Requested Action

- Approve the quote from Municipal Associates LLC to purchase ten air relief valves for $13,910.00

Background

DPW has depleted their supply of air relief valves that are used for manhole rehabilitations. Typically, we buy a smaller quantity, but we will save on shipping costs if we buy ten. Ryan reached out to another supplier for a competing quote (Hamlett) and found that they could not beat the price being offered from Municipal Associates LLC.
