

## **Gustavus Comprehensive Wild Foods Survey: Data Review Outline**

### **Background Information**

The first section of the presentation offers background information on project design, methods, and survey implementation.

### **Community Summary**

The next section provides an overview of participation in subsistence activities at a community level, discusses participation and use characteristics for Gustavus households, and includes a map of search and harvest areas for all resources used by the community as well as a figure outlining the community's most used resources.

### **Summary by Resource Category**

The main portion of this presentation consists of a discussion of subsistence harvest and use data by resource category, as listed below. In these sections, a community level summary is provided for each resource category, including mapping data and harvest composition by species.

- Salmon
- Nonsalmon
- Marine Invertebrate
- Large Land Mammal
- Marine Mammal
- Birds and Egg
- Vegetation

### **Food Security**

This section provides a summary of self-reported food security data at a community level.

### **Household Assessments**

Building on the previous section, this portion presents available community level data on household use/need by resource category.

### **Historic Estimates**

The final section of the presentation offers a comparison of the data collected in this project with available historic subsistence data.
