Re: New Trailer

Buildings and Grounds is in need of a new trailer to haul the new mini excavator. The trailer that is currently being used is at its weight limit when carrying the mini excavator causing its tires and wheelbase to be overstressed. We have obtained two quotes for the appropriate trailer, and we recommend going with the lower priced option. Therefore, we request approval from the Board to purchase the quoted trailer from DR Trailer sales in the amount of \$15,500.00. The purchase of this trailer was included in this year's budget and will be charged to B&G capital equipment. The old trailer is still in decent shape and will be used by DPW.
