

TO ALL PROSPECTIVE BIDDERS AND OTHERS INTERESTED IN PROJECT NO.
RFQ FY22-04RM; Wilson Road Drainage Rehabilitation

NOTIFICATION TO BIDDERS - 1

November 16, 2021

This notification consists of One (1) page. **If this document is unreadable or clarification is needed, contact the City Administrator immediately.**

Information to Bidders:

During installation of the culverts described in the solicitation, power, telephone, and data utilities will likely be encountered. In the event a utility conflicts with a culvert's designed location and profile, the City will consider the conflict as a condition materially different than provided in the bid documents and latent to a careful examination of the site. The City will make an equitable adjustment to the contract amount and time commensurate with accurate and detailed records demonstrating actual work performed as a result of the differing site condition.

This Notification to Bidders does not require acknowledgement.
