# MASSIMO BATTISTA

Massimiliano Battista was born in Italy and came to Providence Rhode Island in 1999. His American friends just call him Massimo. After three years working in the hospitality industry, Massimo opened his own restaurant where he learned the many aspects of running a business in the U.S.A. After many long cold winters, Massimo decided he wanted warmer weather, therefore in 2009 he moved to Florida. The hospitality industry has always been Massimo's real passion.

Massimo recently fulfilled his American dream and became co-founder of The Real Chooch Wine Company, where he is able to bring authentic wines from his European roots to America. From a young age, Massimo alongside his grandfather learned the reason of how a good wine brings people together.

This knowledge and passion are what Massimo brings to you with R.C.W.C. wines.

AOL Mail - Wine tasting

Hi everyone, we're Fabio and Maida, and we have a great story to tell you. We're from Italy, specifically from Puglia, the home of good food and wine. A year ago, we moved to Florida to open a restaurant serving traditional Puglian cuisine and realize our American dream. America has always been a dream for us, and we finally achieved it. We now live in Highland Beach and, together with our four children, we continue our journey
