Re: DPW Monthly Report

-
1. The wastewater treatment plant was in compliance for June.
 2. The new odor control system at the Kress Rd. pump station continues to function well. The recent heat wave has provided a good test, and we have not noticed any problems. In fact, we have not received any odor complaints from residents this year about any of our stations.
 3. We sampled another group of three pump stations for PFAS as part of the grant work. Another three will be sampled this month as well as the four new monitoring wells that were installed last month.
 4. Residential PFAS testing will also begin this month for thirty four homes in the Buck Lake area as part of the grant work.

Hamburg Township Monthly Field Report

June 2025

Ryan Ward

Grinder Calls: 38 Total / 14 OT

Plant Calls: 0 OT

Station Calls: 0 Hamburg/ 1 Portage

Pump Rebuilds: 28 Hamburg / 2 Portage / 2 Highland

Miss Digs: 245 Hamburg / 44 Portage

Startups: 2 (1 gravity)

Deactivations/Reactivations: 2 (reactivations)

Replacements: 6

Grinder Stations in Stock: 35 simplex / 2 duplex

Grinder Locations: 0

Grinder Pump Cores in Stock: 18 + 2 for Duplex

Field Jobs for the Month: This month we have completed our normal monthly checks along with the water meter readings and grease trap inspections. The 4 new monitoring wells have been installed (2 shallow & 2 deep). The odor control bed structure has been completed and now we are waiting on the blower to remove the H2S

gases and a timer to be installed for the well that is onsite.
