Re: DPW Monthly Report

- 
1. The wastewater treatment plant was in compliance for the month of January.
  2. We are in the process of applying for a grant from EGLE for PFAS testing and monitoring in the amount of \$50,000. This will allow us to collect an abundant amount of data without spending money from our own budget.
  3. Biotech just completed the winter sludge haul. All four tanks were emptied.
