

TOWN OF HIGHLAND BEACH AGENDA MEMORANDUM

MEETING TYPE: Town Commission Meeting

MEETING DATE 7/18/23

SUBMITTED BY: Fire Rescue Department

SUBJECT: Piggyback Procurement – Two (2) LUCAS Chest Compression Devices

SUMMARY:

The LUCAS Device serves as an alternative to manual CPR in emergency medicine. It ensures consistent and high-quality chest compressions at a fixed rate, which has been proven to significantly improve outcomes for victims of cardiac arrest. The Fire Rescue Department recognizes the importance of these devices in providing the very best emergency medical services to the community.

A quote to supply the two devices was provided by Stryker through a cooperatively sourced SAVVIK agreement with a discount off list price of 14% for the device assemblies and discounts ranging between 15-21% for various components.

FISCAL IMPACT:

\$43,407.74

ATTACHMENTS:

Quote for LUCAS Chest Compression Devices
SAVVIK Price Sheet

RECOMMENDATION:

Approve and authorize the purchase of two (2) LUCAS Chest Compression Devices in accordance with SAVVIK contract #2021-06.
