Re: DPW Monthly Report

-
1. The wastewater treatment plant was in compliance for the entire month of May.
 2. With the Board's approval yesterday, we've filled the vacant full-time position. We are still looking for one more person for on-call work only.
 3. We've finally secured the necessary shutoff documentation to obtain the demolition permits for the old house on the wastewater treatment property. The demo will be proceeding this summer.
 4. We are hosting the next PFAS collaboration meeting on 6/8. I'll provide any new updates at the meeting.

Hamburg Township Monthly Field Report

May 2023

Ryan Ward

Replacements: 0

Grinder Stations in Stock: 116

Grinder Location: 4

Grinder Pump Cores in Stock: 37

Field Jobs for the Month: This month we have completed our normal monthly checks along with the monitoring well inspections for Hamburg and Portage. Our staff has turned on the new 8in line from Country Elementary to Pettysville rd. This has reduced the flow going to Rustic Station and expedited the flow to Kress Station. We recently

purchased a new miss dig locator that is an updated version of what we have now but can also provide gps points and draw out an as-built like map. In the plant our main plc card went bad, UIS came out diagnosed the problem and replaced the plc card for us within the day.
