Re: DPW Monthly Report

-
1. The wastewater treatment plant was in compliance for December & January.
 2. The mulch bed for odor treatment at the Kress Rd. station was completed in early December. However, we have recently made the decision to shut it down until warmer weather arrives in the spring as the cold weather has seemingly suppressed the biological activity needed to sustain the organisms that break down the foul-smelling hydrogen sulfide gas.
 3. As winter begins to wind down later this month, we plan to install the four new monitoring wells and start PFAS testing as part of the EGLE grant we received last year.

Hamburg Township Monthly Field Report

January 2025

Ryan Ward

Grinder Calls: 80 Total / 24 OT

Plant Calls: 0 OT

Station Calls: 0 Hamburg/ 0 Portage

Pump Rebuilds: 28 Hamburg / 2 Portage / 7 Highland

Miss Digs: 97 Hamburg / 24 Portage

Startups: 1

Deactivations/Reactivations: 0

Replacements: 1

Grinder Stations in Stock: 48 simplex / 2 duplex

Grinder Locations: 0

Grinder Pump Cores in Stock: 18 + 2 for Duplex

Field Jobs for the Month: This month we have completed our normal monthly checks. During this month there was a week full of frozen grinder call alarms, we did not have a lot of repeat frozen calls but did have many that were in a location that got some wind that may have gotten into the grinder can. Kress station odor control has been

worked on by adding more mulch and seed (MLSS) to the bed, the staff has started watering the bed more often with the help of warmer weather at the end of the month. The outside of the hatches have been sealed, they were corroded from H₂S.
