to returning work.

2 The Permit Holder shall comply with all requirements of the Miss Dig Statute, MCL §460.701 et seq., as amended. The Permit Holder shall call "MISS DIG", at (800) 482-7161, at least 72 hours, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work. The Permit Holder assumes all responsibility for damage to or interruption of underground utilities.

3 The Permit Holder shall call Wayne County Department of Public Services' Traffic Operations Office at (734) 955-2154, at least 72 hours prior, excluding Saturdays, Sundays and holidays, but not more than twenty-one (21) calendar days, before starting any underground work in the vicinity of any traffic signal equipment owned, operated or maintained by Wayne County.

Safety: The Permit Holder agrees that all work under the permit shall be performed in a safe manner and to keep the area affected by the permit in a safe condition until the work is completed and accepted by the County. The Permit Holder shall furnish, install and maintain all necessary traffic controls and protection which are in accordance with the current Manual on Uniform Traffic Control Devices (MUTCD). The Permit Holder shall conduct all activities and maintain all facilities as set forth in the permit in a manner so as not to damage, impair, interfere with, or obstruct a public road or create a foreseeable risk of harm to the traveling public. The Permit Holder shall comply with all applicable OSHA and MIOSHA requirements.

Underground Utilities: The Permit Holder shall contact all utility owners regarding their facilities prior to starting work and shall comply with all applicable provisions of Act 53, Public Acts of 1974, as amended. Wayne County makes no warranty either expressed or implied as to the condition or suitability of subsurface conditions or any existing facility which may be encountered during an excavation. The presence or absence of utilities is based on the best information available and the County is not responsible for the accuracy of this information. The Permit Holder assumes all responsibility for the interruption and damage to underground utilities. The Permit Holder is responsible for proper disposal, in accordance with current regulations, of any material excavated from within the right-of-way. Such materials include, without limitation, soils or groundwater contaminated by petroleum products or other pollutants associated with sites identified by the MDEQ or repaired on appropriate release forms for underground storage tanks.

Assignability: The permit is neither transferable nor assignable without the written consent of the County.

Limitation of Permit: The Applicant and the Permit Holder shall be responsible for obtaining and shall secure any permits or permission necessary or required by law from State, federal or other local governmental agencies and jurisdictions, corporations or individuals. These include, without limitation, those pertaining to drains, inland lakes and streams, wetlands, woodlands, flood plains, filling, noise regulations and hours of operation. Issuance of a Wayne County permit does not authorize activities otherwise regulated by State, federal or local agencies.

Access of Other Vehicles: The Permit Holder shall, at all times possible, maintain a minimum of one acceptable access to all abutting occupied properties, driveways and side streets unless otherwise specified on the approved plans. The Permit Holder shall notify all owners or occupants of properties whose access may be temporarily disrupted during the permitted work. The local police, fire or emergency service agencies shall define acceptable access. The Permit Holder shall provide signing and other improvements necessary to ensure adequate access until the roadway, driveway or side street is restricted. The Permit Holder shall conduct all operations so as to minimize inconvenience to abutting property owners. Wayne County reserves the right to temporarily restrict the progress of work by the Permit Holder based on the rate of roadway and right-of-way restoration, including permanent or temporary pavement. Wayne County may require that work be suspended until satisfactory backfilling of open trenches or excavations has been completed and driveways, side streets and drainage restored.

Restoration: The Permit Holder agrees to restore the County road and road right-of-way, County drain easement or County park property to a condition equal to or better than its condition before work under the permit began. If the Permit Holder fails to satisfactorily restore the permitted work area, Wayne County may take all practical actions necessary to provide reasonably safe and convenient public travel, preservation of the roadway and drainage, prevention of soil erosion and sedimentation, and elimination of nuisance to abutting property owners caused by the permitted activity. Security in the form of cash, a certified check or surety bond shall be required to secure the cost of restoring the disturbed portion of the right-of-way to an acceptable safe condition. The amount of the security shall be determined by the Permit Office. In the event that a suspension of work will be protracted or that the work will not be completed by the Permit Holder, the Permit Holder shall restore the right-of-way to a condition similar to the condition that existed prior to issuance of the permit.

Acceptance: Acceptance by the County of work performed does not relieve the Permit Holder of full responsibility for work performed at the presence of the permitted facility. The Permit Holder acknowledges that the County has no liability for the presence of the Permit Holder's facility located within the County road right-of-way, County drain easement or County park property.

Permit Expiration and Extension of Time: All work authorized by the permit shall be completed to the satisfaction of the Permit Office on or before the expiration date specified in the permit. Any request for an extension of time for completion shall be on a completed County form and shall demonstrate good cause for granting the request. Additional requirements may be imposed as a condition of an extension of time due to seasonal limitations or other considerations. These additional requirements may include, without limitation, changes to materials or construction methods, reestablishment of fees, bond, deposits and insurance requirements.

Responsibility: The design, construction, operation and maintenance of all work covered by the permit shall be at the Permit Holder's expense with the exception that the Permit Holder will not be responsible for maintaining road widenings or shunt facilities which become part of the County roadway.

Revocation: The permit may be suspended or revoked at the will of the County. Upon order of the County, the Permit Holder shall surrender the permit, cease operations and remove, alter or relocate, at their expense, the facilities for which the permit was granted. The Permit Holder expressly waives any right to claim damages for compensation resulting from the revocation of the permit.

