Re: DPW Monthly Report

- 
1. The wastewater treatment plant was in compliance for the entire month of April.
  2. We are still interviewing candidates to fill the vacant full-time position. Our two new part hires in Buildings and Grounds are doing on-call work for DPW as well.
  3. Biotech completed the spring sludge haul. This is the first time in recent memory that it has been completed this early. Usually, it's late June and we're nearly out of space in the tanks.
  4. Nothing new regarding PFAS this month.
