**VILLAGE BOARD MEETING**

**From:** Chad Pelishek, Village Manager

---

**VILLAGE OF HARRISON**

**Meeting Date:** May 11, 2026

---

**Title:** Resolution 2026-04: Resolution in Support for FFY 2026 Safe Streets and Roads for All Grant Application for CTH AP from Oneida Street to CTH N.

---

**Recommended Action:** Motion to support the joint grant application and allocate \$24,768 in 2027 for Safe Streets and Roads for all for CTH AP from Oneida Street to CTH N.

---

**Background and Additional Information:**

East Central Regional Planning Commission and Calumet County are requesting support from the City of Appleton, City of Menasha and Village of Harrison to apply for funding to study and preliminary design roadway and pedestrian improvements along CTH AP from Oneida Street to CTH N.

Currently CTH AP ends at Coop Road. Typically, a county highway does not end at a village/city road. This study will explore the transition of Midway Road from Coop to CTH N to extend CTH AP to CTH N.

This grant request like the grant received for CTH KK is very competitive and scores better with more support from more partners (municipalities). It will also give Harrison direct involvement with future improvements at Darboy Park should CTH AP be extended to CTH N.

---

**Budget Impacts:** \$24,768 from the 2027 Budget
