**Requested Action:**

Motion to approve the hiring of a part time seasonal worker for DPW at a rate of \$20.10 per hour until the end of October 2025, subject to the satisfactory completion of all pre-employment requirements.

**Background:**

The prospective employee will work 28-32 hours per week until the end of October 2025. The DPW Seasonal Laborer position will be slotted in at grade 2 step 1, which equates to \$20.10 per hour. This expenditure was also included in this year's budget under the part-time employee line item.

I originally wanted to start this worker at the end of June and work through September, but we've had difficulty finding a suitable candidate. Since the new worker won't be starting till early August, I'd like to keep the worker on through October.
