Background

Village of Milford was given as an example of a municipality which has previously allowed a non-profit to host an event including Vietnam Era Huey Helicopter rides to the public while taking off and returning to publicly owned property. I spoke with the manager of Milford who provided me with the insurance standards they required of the vendor for the event last year:

1966 Huey from the Yankee Air Museum
Great American Insurance Group – Aviation Division
\$5 million liability

I also received an opinion from our general council which I placed in your mailboxes.
