Re: DPW Monthly Report

- 
1. The wastewater treatment plant was out of compliance for one day in the month of November. This is the only day it has been out of compliance all year.
  2. The blower fan has arrived for the mulch bed at the Kress Rd. station. We should have it wired up and ready next week.
  3. The grinder replacement program looks like it will ramp up again this winter, weather permitting of course. C&E has picked up a half dozen grinder pumps for this purpose.