Violation: The County may declare the permit null and void if the Permit Holder violates the terms of the permit. The County may require immediate removal of the Permit Holder's facilities and restoration of the County property, or the County may remove the facilities and restore the County property at the Permit Holder's expense. The Permit Holder agrees that in the event of a violation of the terms of the permit or in the event the work authorized by the permit is not satisfactorily completed by the permit expiration date, the County may use all or any portion of the performance bond to restore the County road right-of-way, drain easement, wastewater facility or park property as necessary for reasonably safe and efficient operations and maintenance, or to establish extraordinary maintenance procedures as required to assure reasonably safe and efficient operation of the County facility.

Inspection and Testing of Materials: Wayne County reserves the right of inspection and the testing of materials by its authorized representatives of all permitted activities and/or activities within the road right-of-way, County owned property or within a County drain easement. All items identified by the final inspection shall be resolved prior to release of the permit. All materials and methods utilized during the course of the authorized permit work shall meet the requirements of the current MDOE Standard Specifications for Construction as modified by Wayne County Special Provisions, Standard Plans for Permit Construction and this manual. The Permit Holder shall reimburse Wayne County for all required inspections and testing of materials.

Design: The Permit Holder is fully responsible for the design of the permitted facility, such that the design shall be consistent with all applicable County standards, specifications, guidelines, requirements and with good engineering practice. Any errors in the plans that become evident after the issuance of a permit, and which change the scope of permitted work, are subject to review and may be grounds for revocation of the permit. The Permit Office will not relieve the Permit Holder of the responsibility of correcting errors, deficiencies, or omissions due to oversight or unforeseen contingencies such as faulty drainage, poor soil conditions or the failure of the Permit Holder's engineer to show all the stated or pertinent conditions inside or outside the plan area.

Drainage: Drainage shall not be altered to flow into the road right-of-way or road drainage system unless approved by Wayne County.

Permit Holder Compliance: The Permit Holder shall abide by the conditions and limitations contained on the permit and all other conditions listed within the WCDPS Rules, Specifications and Procedures for Construction Permits. The application of any work undertaken under the permit shall constitute the Permit Holder's agreement to the Provision.

**MODEL COMMUNITY RESOLUTION
AUTHORIZING EXECUTION OF
WAYNE COUNTY PERMITS**

Resolution No. _____

At a Regular Meeting of the _____ (Name of
Community Governing Board) on _____ (date), the following
resolution was offered:

WHEREAS, the _____ (hereinafter the "Community") periodically applies to the County of Wayne Department of Public Services, Engineering Division Permit Office (hereinafter the "County") for permits to conduct emergency repairs, annual maintenance work, and for other purposes on local and County roads located entirely within the boundaries of the Community, as needed from time to time to maintain the roads in a condition reasonably safe and convenient for public travel;

WHEREAS, pursuant to Act 51 of 1951, being MCL 247.651 *et seq.*, the County permits and regulates such activities noted above and related temporary road closures;

NOW THEREFORE, BE IT RESOLVED, in consideration of the County granting such permit (hereinafter the "Permit"), the Community agrees and resolves that:

Any work performed for the Community by a contractor or subcontractor will be solely as a contractor for the Community and not as a contractor or agent of the County. Any claims by any contractor or subcontractor will be the sole responsibility of the Community. The County shall not be subject to any obligations or liabilities by vendors and contractors of the Community, or their subcontractors.

The Community shall take no unlawful action or conduct, which arises either directly or indirectly out of its obligations, responsibilities, and duties under the Permit which results in claims being asserted against or judgment being imposed against the County, and all officers, agents and employees thereof pursuant to a maintenance contract. In the event that same occurs, for the purposes of the Permit, it will be considered a breach of the Permit thereby giving the County a right to seek and obtain any necessary relief or remedy, including, but not by way of limitation, a judgment for money damages.

With respect to any activities authorized by Permit, when the Community requires insurance on its own or its contractor's behalf, it shall also require that such policy include as named insured the County of Wayne and all officers, agents and employees thereof.

The incorporation by the County of this Resolution as part of a permit does not prevent the County from requiring additional performance security or insurance before issuance of a Permit.

This Resolution stipulates that the requesting Community shall, at no expense to Wayne County, provide necessary police supervision, establish detours and post all necessary

signs and other traffic control devices in accordance with the Michigan Manual of Uniform Traffic Control Devices.

This Resolution stipulates that the requesting Community shall assume full responsibility for the cost of repairing damage done to the County road during the period of road closure or partial closure.

This Resolution shall continue in force from the date of execution until cancelled by the Community or the County with no less than thirty (30) days prior written notice to the other party. It will not be cancelled or otherwise terminated by the Community with regard to any Permit which has already been issued or activity which has already been undertaken.

The Community stipulates that it agrees to the terms of the County of Wayne permit at the time a permit is signed by the Community's authorized representative.

BE IT FURTHER RESOLVED, that the following individual(s) is/are authorized in their official capacity as the Community's authorized representative to sign and so bind the Community to the provisions of any and all permits applied for to the County of Wayne, Department of Public Services Engineering Division Permit Office for necessary permits from time to time to work within County road right-of-way or local roads on behalf of the Community.
