

BOROUGH OF HIGHLANDS
COUNTY OF MONMOUTH

RESOLUTION 22-138

MUNICIPAL SUPPORT FOR RESPONSIBLE PET OWNERSHIP PROGRAMS IN THE COMMUNITY

RECOGNIZING that cats and dogs are an integral and valuable part of all communities, and contribute to the well-being of humans, whether as companions, service animals, or therapy pets, and

UNDERSTANDING that municipalities have an important role in ensuring the well-being of animals while balancing the needs of pet owners and non-pet owners.

WHEREAS, legislators and municipal officials report that the number of calls from citizens about animal related issues rival any other issue(s);

WHEREAS, there are approximately 2.2 million owned dogs and 2.5 million owned cats in New Jersey;

WHEREAS, New Jersey was the first state in the nation to develop an innovative state-wide spay/neuter program and all proceeds from the sale of Animal Friendly License Plates are used to reimburse participating veterinarians for spaying and neutering surgeries;

WHEREAS, State responsibility for promoting responsible pet care and ensuring that pets do not suffer due to abuse, neglect, or lack of proper care in kennels, pet shops, shelters, and pounds (animal facilities) is vested in the Office of Animal Welfare within the New Jersey Department of Health and Senior Services;

WHEREAS, the New Jersey Society to Prevent Cruelty to Animals (NJSPCA) and municipal Animal Cruelty Investigators (ACIs) are responsible for investigating and acting as officers for the detection, apprehension, and arrest of offenders against the animal cruelty laws;

WHEREAS, New Jersey mandates training requirements for animal control officers and Animal Cruelty Investigators;

WHEREAS, New Jersey impounds over 100,000 animals per year in animal shelters and impoundment facilities;

WHEREAS, approximately 37% of the animals that enter New Jersey's impoundment facilities are euthanized, at a rate of around 3000 every month;

WHEREAS, free-roaming unvaccinated cats and dogs present a potential health threat to humans through the spread of such zoonotic diseases as rabies, leptospirosis, toxoplasmosis, roundworms, animal bites, and environmental contamination from animal feces;

WHEREAS, stray and unwanted pets place an enormous financial burden on municipalities and non-profit humane agencies organized to care for these animals;

WHEREAS, it is more humane and cost-effective to reduce the number of unwanted animals than it is to impound and euthanize unwanted or unclaimed dogs and cats;

WHEREAS, all dogs are required to be licensed in the municipality where they are housed and the majority of municipalities also require licensure of cats;

WHEREAS, all municipalities are required to canvass their residents to locate unlicensed dogs;

NOW THEREFORE, we the municipality of the Borough of Highlands resolve to take the following steps with regard to our municipal responsibilities with the intent of making the Borough of Highlands a truly sustainable community.

It is our intent to do our utmost, within the bounds of our jurisdiction, to ensure that companion animals are treated humanely, respectfully, and responsibly through public education and through exercise of powers vested within New Jersey municipalities as follows:

The Municipality pledges to:

- Enforce all animal and rabies control statutes and regulations, including the requirement to pick up and impound all stray dogs and cats, excepting stray and feral cats in managed TNR programs.
- Work to improve the enforcement of animal cruelty statutes.
- Educate our community, including school children, about their responsibilities towards the pet animals they chose to keep.
- Institute, as appropriate, cat licensing ordinances and increase the percentage of licensed dogs and cats through ease of licensing and licensing enforcement measures.
- Identify and work to implement best practices to prevent unwanted breeding through effective animal control, availability of low-cost pet spaying and neutering services, public education, and pet-friendly rental and senior housing.
- Identify alternatives to euthanasia of adoptable companion animals, including utilizing foster homes, adoption networks and providing remedial behavior training services to existing and future owners.
- Assist in identifying resources to improve the conditions and increase the capacity of animal shelters and impoundment facilities and animal control services.
