5844 Fernlands Ave
Lot 58 Supervisor's Plat of Fernlands
Twp. of Hamburg, Livingston County, Michigan

Job No. 47-171
Sheet 1 of 1

18 a) Our property is a unique non-conforming corner lot considered to have two front yards, one is on Elmira & the other is on Fernlands. Elmira is the present front yard on the plat with an approximate conforming 25 ft. setback. We do not use this "front" yard as it doesn't have a driveway. We also do not use the entry door that faces Elmira to enter our home. We request the Township to zone/make Fernlands the present North (side) yard our front yard as our driveway is on Fernlands and our mailbox is too.

To Whom It May Concern:

I/We are in support of our neighbors, Michael & Sarah Arden of 5844 Fernlands Avenue, Hamburg Township, demolishing their current 747 square foot home (built in 1940) and building a new approximate 1500 square foot home on their non-conforming corner lot of Elmira & Fernlands. I/We support the variances needed for their new build.

Thank you.

* All basements and every sleeping room shall have at least one operable emergency rescue or exterior door opening for emergency escape and rescue. A window shall have a sill height not more than 44 inches above the floor.
This is on-site work and not the responsibility of the manufacturer.

- NOTES:
1. Splices in mating line girders shall be supported by column posts or I-beam.
 2. Dealer/installer may use I-beam under mate wall to increase jack post spacing. Consult a local Professional Engineer.
 3. Crawl space access minimum size to be 18" x 24" with removable cover.
 4. Crawl space ventilation to equal 1/150th of the total area.
 5. Continuous foundation support required at interior braced wall lines at intervals not exceeding 50 feet when located in Seismic Design Category D2.
 6. For additional general electrical notes see page EL-1.0.
 7. For additional general foundation notes see page G-4.0.
