
VILLAGE BOARD MEETING**From:**

Jarred Gerl, Fire Chief

VILLAGE OF HARRISON**Meeting Date:**

September 9, 2025

Title:

Pagers Purchase

Recommended Action:

Purchase 20 Motorola Minitor pagers, chargers, and programmer in the amount of \$9,185.23.

Background and Additional Information:

Emergency responders rely on pagers because they offer a direct communication link through Calumet County Dispatch when Harrison Fire Rescue is activated. Every member of the department carries a pager.

We currently do not have any pagers available and need to purchase some. Pagers normally cost \$591 each and are on sale for \$467 each. There is also a flash sale discount of \$250 (total) and a Motorola \$50 rebate on each pager which will result in a savings of \$1,000.

Budget Impacts:

Zero budget impact and no cost to the Village of Harrison, Sherwood, or Woodville taxpayers. The equipment will be paid for using supplemental funding through the WI Funding Assistance Program.
