
VILLAGE BOARD MEETING

From: Chad Pelishek

VILLAGE OF HARRISON

Meeting Date: 4/29/2025

Title: Proposal from Ontech Systems to complete a Cyber Security Audit.

Issue: Does the Village Board authorizing contracting with OnTech Systems to complete a cyber security audit of the Village's network system?

Background and Additional Information:

OnTech Systems is a vendor of the Cities Village Mutual Insurance Company (CVMIC), the Village's insurance company.

CVMIC provides a 50% grant to members to complete a Cyber Security Audit of internal and external assets. The cost to complete the Vulnerability scan is \$6,000. CVMIC would pay \$3,000.

Additional services include Penetration Test, Security Awareness Training and Security Assessment test of users for \$8,150. CVMIC has a risk reduction grant that the Village is eligible for up to \$7,000. Village share of this cost could \$1,150.

Not knowing if a Cyber Security scan was ever completed, Village staff feel the time is right to make sure the Village will not face a ransomware attack. On-Tech would with the Village's current IT vendor Corporate Network Solutions.

Budget Impacts: Total cost to the Village- \$4,150 – Gen Admin- Service Contracts, CVMIC would cover \$10,000 in grant proceeds.

Recommended Action: Motion to approve proposal with OnTech Systems to complete a Cyber Security Audit of the Village's IT assets for \$14,150.
