RE: Re-appointment to the Planning Commission

This message serves as formal notification to the Mayor and Town of Haymarket Town Council of my interest to be reappointed to serve a full four-year term for the Town of Haymarket Planning Commission.

It has been an honor to serve, and I would be happy to continue to serve the people of Haymarket and be a part of its future planning.

Additionally, I have accepted a new position in my professional life and would anticipate fewer recusals from Application consideration going forward.

Best,

Jerome
