Re: DPW Monthly Report

-
1. The daily testing at the wastewater treatment plant was in compliance for the month of May.
 2. EGLE has suggested we extend the deadline of our PFAS grant to ensure we have enough time for additional testing and the final report. We're in the process of updating the project plan now.
 3. We're currently interviewing candidates for the new full-time position.
 4. Our truckload of new grinder pumps arrived.

Field Jobs for the Month: This month we have completed our normal monthly checks and monitoring well sampling. We received our EONE pump station delivery for 59 stations. 2 of our staff members and I attended the annual EONE training course held at the Genoa

Township Hall. The staff has made great progress on the Hamburg station odor control system; everything has been installed except the soaker water lines. We are waiting on more mulch to fill the odor bed.
